this multidisciplinary volume highlights the african presence throughout the americas and african and african diasporan contributions to the material and cultural life of all of the americas and of all americans it includes articles from leading scholars and from cultural leaders from both well known and little known african diasporan communities privileging african diasporan voices it offers new perspectives data and interpretations that challenge prevailing understandings of the americas visit our website for sample chapters this book is the first volume in a series written from an afrocentric perspective especially for use in forming young visionary leaders for the emerging postmodern global civilization it invites young leaders and all people to study humanity s african roots and the ancient and healing wisdom of african traditions within the contemporary intellectual spiritual renaissance of african roots the book highlights the creation oriented spirituality of africa so full of joy and praise it summarizes the scientific story of our human family s birth in ancient africa and our human family s subsequent migratory journey across the entire planet it points out the african roots of civilization of spirituality and of the roles of women and men all of which may still be partially reflected across today s human cultures the book argues that we humans form a single human family guided by common philosophical ethical truths seminally present in ancient african wisdom it argues that these truths are grounded in the nature and purpose of everything in the created world including humanity we humans are not separated into radically different races nor are we separated from the rest of nature rather we form one human family within the natural world and we seek a common global ethics for ourselves and for the natural world of which we are an organic part the book invites young leaders and all people to work together in healing the great spiritual ecological and social breakdowns that have developed from following the false philosophical wisdom of the mechanical utilitarian cosmology at the foundation of modern western industrial colonial

civilization this misguided cosmology constitutes the deep intellectual root of late modern western culture's promotion of selfish individualism ecological destruction and spiritual emptiness drawing on african wisdom the book seeks to help young leaders and others to develop a healing global vision for ecological social and spiritual regeneration the book may be used for college and high school classes for adult study groups or for individual study joe holland the author is professor of philosophy at st thomas university in miami gardens florida in the united states he also serves as president of the pacem in terris global leadership initiative he holds a ph d in the field of social ethics from the university of chicago and has published twelve other books spanning the eight decades between the american revolution and the civil war the roots of african american identity focuses on the lives of african americans in the nominally free northern and western states this book explores how a group of marginalized people crafted a uniquely new world ethnic identity that informed popular african american historical consciousness elizabeth rauh bethel examines the way in which that consciousness fueled collective efforts to claim and live a promised but undelivered democratic freedom helping readers to understand how african americans reformulated and perceived their collective past bethel also reveals how this vision of freedom and historical consciousness shaped african american participation in the reconstruction formed the spiritual and ideological foundation for the modern pan african movement and provided the historical legacy for the civil rights movement of the 1960s comprehensive and engaging the roots of african american identity is an absorbing account of an often overlooked part of american history traces the development of african american community traditions over three centuries from the subaltern assemblies of the enslaved in colonial new york city to the benevolent new york african society of the early national era to the formation of the african blood brotherhood in twentieth century harlem voluntary associations have been a fixture of african american communities in the company of black men examines new york city over three centuries to show that enslaved africans provided the institutional foundation upon which african american religious political and social culture could flourish arguing that the universality of the voluntary tradition in african american communities has its basis in collectivism a behavioral and rhetorical tendency to privilege the group over the individual it explores the institutions that arose as enslaved africans exploited the potential for group action and mass resistance craig steven wilder's research is particularly exciting in its assertion that africans entered the americas equipped with intellectual traditions and sociological models that facilitated a communitarian response to oppression presenting a dramatic shift from previous work which has viewed african american male associations as derivative and imitative of white male counterparts in the company of black men provides a ground breaking template for investigating antebellum black institutions what are the origins of slavery and race based prejudice in the mainland american colonies how did the atlantic slave trade operate to supply african labor to colonial america how did african american culture form and evolve how did the american revolution affect men and women of african descent previous editions of this work depicted african americans in the american mainland colonies as their contemporaries saw them as persons from one of the four continents who interacted economically socially and politically in a vast complex atlantic world it showed how the society that resulted in colonial america reflected the mix of atlantic cultures and that a group of these people eventually used european ideas to support creation of a favorable situation for those largely of european descent omitting africans who constituted their primary labor force in this fourth edition of african americans in the colonial era from african origins through the american revolution acclaimed scholar donald r wright offers new interpretations to provide a clear understanding of the atlantic slave trade and the nature of the early african american

experience this revised edition incorporates the latest data a fresh atlantic perspective and an updated bibliographical essay to thoroughly explore african americans african origins their experience crossing the atlantic and their existence in colonial america in a broadened more nuanced way now in its second edition the routledge atlas of african american history traces the epic journey of african americans four hundred years in north america with more than 75 full color maps charts and illustrations this volume illuminates the myriad of contributions from black americans to the nation s political economic cultural and social history jonathan earle begins the sweeping story with the african roots of black america and moves through important developments such as the underground railroad emancipation and the civil war african americans in the u s armed forces the spread of jim crow laws and the long civil rights movement this updated edition also introduces new essays on black seminole the national women s club movement black political realignment and the rise of barack obama and black lives matter protests other diverse topics include the ame church buffalo soldiers historically black colleges and universities black nationalism racial violence and white supremacy examining both the geographical and historical context of the african american experience this book is an indispensable reference for students of american history and african american history and anyone interested in the black experience brazil like some countries in africa has become a major destination for african american tourists seeking the cultural roots of the black atlantic diaspora drawing on over a decade of ethnographic research as well as textual visual and archival sources patricia de santana pinho investigates african american roots tourism a complex poignant kind of travel that provides profound personal and collective meaning for those searching for black identity and heritage it also provides as pinho s interviews with brazilian tour guides state officials and afro brazilian activists reveal economic and political rewards that support a structured industry pinho traces the origins of roots tourism to the late 1970s when groups of black intellectuals artists and activists found themselves drawn especially to bahia the state that in previous centuries had absorbed the largest number of enslaved africans african americans have become frequent travelers across what pinho calls the map of africanness that connects diasporic communities and stimulates transnational solidarities while simultaneously exposing the unevenness of the black diaspora roots tourism pinho finds is a fertile site to examine the tensions between racial and national identities as well as the gendered dimensions of travel particularly when women are the major roots seekers black music of two worlds is a classic text showing the vast influence of african music on musical cultures throughout the world first published in 1972 the book forecast today s interest in world music and the cross pollination of musical cultures in this new edition the author has thoroughly revisited the text adding new information about recent musical styles the book begins with a study of african roots and then shows how these musics were preserved and transformed on the north american continent in the caribbean and in south and central america it then traces the flow of musical styles back from the new world to africa this is the only book to show the pervasive influence of african styles on a wide variety of musics from traditional folk and blues to jazz to salsa calypso reggae and rap book jacket jacket black queens nyc proudly presents our new african american black girl magic 2020 daily and weekly calendar planner book for women of color this has everything that you need to finally get organized and also makes an amazing gift that she will actually use this feminine and modern 2020 planner is perfect for birthday holiday bridesmaid gifts grab your colored pens planner stickers accessories tape and let s get organized buy one today for your home and one for the office this stylish 2020 calendar begins january 2020 and ends december 2020 134 pages with decorative gorgeous black girl magic cover art examples of the interior may

introduction personal name is a vital aspect of cultural identity as a child you may have loved or hated your name but you were rarely indifferent to it what s in a name shakespeare asked that which we call a rose by any other name would smell as sweet he explained perhaps in england or somewhere else in europe but not in africa personal names in african have meanings can affect personality hinder or enhance life initiatives they serve to establish a connection between name and cultural background and thus provide some information about cultural affinity and more such as express one s spirituality philosophy of life political or socio economic status as defined by a given ethnic cleavage african names tell stories convert abstract ideas to stories and tell story of the story about different aspects of one s life they commemorate any unusual circumstance the family or community once experienced or world event that took place around the time of a child s birth outside a given cultural environment names boost and nurture cultural pride and identity showcase a people s appreciation of their culture and their readiness to defend and live their culture with pride and dignity naming practices that tell histories behind the names were the norms in nigeria ibiblio and in fact in africa until the encroachment of two historical forces in africans affairs christianization and colonization more than any other forces in history shattered the connection between personal name and cultural affinity and have ever since contributed to the gradual erosion of african culture of names on the continent the combined efforts of their human agents the missionaries and british colonial personnel directly and indirectly through their policies and practices caused african nigerians to give up their culture relevant names in favor of foreign ones apart from direct erosion of culture of names colonial administration a term i use mostly to refer to the combined efforts of the missionaries and british colonial personnel in nigeria abrogated many religious socio economic and political traditions which were intimately intertwined with the people s naming practices their attempt to replace african traditions with european ones through coercing africans to accept western values and beliefs consequently disabled many desirable african traditional structures including authentic african naming practices and caused some to fall into disuse a third force was early european african trade although the impact of the presence of european merchants in nigeria was minimal in this regard some of their activities have also left a dent on african naming practices by introducing foreign bodies into the people s names database even though these alien forces invaded and injected foreign values into africa over a century ago their impact on naming practices continues to be felt by africans european intrusion in relation to african naming practices did not end on the continent the trans atlantic trade on human cargo was another major historical event that did not only forcefully disconnect many africans from their cultural root and natural habitat but also mutilated authentic african naming practices among them consequently africans in diaspora had european names imposed upon them by their slave masters today many africans on the continent and in diaspora continue to carry names which are

foreign names whose meanings they do not know names the bearers can not even pronounce correctly in some ethnic contexts and names which have no relevance to nor any form of link with the bearers cultural background in effect culture of names as many other african customary practices has lost its savor some peoples of african descent still cherish these colonized names some do not and are making practical efforts to reclaim authentic african cul african roots of the jazz evolution discusses how jazz style evolved from its original source traditional african music reflecting the continental interaction and cultural development that took place over centuries the book explores how melodic structural rhythmic and other musical elements from africa are manifested in african american spirituals the blues and various jazz forms the book moves chronologically from the roots of blues music through the advent of recording technology and into the incorporation of new musical styles and electronic media beginning with traditional african music the text examines the sociocultural context in which african american music emerged and the ways it was traditionally expressed it also discusses the jazz innovators who emerged in each decade of the 20th century and their contributions to jazz genres featuring reserve and in class recording discussion questions and listening exams african roots of the jazz evolution is an informed exploration of the african america jazz evolution within a broad sociopolitical context it can be used in a variety of courses in music humanities and ethnic studies karlton e hester began his career as a composer recording artist and music educator he holds a ph d in composition from the city university of new york and is currently the director of jazz studies at the university of california santa cruz dr hester is also the founding director of the fillmore jazz preservation big band in san francisco he has received fellowships and grants from the national endowment for the arts the new york foundation for the arts and the mellon foundation among other an acclaimed performer dr hester has played throughout the united states and internationally the period between 1880 and 1918 at the end of which jim crow was firmly established and the great migration of african americans was well under way was not the nadir for black culture james smethurst reveals but instead a time of profound response fr this text explores how afro brazilians define their africanness through candomblé and quilombo models and construct paradigms of blackness with influences from us based perspectives through the vectors of public rituals carnival drama poetry and hip hop now in its 30th printing this classic presents historical archaeological and anthropological evidence to support the theory that ancient egypt was a black civilization this volume marks the 25th anniversary of karin barber s ground breaking article popular arts in africa which stimulated new debates about african popular culture and its defining categories focusing on performances audiences social contexts and texts contributors ask how african popular cultures contribute to the formation of an episteme with chapters on theater nollywood films blogging and music and sports discourses as well as on popular art forms urban and youth cultures and gender and sexuality the book highlights the dynamism and complexity of contemporary popular cultures in sub saharan africa focusing on the streets of africa especially city streets where different cultures and cultural personalities meet the book asks how the category of the people is identified and interpreted by african culture producers politicians religious leaders and by the people themselves the book offers a nuanced strongly historicized perspective in which african popular cultures are regarded as vehicles through which we can document ordinary people s vitality and responsiveness to political and social transformations clarence bernard henry s book is a culmination of several years of field research on sacred and secular influences of àsé the west african yoruba concept that spread to brazil and throughout the african diaspora Àsé is imagined as power and creative energy bestowed upon human beings by ancestral spirits acting as guardians in brazil the west african

yoruba concept of àsé is known as axé and has been reinvented transmitted and nurtured in candomblé an afro brazilian religion that is practiced in salvador bahia the author examines how the concepts of axé and candomblé religion have been appropriated and reinvented in brazilian popular music and culture featuring interviews with practitioners and local musicians the book explains how many brazilian popular music styles such as samba bossa nova samba reggae ijexá and axé have musical and stylistic elements that stem from afro brazilian religion the book also discusses how young afro brazilians combine candomblé religious music with african american music such as blues jazz gospel soul funk and rap henry argues for the importance of axé as a unifying force tying together the secular and sacred afro brazilian musical landscape an introduction to the complex relationship between african americans and the african continent what is an african american and how does this identity relate to the african continent rising immigration levels globalization and the united states first african american president have all sparked new dialogue around the question this book provides an introduction to the relationship between african americans and africa from the era of slavery to the present mapping several overlapping diasporas the diversity of african american identities through relationships with region ethnicity slavery and immigration are all examined to investigate questions fundamental to the study of african american history and culture religion culture and spirituality in africa and the african diaspora explores the ways in which religious ideas and beliefs continue to play a crucial role in the lives of people of african descent the chapters in this volume use historical and contemporary examples to show how people of african descent develop and engage with spiritual rituals organizations and practices to make sense of their lives challenge injustices and creatively express their spiritual imaginings this book poses and answers the following critical questions to what extent are ideas of spirituality emanating from africa and the diaspora still influenced by an african aesthetic what impact has globalisation had on spiritual and cultural identities of peoples on african descendant peoples and what is the utility of the practices and social organizations that house african spiritual expression in tackling social political cultural and economic inequities the essays in this volume reveal how spirituality weaves and intersects with issues of gender class sexuality and race across africa and the diaspora it will appeal to researchers and postgraduate students interested in the study of african religions race and religion sociology of religion and anthropology john chasteen examines the history behind sexually suggestive dances salsa samba and tango that brought people of different social classes and races together in latin america essay from the year 2005 in the subject english language and literature studies culture and applied geography grade 2 0 university of heidelberg language english abstract the title of the movie sankofa directed by haile gerima in 1993 has been carefully chosen sankofa is a word from the akan people of ghana for a special mythological bird which turns its head back to hold the egg upon its back thus by taking care of its egg the future generation is ensured the sankofa bird has become a symbol in ghana and other parts of west africa which stands for the concept that one has to look back rediscover and reclaim the past in order to face the future and move forward gerima variously integrated this concept in his movie both in the outer plot i e mona s realization of her roots in the present and the inner plot i e within her spiritual journey to the past especially by means of mona s alter ego shola and the character of joe who both have to undergo intensive change until they finally find and realize their true self so in this essay i will first give some background information on haile gerima and his motives for making a movie like sankofa as far as it is germane to the further theses then i will focus on the characters of mona which involves her alter ego shola and joe i will outline how the sankofa concept applies to their realization of their true self by means of having an in depth look at both reasons and development of their

change how and why did the white people try to prevent them from realizing their true self and how were they able to see it in the end despite all the manipulation in a conclusion i will point out common and differing features of their change as well as its effect upon themselves
