and is a fish in the neck funny taken from the expendables is it really dangerous for pregnant women to sit down taken from the fifth element is using the toilet on star trek s holodeck bad for your health taken from the big one for the first time all twelve pointless conversations are brought together in one shiny package along with some of the best quickie conversations the series has produced this much anticipated volume contains a full translation from the pali of the anguttara nikaya the fourth collection of the canonical discourses of the buddha the primary focus of the anguttara nikaya is practice which it treats from a wide angle perspective advancing from basic ethical observances through the pillars of mind training to the highest meditative attainments the anguttara is also distinguished among the nikayas by its interest in types of persons which it describes in detail and with memorable similes the numerical discourses of the buddha continues wisdom s teachings of the buddha series which has been praised by scholars and practitioners alike for its beautifully presented highest quality annotated translations of the words of the buddha pointless conversations a selection of daft ridiculous and utterly pointless meanderings from the mind of scott tierney if you ve ever wanted to know the answers to why superman is a coward why spiderman should technically be deformed and if superdog caused the death of krypton then these bite sized comics will reveal all the discussions may be insane and most of what is said is rambling but despite this you may find yourself agreeing with most of what is said it s a fair point where does spiderman store all that web never before available in print contained within are three fantastically pointless conversations from the hand of scott tierney subjects covered include robin hood batman and much much more never before available in print contained within are three fantastically pointless conversations from the hand of

scott tierney subjects covered include blasphemy and plenty of it the matrix tony hart and much more the story of one woman s struggle to care for her seriously ill husband and a revealing look at the role unpaid family caregivers play in a society that fails to provide them with structural support already toast shows how all consuming caregiving can be how difficult it is to find support and how the social and literary narratives that have long locked women into providing emotional labor also keep them in unpaid caregiving roles when kate washington and her husband brad learned that he had cancer they were a young couple professionals with ascending careers parents to two small children brad s diagnosis stripped those identities away he became a patient and she his caregiver brad s cancer quickly turned aggressive necessitating a stem cell transplant that triggered a massive infection robbing him of his eyesight and nearly of his life kate acted as his full time aide to keep him alive coordinating his treatments making doctors appointments calling insurance companies filling dozens of prescriptions cleaning commodes administering iv drugs she became so burned out that when she took an online quiz on caregiver self care her result cheerily declared you re already toast through it all she felt profoundly alone but as she later learned she was in fact one of millions an invisible army of family caregivers working every day in america their unpaid labor keeping our troubled healthcare system afloat because our culture both romanticizes and erases the realities of care work few caregivers have shared their stories publicly as the baby boom generation ages the number of family caregivers will continue to grow readable relatable timely and often raw already toast with its clear call for paying and supporting family caregivers is a crucial intervention in that conversation bringing together personal experience with

deep research to give voice to those tasked with the overlooked vital work of caring for the seriously ill

the two which allows them to reveal some more meaningful topics these two can be a little uncomfortable and awkward at first but they notice that and build on top of it there are no quotations or proper use of writing skills instead one person is represented as normal text and the other is represented as bolded and italicized text though the conversation becomes more meaningful overtime that doesn't mean it's consistent sometimes their conversation can fall into pits of silence not knowing what to say next these pits of silence are filled with questions from one another and odd uses of language this book focuses on the conversation itself that is why all other things like the surrounding scene is void unless it directly affects them if you want to read a book in a different type of format then maybe this experimental book could be for you instead of one big story that moves the book forward there are many small little stories sprinkled inside the conversation that vary widely the conversation between these two individuals represents a real conversation in the sense that a real conversation isn't trying to move a story forward but to get the stories out of each person and understand who they are conversations can be meaningful but not all the time the mom test is a quick practical guide that will save you time money and heartbreak they say you shouldn't ask your mom whether your business is a good idea because she loves you and will lie to you this is technically true but it misses the point you shouldn't ask anyone if your business is a good idea it's a bad question and everyone will lie to you at least a little as a matter of fact it's not their responsibility to tell you the truth it's your responsibility to find it and it's worth doing right talking to customers is one of the foundational skills of both customer development and lean startup we all know we're supposed to do it but nobody seems willing to admit that it's easy to screw up and hard to do right this book is going

to show you how customer conversations go wrong and how you can do better never before available in print contained within are three fantastically pointless conversations from the hand of scott tierney subjects covered include time travelling cornflakes and much much more pointless conversations a selection of daft ridiculous and utterly pointless meanderings from the mind of scott tierney if you ve ever wanted to know the answers to why superman is a coward why spiderman should technically be deformed and if superdog caused the death of krypton then these bite sized comics will reveal all the discussions may be insane and most of what is said is rambling but despite this you may find yourself agreeing with most of what is said it s a fair point where does spiderman store all that web pointless conversations a selection of daft ridiculous and utterly pointless meanderings from the mind of scott tierney if you ve ever wanted to know the answers to why superman is a coward why spiderman should technically be deformed and if superdog caused the death of krypton then these bite sized comics will reveal all the discussions may be insane and most of what is said is rambling but despite this you may find yourself agreeing with most of what is said it s a fair point where does spiderman store all that web in this latest selection of pointless conversations the previous 12 ebooks and their diverse eclectic and unequivocally stupid topics are discussed and reassessed once more is superman still a cowardly extraterrestrial are holodecks more of a danger to our bowels than we once thought is it wrong to steal bacon from liam neeson and are some breakfast cereals racist all these truly essential questions and more are answered or at least attempted in pointless conversations the afterthoughts collection from bestselling writer david graeber a master of opening up thought and stimulating debate slate a powerful argument against the rise of meaningless unfulfilling jobs and

their consequences does your job make a meaningful contribution to the world in the spring of 2013 david graeber asked this question in a playful provocative essay titled on the phenomenon of bullshit jobs it went viral after one million online views in seventeen different languages people all over the world are still debating the answer there are hordes of people hr consultants communication coordinators telemarketing researchers corporate lawyers whose jobs are useless and tragically they know it these people are caught in bullshit jobs graeber explores one of society s most vexing and deeply felt concerns indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from keynes to lincoln clever and charismatic the new yorker bullshit jobs gives individuals corporations and societies permission to undergo a shift in values placing creative and caring work at the center of our culture this book is for everyone who wants to turn their vocation back into an avocation and a thought provoking examination of our working lives financial times pointless conversations a selection of daft ridiculous and utterly pointless meanderings from the mind of scott tierney if you ve ever wanted to know the answers to why superman is a coward why spiderman should technically be deformed and if superdog caused the death of krypton then these bite sized comics will reveal all the discussions may be insane and most of what is said is rambling but despite this you may find yourself agreeing with most of what is said it s a fair point where does spiderman store all that web pointless conversations a selection of daft ridiculous and utterly pointless meanderings from the mind of scott tierney if you ve ever wanted to know the answers to why superman is a coward why spiderman should technically be deformed and if superdog caused the death of krypton then these bite sized comics will reveal all the discussions may be insane and most of what is said
