as digital convergence marks the transition from print to screen culture translation plays an increasingly important role of in the production and dissemination of the news the translation of information in the news media is a pervasive set of practices that affects the daily consumption of the news and a topic of relevance to scholars in several areas of the humanities and the social sciences this book provides a wide ranging and accessible introduction to research in news media translation practices products and processes illustrating and discussing historical theoretical and descriptive perspectives inter and multi disciplinary research spans fields such as translation studies linguistics journalism and media studies and includes approaches from critical discourse analysis and narrative theory to systemic functional linguistics and corpus linguistics the book also offers first hand analyses of news texts in english and italian approaching news translation from an ethnomethodological perspective i centinaia di viaggi per via aerea o per fuoristrada di rumi continuano sulle orme di decine di tracciati di vecchie poste secolari di carovanieri alla ricerca di pozzi d acqua e di pozzi produttivi di petrolio di rifornieredi carburanti una miriade di campi petroliferi e per rilanciare l agricoltura nel deserto in stato di abbandono da settemila anni col contributo di un gruppo di collaboratori locali elabora e sperimenta serre bio climatiche a scopo agricolo e abitativo in una miriade di luoghi dove ha individuato risorse acquifere da immagazzinare e utilizzare in villaggi agricoli zootecnici e abitativi con l intento di ridurre la siccità e la desertificazione e la clandestinità a ridurre la fame nel mondo a creare una interminabile posti di lavoro in ambiente confortevole this collection of essays surveys some of the artistic productions by female figures who stood at the forefront of italian modernity in the fields of literature photography and even the theatre in order to explore how artistic engagement in women informed their views on and reactions to the challenges of a changing society and a disinhibiting intellectual landscape however one other objective takes on a central role in this volume that of opening a window on the re definition of the subjectivity of the self that occurred during an intriguing and still not fully studied period of artistic and societal changes in particular the present volume aims to define a female italian modernism which can be seen as complementary and not necessarily in opposition to its male counterpart oggi in italia is an introductory italian program featuring a balanced four skills approach to language learning oggi includes various perspectives of

italian culture ranging from its rich historical legacy to current changes affecting the country and culture this allows students to practice the basics of the language and develop oral communication skills in a variety of contexts while learning about contemporary italian life and culture important notice media content referenced within the product description or the product text may not be available in the ebook version this book focuses on a simple dynamic the taking in hand of a heritage the variety of changes induced within it and the handing on of that legacy to new generations our contributors suggest from different standpoints that this dynamic represented the essence of late antiquity as roman society and the societies by which it was immediately bounded continued to develop through to the late sixth and early seventh centuries the interplay between what needed to be treasured and what needed to be explored became increasingly self conscious versatile and enriched by the time formerly alien peoples had established their post classical polities and islam began to stir in the east the novelties were more clearly seen if not always welcomed and one witnesses a stronger will to maintain the momentum of change of a forward reach at the same time those in a position to play now the role of heirs were well able to appreciate how suited to their needs the roman past might be but how by taking it up in their turn they were more securely defined and yet more creatively advantaged transformation is a notion apposite to essays in honour of peter brown the transformation of the classical heritage is a theme to which he has devoted and continues to devote much energy all the essays here in some way explore this notion of transformation the late antique ability to turn the past to new uses and to set its wealth of principle and insight to work in new settings to begin there is the very notion of what it meant to be roman and how that notion changed subsequent chapters suggest ways in which fundamental characteristics of roman society were given new form not least under the impact of a christian polity augustine naturally finds his place and here the emphasis is on the unfettered stance that he took in the face of more broadly held convictions on miracles for example and the errors of the pagan past the discussion then moves on to nelson fausto the greek myth of prometheus with its picture of a vulture feasting on its chained victim has traditionally provided a visual image of liver regeneration it is a powerful and frightening representation but if one were to substitute the vulture by a surgeon and prometheus by a patient laying on a properly prepared operating table the outcome of the procedure would not differ significantly from that described by greek poets yet few of us who work in the field have stopped long enough to ask where this myth originated did the poet observe a case of liver regeneration in a human being was it brilliant intuition or perhaps literally just a gut feeling of a poet looking for good rhymes that led to the prediction that livers grow when part of the tissue is removed this book does not attempt to solve these historical issues it does instead cover in detail some of the major modern themes of research on liver regeneration injury and repair as indicated in dr n bucher s chapter the modern phase of experimental studies on liver regeneration started in 1931 with the publication by higgins and anderson of a method to perform a two thirds resection of the liver of a rat the technique described has 3 remarkable features 1 it is highly reproducible resulting in the removal of 68 of the liver 2 it has minimal if any mortality and 3 it consists only of blood vessel ligation and does not involve cutting through or wounding hepatic tissue salvatore e suo fratello damiano sono nati sull isola sono cresciuti con il padre un uomo ruvido che ha una piccola officina meccanica e che ogni tanto cede al vecchio vizio dell alcol la madre salvatore non se la ricorda se n è andata quando lui era piccolo e nessuno gli vuole raccontare nulla di lei questi tre uomini sono nonostante tutto una famiglia intorno a loro ci sono solo mare a perdita d occhio un paesaggio brullo che non lascia scampo e un afa che sembra paralizzare ogni prospettiva una caletta azzurra incastonata tra le rocce è la cornice dei loro momenti di libertà i due fratelli ognuno a modo suo cercano una via per evadere da quell isola che pare abitarli come una maledizione un modo per ammansire la terra selvaggia che li circonda salvatore appena adolescente li trova in una cascina abbandonata in mezzo ai campi dove il padre gli ha proibito di andare ignorando il divieto il ragazzino ci si rifugia appena può perché quel luogo è solo suo e lì tiene nascosto un segreto un cane randagio con cui sta tentando di fare amicizia non sa che quel posto custodisce un altro segreto molto più oscuro qualcosa da cui il padre ha sempre cercato di proteggerlo una nuova voce della narrativa italiana aspra e vivida racconta con

sensibilità la storia di due ragazzi che si misurano coi propri nemici e che ce la mettono tutta per addomesticarli this volume addresses the key issue of the initial education and lifelong
