product description or the product text may not be available in the ebook version this classic reader captures the excitement inherent in the field of sociology with 56 classic and contemporary selections from a wide variety of authors and sources the reader is organized around basic sociological concepts and connects these concepts to the study of sociology or our world this book provides an interpretation of one of the key aspects of max weber s work the relationship between his political and sociological writings weber s sociological studies have often been treated as if they were completely separate from his political attitudes and interests and in general his political writings have remained less well known than his sociological work the book contains three main sections the first of these analyses the principal concerns underlying weber s political assessment of the prospective development of post bismarckian germany the second examines some of the way in which these views channelled his interests in sociology and influences his studies of capitalism authority and religion finally the third main section reverses this perspective showing how his conceptions of sociology and social philosophy in turn influenced the evolution of his assessment of german politics

extraordinary groups has had a storied history of excellence over multiple editions now available from waveland press at the start of its fifth decade of availability its interdisciplinary approach to groups engaged in unconventional lifestyles makes it a popular textbook choice in hundreds of college courses across the social sciences including anthropology religion history and psychology written by sociologists using and illustrating sociological principles the book is appealing because it is descriptive and explanatory rather than analytical descriptions of the groups are interwoven with basic sociological concepts but systematic analysis and inductive reasoning are left to

the discretion of the instructor extraordinary groups is a compelling overview of the broad tapestry of social life that constitutes the united states the illustrated full featured ninth edition includes a glossary and end of chapter key terms sources on the and selected readings introduction to sociology 2e adheres to the scope and sequence of a typical one semester introductory sociology course it offers comprehensive coverage of core concepts foundational scholars and emerging theories which are supported by a wealth of engaging learning materials the textbook presents detailed section reviews with rich questions discussions that help students apply their knowledge and features that draw learners into the discipline in meaningful ways the second edition retains the book s conceptual organization aligning to most courses and has been significantly updated to reflect the latest research and provide examples most relevant to today s students in order to help instructors transition to the revised version the 2e changes are described within the preface the images in this textbook are grayscale authors include heather griffiths nathan keirns eric strayer susan cody rydzewski gail scaramuzzo tommy sadler sally vyain jeff bry faye jones over a million copies sold worldwide the indispensable guide to understanding the world we make and the lives we lead this thoroughly revised and updated ninth edition remains unrivalled in its vibrant engaging and authoritative introduction to sociology the authors provide a commanding overview of the latest global developments and new ideas in this fascinating subject classic debates are also given careful coverage with even the most complex ideas explained in a straightforward way written in a fluent easy to follow style the book manages to be intellectually rigorous but still very accessible with a strong focus on interactive pedagogy it aims to engage and excite readers helping them to see the enduring

value of thinking sociologically the ninth edition includes a solid foundation in the basics of sociology its purpose methodology and theories up to the minute overviews of key topics in social life from gender personal life and poverty to globalization the media and politics stimulating examples of what sociology has to say about key issues in our contemporary world such as climate change growing inequality and rising polarization in societies across the world a strong focus on global connections and the ways that digital technologies are radically transforming our lives quality pedagogical features such as classic studies and global society boxes and thinking critically reflection points as well as end of chapter activities inviting readers to engage with popular culture and original research articles to gather sociological insights the ninth edition sets the standard for introductory sociology in a complex world it is the ideal teaching text for first year university and college courses and will help to inspire a new generation of sociologists in every chapter ferris and stein use examples from everyday life and pop culture to draw students into thinking sociologically and to show the relevance of sociology to their relationships jobs and future goals data workshops in every chapter give students a chance to apply theoretical concepts to their personal lives and actually do sociology power is the central organizing principle of all social life from culture and education to stratification and taste and there is no more prominent name in the analysis of power than that of noted sociologist pierre bourdieu throughout his career bourdieu challenged the commonly held view that symbolic power the power to dominate is solely symbolic he emphasized that symbolic power helps create and maintain social hierarchies which form the very bedrock of political life by the time of his death in 2002 bourdieu had become a leading public intellectual and

his argument about the more subtle and influential ways that cultural resources and symbolic categories prevail in power arrangements and practices had gained broad recognition in symbolic power politics and intellectuals david l swartz delves deeply into bourdieu s work to show how central but often overlooked power and politics are to an understanding of sociology arguing that power and politics stand at the core of bourdieu s sociology swartz illuminates bourdieu s political project for the social sciences as well as bourdieu s own political activism explaining how sociology is not just science but also a crucial form of political engagement a comprehensive presentation of the major topics in medical sociology the sociology of health healing and illness 8 e by gregory l weiss and lynne e lonnquist provides an in depth overview of the field of medical sociology the authors provide solid coverage of traditional topics while providing significant coverage of current issues related to health healing and illness readers will emerge with an understanding of the health care system in the united states as well as the changes that are taking place with the implementation of the affordable care act the eleventh edition of sociology of mental disorder presents the major issues and research findings on the influence of race social class gender and age on the incidence and prevalence of mental disorder the text also examines the institutions that help those with mental disorders mental health law and public policy many important updates are new to this edition dsm 5 is thoroughly covered along with the controversy surrounding it updated review of the relationship between mental health and gender a revised and more in depth discussion of mental health and race problems in public policy toward mental disorder are covered international trends in community care are reviewed updates of research and citations throughout help your students visualize sociology all around them

essentials of sociology a down to earth approach is heralded by students and instructors alike as the most friendly and inviting introduction to sociology available james henslin guides students on an intellectual voyage through through the sociological imagination helping them better understanding both themselves and their world with humor personal reflection and illuminating examples he shares with readers his passion for sociology six central themes run throughout the text down to earth sociology globalization cultural diversity critical thinking the new technology and the influence of mass media on everyday life each of these themes is reflected in the central narrative in boxed features throughout the text and in mysoclab 0px essentials of sociology a down to earth approach 9th edition is the first edition of henslin s to feature integration with mysoclab mysoclab now features diagnostic quizzing social explorer activities the way we live video actitivies links to the social lens blog and over 100 primary source readings extremely reader friendly and packed with vivid examples essentials of sociology 9e takes real world scenarios and shows you how to use sociology to analyze them it combines comprehensive coverage socially relevant analysis and cutting edge research into a concise 15 chapters hands on exercises help sharpen critical thinking and problem solving skills as readers put sociological theory into practice more visually engaging than ever the ninth edition also maintains the book s signature emphasis on global issues available with infotrac student collections gocengage com infotrac important notice media content referenced within the product description or the product text may not be available in the ebook version now with sage publishing and co authored by one of the foremost authorities on sociological theory the tenth edition of sociological theory by george ritzer and jeffrey stepnisky gives

readers a comprehensive overview of the major theorists and schools of sociological thought from sociology's origins through the early 21st century. Key theories are integrated with biographical sketches of theorists and are placed in their historical and intellectual context. This text helps students better understand the original works of classical and modern theorists and enables them to compare and contrast the latest substantive concepts. New to this edition, Chapter 1 now includes a discussion of colonialism as one of the forces that shaped modern society. The historical sketch chapters contain new material on the historical significance of early women founders and on the contributions of W. E. B. Du Bois. Chapters on Marx, Durkheim, Weber, and Simmel now conclude with sections on contemporary applications of ideas from these 19th-century thinkers. A new chapter focuses on theories of race, racism, and colonialism, as well as theories about indigenous peoples and theories from the Global South that challenge the work of scholars from Europe and North America. The concluding chapter has a new section on theories of prosumption, one of the newest developments in consumer theory. New material on colonization, women, classical theorists, and race theory, as well as new timelines, are added to history chapters.

Sociology: The Essentials, Ninth Edition uses the theme of debunking myths to look behind the facades of everyday life, challenge common assumptions, and help students develop critical thinking skills, as well as better understand how society is constructed and sustained. This thorough yet streamlined text employs a reader-friendly presentation and manageable structure while maintaining a strong focus on sociology concepts, methods, and research, updated throughout with coverage of the latest findings, trends, and themes. The text provides exceptional coverage of diversity, including social factors such as age, religion, sexual orientation, and region of residence. In addition to race, ethnicity, class, and gender, important
