Your Child's First Pet 2003-12 hermit crabs make for an unusual pet but people who have decided to become hermit crab owners quickly discover that these pets are interesting and easy to care for the personality of a pet crab is curious and they have unique characteristics which make for low maintenance hermit crabs are not true crabs as they have a smaller and softer abdomen which they protect by living inside an empty snail shell as they grow they will find larger shells in which to dwell as a hermit crab owner you will need to provide these shells so that they will have a new home to move into

Pam's Pet Shop

*National Geographic Complete Guide to Pet Health, Behavior, and Happiness 2006-09 pet rats also commonly known as fancy rats are a domesticated version of the common brown rat and are therefore part of the species known as *rattus norvegicus* however household rats have been selectively bred for looks color size and temperament over the course of the last 100 years they have been selectively bred to the point where there is almost no immediately obvious similarities between the household rat and their wild ancestors household pets are less aggressive towards humans and*

other rats due to the fact that they do not have to scrounge for food and defend territory rats make clean intelligent and affectionate animals which show a similar level of loyalty to a household dog due to their intelligence and loyalty they have been anecdotally referred to as low maintenance dogs however despite this nickname rats are relatively high maintenance in comparison to other common pet rodents such as mice and ferrets before purchasing any pet it is important to understand that as a pet owner you are responsible for the care and wellbeing of your pet it is important to try and learn as much as you can about the animal you are considering to keep as a pet to make sure that your lifestyle household and financial status are suited to provide your pet with the best possible care this guide has been designed to provide you with both precise and concise information about a chameleon s basic needs to help you provide your pet with the best quality care practices this book was previously published by pet care professionals under the same name
