in the 1930s the french third republic banned naturalized citizens from careers in law and medicine for up to ten years after they had obtained french nationality in 1940 the vichy regime

permanently expelled all lawyers and doctors born of foreign fathers and imposed a 2 percent quota on Jews in both professions on the basis of extensive archival research Julie Fette shows in *Exclusions* that doctors and lawyers themselves despite their claims to embody republican virtues persuaded the French state to enact this exclusionary legislation at the crossroads of knowledge and power lawyers and doctors had long been dominant forces in French society they ran hospitals and courts doubled as university professors held posts in parliament and government and administered justice and public health for the nation their social and political influence was crucial in spreading xenophobic attitudes and rendering them more socially acceptable in France Fette traces the origins of this professional protectionism to the late nineteenth century when the democratization of higher education sparked efforts by doctors and lawyers to close ranks against women and the lower classes in addition to foreigners the legislatively imposed delays on the right to practice law and medicine remained in force until the 1970s and only in 1997 did French lawyers and doctors formally recognize their complicity in the anti-Semitic policies of the Vichy regime Fette's book is a powerful contribution to the argument that French public opinion favored exclusionary measures in the last years of the Third Republic and during the Holocaust the new edition of the report of the European Commission for the Efficiency of Justice (CEJ) which evaluates the functioning of the judicial systems in 45 Council of Europe's member states and an observer state to the CEJ Israel remains in line with the process carried out since 2002 relying on a methodology which is already a reference for collecting and processing a wide number of quantitative and qualitative judicial data this unique study has been conceived above all as a tool for public policy aimed at improving the efficiency and the quality of justice to have the knowledge in order to be able to understand analyse and reform such is the objective of the CEJ which has prepared this report intended for policy makers legal practitioners researchers as well as for those who are interested in the functioning of justice in Europe the African Yearbook of International Law provides an intellectual forum for the systematic analysis and scientific dissection of issues of international law as they apply to Africa as well as Africa's contribution to the progressive development of international law it contributes to the promotion acceptance of and respect for the principles of international law as well as to the encouragement of the teaching study dissemination and wider appreciations of international law in Africa a clear articulation of Africa's views on the various aspects of international law based on the present realities of the continent as well as on Africa's civilization culture philosophy and history will undoubtedly contribute to a better understanding among nations the African Yearbook of International Law plays an important role in examining the tensions underlying the state in Africa and by shedding more light on the causes of the fragility of African state institutions so as to facilitate the identification of appropriate remedies the tension and interrelationships among issues such as territorial integrity self-determination ethnic diversity and nation building are constantly addressed development human rights and democratization in Africa are also the subject of continuous attention and examination the special theme of this volume is regional economic integration in Africa for most of the seventeenth and eighteenth centuries classical dogma and royal censorship worked together to prevent French plays from commenting on or even worse reenacting current political and judicial affairs criminal trials meanwhile were designed to be as untheatrical as possible excluding from the courtroom live debates trained orators and spectators according to Yann Robert circumstances changed between 1750 and 1800 as parallel evolutions in theater and justice brought them closer together causing lasting transformations in both Robert contends that the gradual merging of theatrical and legal modes in eighteenth century France has been largely overlooked because it challenges two widely accepted narratives first that French theater drifted toward entertainment and illusionism during this period and second that the French justice system abandoned any performative foundation it previously had in favor of a textual one

in dramatic justice he demonstrates that the inverse of each was true robert traces the rise of a judicial theater in which plays denounced criminals by name even forcing them in some cases to perform their transgressions anew before a jeering public likewise he shows how legal reformers intentionally modeled trial proceedings on dramatic representations and went so far as to recommend that judges mimic the sentimental judgment of spectators and that lawyers seek private lessons from actors this conflation of theatrical and legal performances provoked debates and anxieties in the eighteenth century that according to robert continue to resonate with present concerns over lawsuit culture and judicial entertainment dramatic justice offers an alternate history of french theater and judicial practice one that advances new explanations for several pivotal moments in the french revolution including the trial of louis xvi and the terror by showing the extent to which they were shaped by the period s conflicted relationship to theatrical justice this study discusses the many different aspects of judicial independence in israel it begins with an historical analysis of the concept of judicial independence in a comparative perspective emphasizing the conceptual roots of the judiciary in jewish law recent decades have witnessed a marked increase in the role played by the judiciary in society this general trend is apparent in israel where the highly significant social role played by the judiciary has been on the increase for some years the constitutional role of the judiciary in society is more pronounced in countries where the courts are empowered to review the constitutionality of legislative acts in israel the power of judicial review in decisions of the supreme court has been applied in a number of cases in which legislation of the israeli parliament the knesset has been set aside the increasingly prominent role of the judiciary in israel is further manifested by the frequent recourse to judicial commissions of inquiry chaired by judges who are often called upon to examine some of the major public controversies professeur chercheur directeur de centre doyen et recteur yves pouillet s est illustré dans toutes les étapes et fonctions d une carrière universitaire bien remplie marquant des générations d étudiants de chercheurs de collègues et de pairs spécialiste éminent et incontournable du droit de l internet et des technologies de l information et de la communication il en est aussi l un des précurseurs en fondant dès 1979 un des premiers centres de recherche européens en la matière par cet ouvrage collègues amis anciens doctorants rendent hommage à l une des plus belles plumes de la discipline en lui offrant leurs réflexions sur l influence réciproque du droit et de la technologie leurs contributions démontrent l étendue de l expertise et des réseaux européens et internationaux d yves pouillet elles s articulent autour de trois axes qui furent autant de perspectives dans lesquelles il a inscrit sa recherche le droit les normes et les libertés la richesse de ce volume témoigne de son attention à l humain des amitiés qu il a nouées mais aussi des sillons qu il a tracés en droit des technologies de l information et de la communication sillons dans lesquels a poussé une forêt luxuriante toujours fertile c est l héritage d un grand penseur d un véritable universitaire yves pouillet has not merely served but excelled in all functions of the university world whether as professor researcher director of a research centre or as dean and rector he has left a lasting impression in the minds of generations of students researchers colleagues and peers he is a preeminent expert on the law of internet and information and communications technologies who already in 1979 pioneered one of the first european research centres in the field this volume is a tribute to yves pouillet from colleagues friends former phd researchers offering their reflections on the reciprocal influence of law and technology these contributions highlight both the range of expertise and the extent of the european and international networks he has nourished they address the three main research axes yves pouillet has developed through the years law norms and freedoms the authors of this volume pay homage to a mentor a friend but above all to an exceptional researcher who has sown countless seeds in the field enabling a luxurious landscape to grow and become a source of inspiration for many scholars this is the heritage of a genuine thinker a real academic council of

Europe legal co-operation with central and eastern European countries this book reconsiders the use of food metaphors and the relationship between law and food in an interdisciplinary perspective to examine how food-related topics can be used to describe or identify rules, norms or prescriptions of all kinds. The links between law and food are as old as the concept of law. Many authors have been using such links in creative ways to express specific features of law. This is because the language of food and cooking offers legal thinkers and teachers mouth-watering metaphors comparing rules to recipes and their combination to culinary processes. This collection focuses on this relationship between law and food and takes us far beyond their mere interaction to explore different ways of using these two apparently so diverse elements to describe different phenomena of the legal reality. The authors use the link between food and law to describe different aspects of the legal landscape in different areas and jurisdictions, bringing together metaphors and indirect correlations between law and food. The book explores different models of approaching legal issues and considering different legal challenges from a completely new perspective in line with the multidisciplinary approach that leads comparative legal studies today and to a certain extent revisiting and enriching it with contributions in English and French. The book will be of interest to academics and researchers working in the areas of law and food law and language and comparative legal studies.

With this festschrift, the Bahrain Chamber for Dispute Resolution (BCDR) is starting a tradition of honoring Arab scholars and practitioners who promote international arbitration and international law. Over the last few decades, international arbitration institutions and international law societies have generously acknowledged the work of leading scholars and practitioners from the region. The time has come, however, for these individuals to be honored by institutions within the region. It should come as no surprise that the BCDR is dedicating this first festschrift to Professor Dr Ahmed El Koshery. His immense contributions to international commercial arbitration, international investment arbitration and international law more broadly, as well as his significant influence on a generation of lawyers and students from the Arab region and beyond, fully justify this choice as a testament to Dr El Koshery's remarkable career, broad intellectual horizons and extensive geographical reach.

The festschrift includes contributions from forty-six authors, judges, arbitrators, practitioners and scholars representing twenty-one nationalities from the Middle East, North and Western Africa, East Asia, Europe and North and South America, who wrote on topics as diverse as international arbitration and ADR mechanisms, international investment law, public international law, including international administrative law and private international law, in Arabic, English and French. One can hardly think of another Arab figure who has done more than Dr El Koshery to strengthen international law while bridging legal-cultural divides between the Arab region and the rest of the world. He will undoubtedly continue to inspire many generations to come.

October 2016: Le Conseil des Barreaux Européens (CCBE) a organisé un colloque sur l'innovation et l'avenir de la profession d'avocat. Le colloque a abordé des questions telles que comment la profession d'avocat évolue, elle ou se réinvente, elle pour occuper une place essentielle dans son avenir. Est-il possible de respecter les valeurs fondamentales de la profession tout en relevant ces défis? Quels sont les acteurs clés de l'innovation et du positionnement de la profession d'avocat dans un environnement en constante évolution? Comment les avocats européens répondent-ils à ces questions? Le livre du CCBE est le fruit de la rencontre d'experts exposant leurs idées et leurs réflexions sur leur sujet respectif dans des articles constructifs.

October 2016: The Council of Bars and Law Societies of Europe (CCBE) organised a conference on innovation and the future of the legal profession. The conference addressed such questions as how will the legal profession evolve or reinvent itself to be an essential part of its future? Can the profession's core values be upheld whilst adapting to these challenges? Who are the key players innovating and positioning the legal profession in an ever-changing environment? How are European lawyers responding to these questions? This CCBE book is

the resulting collection of essays by the expert speakers elaborating their ideas and thoughts on their respective topics into compelling articles

simples rapports de forces les relations internationales la chute du mur a miné cette certitude un nouvel idéalisme international est apparu illusion angélique parenthèse éphémère ou pragmatisme moral la morale peut elle triompher sur la scène internationale ou bien ses manifestations ne sont elles qu'illusions et bonne intentions ce livre s'interroge sur la nature profonde des changements normatifs introduits à la fin du xxe siècle et donne aussi des éléments de réponse pour prendre position au regard d'une question dictée par la peur le tournant du 11 septembre 2001 aurait il jeté aux oubliettes l'espoir d'un monde meilleur réapparu dans les années 1990 remerciements introduction chapitre premier les années 1990 chapitre ii est il honteux d'être cyniquement réaliste chapitre iii la critique réenchantée du capitalisme chapitre iv quelle justice pour les sanctions économiques chapitre v peut on réparer les injustices historiques chapitre vi la peur de rendre des comptes et le calcul de l'inestimable chapitre vii les partages de la responsabilité chapitre viii le cosmopolitisme a t il un avenir conclusion le révolutionnisme pragmatique notes index des noms index des thèmes marking 150 years since confederation provides an opportunity for canadian international law practitioners and scholars to reflect on canada's rich history in international law and governance where we find ourselves today in the community of nations and how we might help shape a future in which canada's rules based and progressive approach to international law gains ascendancy this collection of essays each written in the official language chosen by the authors provides a thoughtful perspective on canada's past and present in international law surveys the challenges that lie before us and offers renewed focus for canada's pursuit of global justice and the rule of law part i explores the history and practice of international law including sources of international law indigenous treaties international treaty diplomacy domestic reception of international law and parliament's role in international law part ii explores canada's role in international law governance and innovation in the broad fields of economic environmental and intellectual property law part iii explores canadian perspectives on developments in international human rights and humanitarian law including judicial implementation of these obligations international labour law business and human rights international criminal law war crimes child soldiers and gender reflections on canada's past present and future in international law réflexions sur le passé le présent et l'avenir du canada en droit international demonstrates the pivotal role that canada has played in the development of international law and signals the essential contributions the country is poised to make in the future this volume of the yearbook of the european convention on human rights prepared by the directorate of human rights of the council of europe relates to 2000 its presentation follows that of previous volumes part one contains basic texts and information of a general nature part two deals with the european commission of human rights part three with the european court of human rights part four with the resolutions of the committee of ministers and parts five and six with the other work of the council of europe in the field of human rights the situation in the member states and developments within the european communities a bibliography and index are included ce volume de l'annuaire de la convention européenne des droits de l'homme préparé par la direction des droits de l'homme du conseil de l'europe concerne l'année 2000 la première partie contient des textes fondamentaux la deuxième partie contient les rapports de la commission européenne des droits de l'homme la troisième partie donne des informations sur la cour européenne des droits de l'homme la quatrième partie contient des résolutions du comité des ministres et les cinquième et sixième parties regroupent toutes les autres activités concernant la convention dans le cadre du conseil de l'europe et comprennent des informations sur les débats devant les parlements nationaux et sur les développements au sein des communautés européennes concernant la protection des droits de l'homme le volume se termine avec une bibliographie et une index alphabétique when hot shot

cleveland real estate attorney joel kerner jr is killed on a caribbean holiday only his angry sister patrice thinks it s more than a botched robbery but when burly ex football player turned investigator milan jacovich is hired to investigate the case he gets stabbed beaten and almost burned to death before he s led to the right door unfortunately there s a catch and milan is dangerously close to getting tangled in a barbed wire net martin s press
