perennial philosophy presented in a way which is meaningful for present times a course in miracles has sold more than a million copies since it was first published 21 years ago however to date students of the course have been without a specific guide to its three books concordance fills that gap with a companion reference that alphabetically organizes and cross references virtually every aspect of a course in miracles this eight volume set is the end product of a series of classes i conducted at our foundation s former location in new york the classes consisted of a line by line analysis of the lessons introductions reviews summaries and the epilogue i have considerably enlarged some of the original discussion supplying additional references to other relevant portions of the course the preface the two pamphlets poems from the gifts of god and the prose poem the gifts of god this work can thus be seen as a complete course companion to accompany students on their own journey through the workbook my purpose in presenting the classes originally as it remains in this book was to help students better understand the meaning of the lessons and their place in the curriculum of a course in miracles and most of all to help students see the importance of applying the daily lessons to their everyday lives without such application the brilliance of jesus words is wasted and they become simply a sterile system of intellectual teachings this book can be read in at least three ways 1 straight through as one would do with the text 2 different lessons at different times or 3 one lesson at a time as a companion to each lesson i would urge students however if they are doing the workbook for the first time to read the lessons as they are without my commentary in other words as with all my other work on a course in miracles this book is meant to supplement a student s experience of the workbook not to substitute for the workbook as it was given to us adapted from the preface a course in miracles is a modern psycho spiritual text that has inspired teachers like marianne williamson louise hay wayne dyer jerry jampolsky sonda ray and gabrielle bernstein with
