Chronicles of a Reluctant Widower 2021-12-04 the breakthrough bestseller by a german academic and longtime researcher with the german military archives that documented stalin s murderous war against the german army and the german people to today s german public based on the late joachim hoffmann s lifelong study of german and russian military records stalin s war of extermination not only reveals as never before the red army s grisly record of atrocities against soldiers and civilians but establishes beyond cavil that torture murder and rape of the captive and the helpless was official soviet policy as ordered by comrade j v stalin in detail since the 1920s stalin planned to invade western europe in order to initiate the world revolution the outbreak of war between germany and the western allies in 1939 gave stalin the opportunity to prepare an attack against europe which was unparalleled in history both in terms of stalin s far reaching goals as well as in terms of the amount of troops and armaments amassed at the soviet border of course stalin s aggressive intentions did not escape germany s notice who in turn planned a preventive strike against the red army however the germans obviously underestimated both the strength of the red army and the determination of its leaders what unfolded in june 1941 was undoubtedly the most cruel war in history dr hoffmann s book shows in detail how stalin and his bolshevik henchman used unimaginable violence and atrocities to break any resistance in the red army and to force their unwilling soldiers to fight against the germans who were anticipated as liberators from stalinist oppression by most russians stalin ordered not only to kill all german pows but also to kill soviet soldiers who fell into german hands alive because they failed to fight to their death dr hoffmann also explains how soviet propagandists incited their soldiers to unlimited hatred against everything german and he gives the reader a short but extremely unpleasant glimpse into what happened when these soviet soldiers dehumanized by soviet propaganda and brutality finally reached german soil in 1945 a gigantic wave of looting arson rape torture and mass murder befell east germany after reading this book the world should thank the german army that they prevented stalin from succeeding with his plans of world revolution despite all the wrongdoings the germans committed themselves an indispensable book for all students of world war ii as it actually happened as well as a revisionist classic that has shaken anti german propagandists to the marrow
