a thorough study of quotation within ancient and modern literatures is the background for this new approach to

alleged quotations within the prophetic writings the common claim that specific verbal parallels result from the conscious repetition of the words of a predecessor is beset by difficulties after examining quotation in non prophetic ancient near eastern early jewish old testament wisdom and narrative and modern western literatures schultz proposes a new model for interpreting verbal parallels that utilizes several criteria for identifying quotation and combines diachronic with synchronic analysis he then applies this model to five representative verbal parallels involving the book of isaiah this book illustrates how an awareness of the versatility of quotation facilitates a more accurate interpretation of verbal parallels and at the same time calls for greater caution in employing them in support of various theories in the heart of torah rabbi shai held's torah essays two for each weekly portion open new horizons in jewish biblical commentary held probes the
