for enactment and institutionalization in the political arena if in the past political authority was grounded in fictions such as the divine right of kings the laws of nature historical determinism and scientism today the space of democratic politics is filled with multiple alternative social imaginaries of the desirable political order exposure to electronic mass media has made contemporary democratic publics more aware that credible popular fictions have greater impact on shaping our political realities than do rational social choices or moral arguments the pressing political question in contemporary democracy is therefore how to select and enact political fictions that promote peace and how to found the political order on checks and balances between alternative political imaginaries of freedom and justice it took all of thirty seconds for two shots to bring the world of margaret tabaaha crashing down around her after losing her husband in afghanistan during the first year of operation enduring freedom her two sons were all she had left now they had been taken from her violently deliberately plunging her into a whiskey bottle and stripping away her reason for living when arthur nakai receives a call from his first love margaret her voice pleading for his help it comes as he is attending a wake for one of the men he considered a brother from his days in the marines 6th lar wolf pack battalion feeling a deep and responsible obligation to help her arthur

his syndicated comic strip in privacy sure his american neighbor is distractingly sexy and annoyingly nosy but she ll be gone in a few months except now she s determined to find her perfect match by checking out every eligible male in the town and her choices are even more distracting so why does it suddenly feel like he and his obnoxious tight knit family and even these two wayward dogs could be exactly what she needs each book in the patterson s bluff series is standalone the aussie next door her aussie holiday eliza knight s bestselling scottish historical romance series the stolen bride series is back with another amazing tale of adventure passion and love ceana montgomery had notions of marrying for love after her first disastrous marriage ended in widowhood but now robert the bruce has ordered her to marry a stranger securing a strong alliance and ending a decades old feud already used as a pawn once in marriage she is devastated that she will once more have to give up her happiness in order to please the edicts of men and while the braw warrior standing before her might incite feelings inside her she thought long since buried desire is a far cry from love the rivalry between brochan lamont and his twin brother john began in the womb and only grew worse from there they were pitted against each other in childhood and their father left them with a legacy that was a race to the finish whoever has an heir first inherits the lands the only

problem is that brochan has given his loyalty to the scots and his brother to the english in order to keep the lands and ships under scottish control robert the bruce demands brochan marry to break the iron clad will his new bride harbors a fiery temperament that lures brochan into stoking her passions instead of her ire aligned to strengthen the scottish claims on the realm brochan and ceana must work together to overcome the obstacles that bind them but perhaps seeing their duties through does not have to be as painful as they both predicted is it possible that love can be forged from a union born in alliance maybe fate knew all along just who was meant for who
