Scientific and Technical Books and Serials in Print 1981

Energy Research Abstracts

The obligate intracellular lifestyle 2011-08-11

Public Works 1980 widely praised for its balanced treatment of computer ethics ethics for the information age offers a modern presentation of the moral controversies surrounding information technology topics such as privacy and intellectual property are explored through multiple ethical theories encouraging readers to think critically about these issues and to make their own ethical decisions

NASA Technical Note 1959

The Wednesday Surprise

1989 this book describes the basic botanical features of kiwifruit and its wild relatives reports on the steps that led to its genome sequencing and discusses the results obtained with the assembly and annotation the core chapters

provide essential insights into the main gene families that characterize this species as a crop including the genes controlling sugar and starch metabolism pigment biosynthesis and degradation the ascorbic acid pathway fruit softening and postharvest metabolism allergens and resistance to pests and diseases the book offers a valuable reference guide for taxonomists geneticists and horticulturists further since information gained from the genome sequence is extraordinarily useful in assessing the breeding value of individuals based on whole genome scans it will especially benefit plant breeders accordingly chapters are included that focus on gene introgression from wild relatives and genome based breeding

Novel Enzyme and Whole-Cell Biocatalysts 2020-11-04

this book focuses on supply chain management in emerging markets the authors present issues relating to supply chain development covering

countries such as brazil china the czech republic russia indonesia malaysia nepal turkey egypt and south africa and focuses on the challenges faced when the supply chain is designed and maintained such challenges derive from issues to do with risk security quality management and infrastructure among others case studies and survey results are presented in chapters which explore practical solutions to these issues the latter will be of interest not only to local and international managers but also to students who are interested in emerging economies the book covers manufacturing retail and food chains at the local and international levels

Salvage Markets for Materials in Solid Wastes 1972 lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the nasa scientific and technical information database

Scientific and Technical

Aerospace Reports 1995 charting the construction of sexual perversions in nineteenth and early twentieth century medical psychiatric and psychological discourse schaffner argues that sexologists preoccupation with these perversions was a response to specifically modern concerns and illuminates the role of literary texts in the formation of sexological knowledge

NASA SP. 1962

Philo of Alexandria

2011-10-28

Monthly Catalogue, United States Public Documents 1993

a selection of annotated references to unclassified reports and journal articles that were introduced into the nasa scientific and technical information system and announced in scientific and technical aerospace reports star and international aerospace abstracts iaa

The Kiwifruit Genome

2016-05-02 kaner and stephens explain the unique ways in which animals protect themselves easy to do

experiments and activities
reveal the tricks animals use to
survive

Isby V. Bayh 1995

Judicial Review Handbook 1997

this volume prepared with the
collaboration of the
international philo bibliography
project is the third in a series
of annotated bibliographies on
the jewish exegete and
philosopher philo of alexandria
it contains a listing of all
scholarly writings on philo for
the period 1997 to 2006

Animal Defenses 1999-04

**Monthly Catalog of United
States Government**

Publications 1971 the concept
of a circular economy relies on
waste reduction valorization
and recycling global trends for
green synthesis of chemicals
have positioned the field of
enzyme technology and
biocatalysis multi enzymes and
whole cells as an alternative
for the synthesis of more social
and environmentally
responsible bio based
chemicals recent advances in
synthetic biology
computational tools and
metabolic engineering have

supported the discovery of new
enzymes and the rational
design of whole cell
biocatalysts in this book we
highlight these current
advances in the field of
biocatalysis with special
emphasis on novel enzymes
and whole cell biocatalysts for
applications in several
industrial biotechnological
applications

Robot Builder's Sourcebook

2003 this book will be essential
for scholars and students
interested in ibero american
cultural studies gender religion
and totalitarian politics book
jacket

The Seduction of Modern Spain

2010 we have always had land
in which the agricultural
productivity is limited because
there is not enough moisture
systems of farming and burning
often degrade dryland further
until it is desert today however
the problem is becoming much
more serious over 20 per cent
of the world s population lives
in dryland areas and unless
action is taken drylands will
increase dramatically this book
focuses on the people who live

and farm in the drylands their use of land resources and the economic returns from their decisions in a clear and thorough economic appraisal the authors show how it is still possible to arrest the problem originally published in 1989 Applied Petroleum Reservoir Engineering 1991 human generated greenhouse gas emissions imperil a global resource a biosphere capable of supporting life as we know it what is the fair way to share this scarce resource across present and future generations and across regions of the world this study offers a new perspective based on the guiding ethics of sustainability and egalitarianism *Environmental Pollution & Control* 2000-09-01 Five-year Budget Projections 1977 *Modernism and Perversion* 2011-11-22
