national bestseller one of newfoundland s funniest and most beloved storytellers
offers his cure for the covid blues is there a more sociable province than
newfoundland and labrador or anywhere in canada with a greater reputation for
coming to the rescue of those in need at this time of covid singer songwriter and
bestselling author alan doyle is feeling everyone s pain off the road and spending
more days at home than he has since he was a child hawking cod tongues on the
wharfs of petty harbour he misses the crowds and companionship of performing
across the country and beyond but most of all he misses the cheery clamour of
in his hometown where one yarn follows another so quickly you have to be as
as an olympian at the start line to get your tale in before someone is well into
already we re all experiencing our own version of that deprivation and alan one
newfoundland s finest storytellers wants to offer a little balm all together now
gathering in book form a virtual newfoundland pub there are adventures in foreign
lands including an apparently filthy singalong in polish well he would have sung
along if he d understood the language a real life ghost story involving an elderly
neighbour a red convertible and a clown horn a potted history of his social drink
and heartwarming reminiscences from another past world childhood all designed
put a smile on the faces of the isolated addled alan doyle has never been in better
form nor more welcome as he says about this troubling time we get through it
what has to be done then we celebrate with the best of them in seven volumes
volume 1 how to start getting rich volume 2 how to legally avoid paying taxes

About the Author: The author-photographer team of Rod Beemer and Chester Petersen Jr. have collaborated on several books including Inside John Deere Ford N Series Tractors and John Deere New Generation Tractors. Beemer is a writer, researcher, and tractor enthusiast. Petersen is a writer and photographer whose work appears regularly in Successful Farming and The Farm Journal. Both men live in rural Kansas. From High Society in Vienna to a Small Flat in Sydney: From patrons of the arts to refugees from the Holocaust, this is the enthralling story of three generations of women spanning a century of upheaval. Hayden Lake: A Brief Primer describes the popular North Idaho lake and its watershed. The book deals with matters as simple as access to the lake and its watershed. The book describes the complex underlying geology of the lake and its immediate surroundings, the flora and fauna of the lake and its watershed, and a brief history of man's impacts on the lake and watershed. Building on these elements, the inner workings of the lake and watershed's hydrology, limnology, and aquatic biota is discussed. A final chapter outlines the challenges and opportunities in managing the quality of the watershed and the lake into the future. Josephine Horne ignores convention; she never intends to marry, so why should she be hedged about with a man when loyalty to a friend demands she risk her own reputation? She doesn't hesitate. His attraction to the unruly, rebellious Miss Horne is ridiculous. Both Hal and Jo have a lesson to learn, and Christmas is the season of forgiveness and love.
