Black Pearls 2014-10-03 the reign of emperor haile selassie i chartered a new era of consciousness his imperial majesty worked incessantly to stem colonialism and was effective in raising the standards of international law and morality any trustworthy historian would conclude that if the nations would have followed his sound counsel then world war ii could have been avoided because he gave the proper instructions on how to improve the lot of all humanity yet to conclude that he is the savior is baffling to some due to their adherence to old world ideologies which have been counteractive in liberating humanity this book seventy years accomplished will affirm the objective truth about his imperial majesty as well as repudiate the slanderous propaganda surrounding the emperor that robs the people of their salvation

The Miracle Child 2014-07-23 a great storehouse of legends and traditions according to translator e a wallis budge the kebra nagast most likely dates back to the sixth century ad and provides an alternative view of many biblical stories according to this ancient text the kings of ethiopia were descended from solomon king of israel and the queen of sheba the ark of the covenant had been brought from jerusalem to aksum by meyelek the son of solomon and the queen of sheba and the god of israel had transferred his place of abode on earth from jerusalem to aksum the ecclesiastical and political capital of ethiopia only in the kebra nagast and not in the bible the bold assertion is made that the ark had gone from jerusalem to ethiopia how could the most important biblical object in the world end up in the heart of africa the kebra nagast with a great deal of weight and historical authenticity offers a clear answer to this question as ethiopia s claim to be the last resting place of the lost ark remains unchallenged the kebra nagast s audacious claim of a massive cover up and all information about the tragic loss of the ark during solomon s reign had been suppressed which is why no mention is made of it in the scriptures a great epic a remarkable document erected above a solid foundation of historical truth graham hancock the sign and the seal e a wallis budge was the curator of egyptian and assyrian antiquities at the british museum and he collected a large number of manuscripts he is perhaps best known for translating the egyptian book of the dead but he also created books of translated hieroglyphs egyptian religion mythology and magic he was knighted in 1920
