Soldier's Manual 2023-09-15 this is an excellent book it builds well on peter jenkins admirable earlier contribution to our knowledge of the many legal matters that are of vital concern to counsellors counselling psychotherapy and the law sage 1997 it is my intention as a counsellor and lecturer to make peter jenkins new book required reading for all our students indeed i would go as far to say that all counsellors not matter how experienced they consider themselves should consider this book as essential reading as the advert says don t leave home without one norman claringbull counselling at work this is good value for trainees and experienced practitioners alike provoking reflection and providing a useful reference source sally scott healthcare counselling and psychotherapy journal counsellors and psychotherapists are increasingly seeing the impact of legal issues on their practice and yet many feel under prepared for the challenges they have to face legal issues in counselling psychotherapy is a much needed source of advice and reference which examines the rapidly growing range of situations in which therapists find themselves in contact with the law in their everyday practice in specialist work or when facing a legal case against them the first part covers the current legal context of therapeutic work including confidentiality contracts data protection and court reports chapters include defining work by leading writers from the therapeutic and legal worlds as well as an illuminating account by a client who brought a successful case against her therapist some areas of therapeutic work are particularly circumscribed by legal issues and the second part examines the specific implications for therapists in relation to working with survivors of sexual abuse working in legal settings false memory the human rights act looking to the future the book also examines the implications of

professional regulation for all counsellors and psychotherapists the need for counsellors and psychotherapists to be well informed about the law is rapidly growing legal issues in counselling psychotherapy therefore provides access to essential information which will be of great value to trainees practitioners and supervisors
