italiano è un irripetibile fenomeno di costume che accompagna la nascita del paese dal 1946 ad oggi la storia di questo magico tappeto volante in italia e nel mondo e l'esame dettagliato di numerosi modelli sono accompagnati da splendide fotografie originali edizione in lingua inglese now published in its second edition the textbook of clinical trials offers detailed coverage of trial methodology in diverse areas of medicine in a single comprehensive volume praise for the first edition very useful as an introduction to clinical research or for those planning specific studies within therapeutic or disease areas british journal of surgery vol 92 no 2 february 2005 the book's main concept is to describe the impact of clinical trials on the practice of medicine it separates the information by therapeutic area because the impact of clinical trials the problems encountered and the numbers of trials in existence vary tremendously from specialty to specialty the sections provide a background

to the disease area and general clinical trial methodology before concentrating on particular problems experienced in that area specific examples are used throughout to address these issues the textbook of clinical trials second edition highlights the various ways clinical trials have influenced the practice of medicine in many therapeutic areas describes the challenges posed by those conducting clinical trials over a range of medical specialities and allied fields additional therapeutic areas are included in this second edition to fill gaps in the first edition as the number and complexity of trials increases in this rapidly developing area newly covered or updated in the second edition general surgery plastic surgery aesthetic surgery palliative care primary care anaesthesia and pain transfusion wound healing maternal and perinatal health early termination organ transplants ophthalmology epilepsy infectious disease neuro oncology adrenal thyroid

and urological cancers as well as a chapter on the cochrane network an invaluable resource for pharmaceutical companies the textbook of clinical trials second edition appeals to those working in contract research organizations medical departments and in the area of public health and health science alike 2021
