pulitzer prize winner a brilliant piece of military history which proves up to the hilt the force of winston churchill s statement that the first month of world war i was a drama never surpassed newsweek selected by the modern library as one of the 100 best nonfiction books of all time in this landmark account renowned historian barbara w tuchman re creates the first month of world war i thirty days in the summer of 1914 that determined the course of the conflict the century and ultimately our present world beginning with the funeral of edward vii tuchman traces each step that led to the inevitable clash and inevitable it was with all sides plotting their war for a generation dizzyingly comprehensive and spectacularly portrayed with her famous talent for evoking the characters of the war s key players tuchman s magnum opus is a classic for the ages the proud tower the pulitzer prize winning the guns of august and the zimmermann telegram comprise barbara w tuchman s classic histories of the first world war era mr gilbert brings the strongest possible credentials to his history of world war ii and the result is a magisterial work the new york times in the hands of master historian martin gilbert the complex and compelling story of the second world war comes to life this narrative captures the perspectives of leading politicians and war commanders journalists civilians and ordinary soldiers offering gripping eyewitness accounts of heroism defeat suffering and triumph this is one of the first historical studies of world war ii that describes the holocaust as an integral part of the war it also covers maneuvers strategies and leaders operating in european asian and pacific theatres in addition this book brings in survivor testimonies of occupation survival behind enemy lines and the experience of minority groups such as the roma in europe to offer a comprehensive account of the war s impact on individuals on both sides this is a sweeping narrative of one of the most deadly wars in history which took almost forty million lives and irrevocably changed countless more gilbert s flowing narrative is spiced with anecdotal details culled from diaries memoirs and official documents he is especially skillful at interweaving summaries of military strategy with vignettes of civilian suffering newsweek a masterful account of history s most destructive conflict publishers weekly are you fascinated by the history of the 20th century and want to discover more about one of the most defining moments of that time period look no further than world war i the end of an era a comprehensive exploration of the war and its aftermath in this book you ll explore the causes of world war i the major battles and campaigns and the political and social consequences of the conflict you ll learn about the technological advancements that were made during the war and the impact of those advancements on the course of the conflict you ll also delve into the experiences of soldiers and civilians during the war exploring their daily lives their struggles and their triumphs but this book doesn t just explore the events of the war itself it also examines the aftermath of the conflict including the treaty of versailles and the establishment of the

league of nations you'll learn about the impact of the war on international relations and on the development of new political ideologies including fascism and communism world war i the end of an era also explores the cultural impact of the war examining how the conflict influenced literature art and music the book takes a comprehensive approach to the legacy of the war providing readers with a deeper understanding of how the war continues to influence our world today whether you're a history buff or just looking to expand your knowledge of this pivotal moment in history world war i the end of an era is the perfect choice with engaging and accessible prose this book is a must read for anyone interested in the history of the 20th century don't miss out on the chance to learn more about this defining moment in modern history order your copy of world war i the end of an era today this book looks at the multiple ways that the people and institutions of erie county pennsylvania responded when the united states went to war in 1917 it gives special attention to those who served in the military and especially to those who fell it lists some 200 names and short biographies of those who lost their lives during the war or shortly after it also has a listing of approximately 2 300 men and women connected in some way to erie county who served in the united states military during world war one another listing includes those cited for valor during the war chapters on u s army and navy units with connections to erie county are featured produced by the erie county world war one centennial committee the book also looks at notable individuals homefront efforts the contribution of women's groups the postwar pilgrimage of mothers to battlefield cemeteries and the construction of erie's ultimate memorial to its veterans the erie veterans memorial stadium the focus of this volume is not on the consequences but rather on the connection between the great war and the long 19th century the short and long term causes of world war i a chronicle of the american experience during world war i and the unexpected changes that rocked the country in its immediate aftermath the red scare race riots women's suffrage and prohibition the great war's bitter outcome left the experience largely overlooked and forgotten in american history this timely book is a reexamination of america's first global experience as we commemorate world war i's centennial the u s had steered clear of the european conflagration known as the great war for more than two years but president woodrow wilson reluctantly led the divided country into the conflict with the goal of making the world safe for democracy the country assumed a global role for the first time and attempted to build the foundations for world peace only to witness the experience go badly awry and it retreated into isolationism though overshadowed by the tens of millions of deaths and catastrophic destruction of world war ii the great war was the most important war of the twentieth century it was the first continent wide conflagration in a century and it drew much of the world into its fire by the end of it four empires and their royal houses had fallen communism was unleashed the map of the middle east was redrawn and the united states emerged as a global power only to withdraw from the world's stage the great war is often overlooked especially compared to world war ii which is considered the last good war the united states was disillusioned with what it achieved in the earlier war and withdrew into itself americans have tried to forget about it ever since the great war in america presents an opportunity to reexamine the country's role on the global stage and the tremendous political and social changes that overtook the nation because of the war describes first hand accounts of world war i from those who lived through it provided by publisher world war i in 100 objects by peter doyle is a dynamic social history and perfect gift for history lovers general readers and history buffs alike have made bestsellers of books like a history of the world in 100 objects in that tradition this handsome commemorative volume gives a unique perspective on one of the most pivotal and volatile events of modern history in world war i in 100 objects military historian peter doyle shares a fascinating collection of items from patriotic badges worn by british citizens to field equipment developed by the united states beautifully photographed each item is accompanied by the unique story it tells about the war its strategy its innovations and the people who fought it the years 1914 to 1918 saw europe engaged in a conflict involving a greater area and a greater number of men than history had ever before recorded in this book captain cyril falls known in british academic and governmental circles as an expert in military history discusses the military side of world war i in the light of its battles tactics and weapons its problems of supply and transport its armies and their commanders the engagements in the many theaters of war in europe asia and africa are described in vivid detail but particular attention is focused on the western front where the principal and decisive battles were fought although it was on land that the conclusive victories were achieved the place of sea power and of the new type of warfare waged in the air is not ignored the role played by civilian politics is covered as well particularly in situations where it had direct bearing on the fighting such as in sarajevo in 1914 where a spark touched off the central european powder keg and signaled the beginning of the war the political considerations which caused the us as well as romania bulgaria and italy to enter the war late and the revolution which caused russia to leave it early in telling how world war i was fought and why it developed as it did captain falls decisively refutes the notion that world war i was an interlude of senseless and irresponsible slaughter during which military art stood still he reminds us that it was a war remarkable for the idealistic spirit in which it was fought though the unprecedented world wide scale of battle and the deadlock on the western front taxed the skill of military leadership sorely the war produced its great leaders haig allenby maude jellicoe beatty joffre foch petain pershing liggett sims falkenhayn hindenburg hipper conrad von hotzendorf and mustapha kemal their achievements as well as the indomitable spirit of the men they commanded are remembered here a short history of world war ii is essentially a military history but it reaches from the peace settlements of world war i to the drastically altered postwar world of the late 1940's lucidly written and eminently readable it is factual and accurate enough to satisfy professional historians a short history of world war ii will appeal equally to the general reader the veteran who fought in the war and the student interested in understanding the contemporary political world this work poses a straightforward yet at the same time perplexing question about world war i why did it happen several of the oft cited causes are reviewed and discussed the argument of the alliance systems is inadequate lacking relevance or compelling force the arguments of mass demands those focusing on nationalism militarism and social darwinism it is argued are insufficient lacking indications of frequency intensity and process how they influenced the various decisions the work focuses on decision making on the choices made by small coteries in austria hungary germany russia france britain and elsewhere the decisions made later by leaders in japan the ottoman empire italy the balkans and the united states are also explored the final chapters review the basic causes once again an alternative position is advanced one focused on elites and coteries their backgrounds and training and on their unique agendas world war i has just exploded in europe the peace of the entire world is in danger how will you help will you join the belgian resistance movement fight as a british army soldier serve as a volunteer with the american field service during the first world war mass produced full colour large format war posters were both a sign an instrument of the shift in warfare signalling the direct involvement of entire populations this collection considers various aspects of war posters between 1914 1918 new york times bestseller drawing on exhaustive research this intimate account details how world war i reduced europe's mightiest empires to rubble killed twenty million people and cracked the foundations of our modern world thundering magnificent a world undone is a book of true greatness that prompts moments of sheer joy and pleasure it will earn generations of admirers the washington times on a summer day in 1914 a nineteen year old serbian nationalist gunned down archduke franz ferdinand in sarajevo while the world slumbered monumental forces were shaken in less than a month a combination of ambition deceit fear jealousy missed opportunities and miscalculation sent austro hungarian troops marching into serbia german troops streaming toward paris and a vast russian army into war with england as its ally as crowds cheered their armies on no one could guess what lay ahead in the first world war four long years of slaughter physical and moral exhaustion and the near collapse of a civilization that until 1914 had dominated the globe praise for a world undone meyer's sketches of the british cabinet the russian empire the aging austro hungarian empire are lifelike and plausible his account of the tragic folly of gallipoli is masterful a world undone has an instructive value that can scarcely be measured los angeles times an original and very readable account of one of the most significant and often misunderstood events of the last century steve gillon resident historian the history channel comparing and contrasting the world wars a history of world war i that includes time lines maps pictures and primary source material this study is among the first works in english to comprehensively address the scandinavian first world war experience in the larger international context of the war it surveys the complex relationship between the belligerent great powers and northern europe's neutral small states in times of crisis and war the book's overreaching rationale draws upon three underlying conceptual fields neutrality and international law hegemony and great power politics as well as diplomacy and policy making of small states in the international arena from a variety of angles it examines the question of how neutrality was understood and perceived negotiated and dealt with both among the scandinavian states and the belligerent major powers especially britain germany and russia for a long time the experience of neutral countries during the first world war was seen as marginal and was overshadowed by the experiences of occupation and collaboration brought about by the second world war in this book jonas demonstrates how this perception has changed with neutrality becoming an integral part of the multiple narratives of the first world war it is an important contribution to the international history of the first world war cultural historically influenced approaches to diplomatic history and the growing area of neutrality studies a collection of primary and secondary documents that offers students scholars and war buffs an extensive and easy to follow overview of world war i a second edition of this book is now available in a compact but comprehensive and clear narrative this book explores the first world war from a genuinely global perspective putting a human face on the war william kelleher storey brings to life individual decisions and experiences as well as environmental and technological factors such as food geography manpower and weapons without neglecting traditional themes the author's deft interweaving of the role of environment and technology enriches our understanding of the social political and military history of the war not only in europe but throughout the world an overview of trench warfare during world war i provides a history of world war i discussing its

origins battles key figures and impact a lively engaging history of the great war written for a new generation of readers in recent years scholarship on world war i has turned from a fairly narrow focus on military tactics weaponry and diplomacy to incorporate considerations of empire globalism and social and cultural history this concise history of the first modern global war helps to further broaden the focus typically provided in world war i surveys by challenging popular myths and stereotypes to provide a new engaging account of the great war the conventional world war i narrative that has evolved over the past century is that of an inevitable but useless war where men were needlessly slaughtered due to poor decisions by hidebound officers this characterization developed out of a narrow focus on the western front promulgated mainly by british historians in this book professor proctor provides a broader more multifaceted historical narrative including perspectives from other fronts and spheres of interest and a wider range of participants she also draws on recent scholarship to consider the gendered aspect of war and the ways in which social class religion and cultural factors shaped experiences and memories of the war structured chronologically to help convey a sense of how the conflict evolved each chapter considers a key interpretive question encouraging readers to examine the extent to which the war was total modern and global challenges outdated stereotypes created through a focus on the western front considers the war in light of recent scholarship on empire global history gender and culture explores ways in which the war and the terms of peace shaped the course of the 20th century world war i a short history is sure to become required reading in undergraduate survey courses on wwi as well as courses in military history the 20th century world or the era of the world wars after the unprecedented destruction of the great war the world longed for a lasting peace the victors however valued vengeance even more than stability and demanded a massive indemnity from germany in order to keep it from rearming the results as eminent historian norman stone describes in this authoritative history were disastrous in world war two stone provides a remarkably concise account of the deadliest war of human history showing how the conflict roared to life from the ashes of world war one adolf hitler rode a tide of popular desperation and resentment to power in germany promptly making good on his promise to return the nation to its former economic and military strength he bullied europe into giving him his way and in so doing backed the victors of the great war into a corner following the invasion of poland in 1939 britain and france declared war on germany a decision that stone argues was utterly irrational yet hitler had driven the world mad and the rekindling of european hostilities soon grew to a conflagration that spread across the globe fanned by political and racial ideologies more poisonous and weaponry more destructive than the world had ever seen with commanding expertise stone leads readers through the escalation climax and mournful denouement of this sprawling conflict world war two is an invaluable contribution to our understanding of the twentieth century and its defining struggle based on previously unused french and german sources this challenging and controversial new analysis of the war on the western front from 1914 to 1918 reveals how and why the germans won the major battles with one half to one third fewer casualties than the allies and how american troops in 1918 saved the allies from defeat and a negotiated peace with the germans immediately after the armistice was signed in november 1918 an american journalist asked paul von hindenburg who won the war against germany he was the chief of the german general staff co architect with erich ludendorff of germany s eastern front victories and its nearly war winning western front offensives and he did not hesitate in his answer the american infantry he said he made it even more specific telling the reporter that the final death blow for germany was delivered by the american infantry in the argonne the british and the french often denigrated the american contribution to the war but they had begged for us entry into the conflict and their stake in america s victory was if anything even greater than that of the united states itself but how america won wwi will not litigate the points of view of britain and france the book will accept as gospel the assessment of the top german leader whose job it had been to oppose the americans directly that the american infantry won the war and this book will tell how the american infantry did it love history know your stuff with history in an hour this squid ink classic includes the full text of the work plus mla style citations for scholarly secondary sources peer reviewed journal articles and critical essays for when your teacher requires extra resources in mla format for your research paper world war one was one of the bloodiest wars in modern history at its end it had claimed over seventeen million lives it led to the collapse of nations the abdication of monarchies and ended empires entire divisions of men perished in the pursuit of mere miles of uninhabitable wasteland towns were pulverized and millions displaced it became a horrendous war of attrition each side competing to kill as many of their foe as possible inside you will read about 1914 blood is spilled 1915 the dawn of the industrialized war 1916 unrelenting bloodshed 1917 revolution revelation and catastrophe 1918 the great war at an end it became the first industrialized war in history and introduced revolutionary technology into the fray the airplane the tank and the machine gun first saw action collectively during the conflict it was also the first war in which poison gas was used to choke young men out of their trenches this book is a timeline account of the important events that shaped the first world war it details the events and causes that led the world to war this book covers the milestone moments important battles and how the outcome changed the world forever if you want to discover captivating stories of people and events of world war 1 then keep reading three captivating manuscripts in one book world war 1 a captivating guide to the first world war including battle stories from the eastern and western front and how the treaty of versailles in 1919 impacted the rise of nazi germany the battle of verdun a captivating guide to the longest and largest battle of world war 1 that took place on the western front between germany and france the battle of the somme a captivating guide to one of the most devastating events of the first world war that took place on the western front the first world war was one of the most devastating conflicts in our history the death toll was like nothing experienced before and it is estimated that over 11 million soldiers were killed wounded or went missing and many of those bodies have never been found regardless of how people remember the first world war and whether or not they romanticize the life of a soldier on the front lines it is important that the world never forgets this brutal and bloody conflict the tumult and chaos that remained in the wake of the first world war had far reaching and devastating consequences not just for europe and the survivors of the war but for the entire world the ruins of europe provided a fertile breeding ground for fierce nationalism which led to the rise of the third reich and allowed the evil of adolf hitler to go unchecked for far too long some of the topics covered in part 1 of this book include the fatal shots that set the stage for war the western front and the first battle of marne war in the trenches the eastern front and the battle of tannenberg the battle of ypres and the christmas truce second battle of ypres and the introduction of chemical warfare chemical warfare on the western front my boy jack the very human cost of the first world war the gallipoli campaign the battle of jutland the decline of the russian empire the battle of verdun the battle of the somme america joins the war the final days of the war and the treaty of versailles world leaders who played a pivotal role in the first world war and much much more some of the topics covered in part 2 of this book include the road to verdun the citadel of verdun the significance of verdun the first phase of the battle of verdun the battle of verdun gets bogged down in the trenches a summer in hell and much much more some of the topics covered in part 3 of this book include the road to the analysis of the origins of major wars since the development of the modern state system in europe centuries ago also considers the problems involved in preventing a contemporary nuclear war this is the first truly definitive history of the first world war the war that has done most to shape the twentieth century the first generation of its historians had access to only a limited range of sources and their focus was primarily on military events more recent approaches have embraced cultural diplomatic economic and social history in hew strachan s authoritative and readable history these fresh perspectives are incorporated with the military and strategic narrative the result is an account that breaks the bounds of national preoccupations to become both global and comparative to arms the first of three volumes in this magisterial study examines not only the causes of the war and its opening clashes on land and sea but also the ideas that underpinned it and the motivations of the people who supported it it provides full and pioneering accounts of the war s finances of the war in africa and of the central powers bid to widen the war outside europe frederick r dickinson illuminates a

new integrative history of interwar japan that highlights the transformative effects of the great war far from the western front world war i and the triumph of a new japan 1919 1930 reveals how japan embarked upon a decade of national reconstruction following the paris peace conference rivalling the monumental rebuilding efforts in post versailles europe taking world war i as his anchor dickinson examines the structural foundations of a new japan discussing the country s wholehearted participation in new post war projects of democracy internationalism disarmament and peace dickinson proposes that japan s renewed drive for military expansion in the 1930s marked less a failure of japan s interwar culture than the start of a tumultuous domestic debate over the most desirable shape of japan s twentieth century world this stimulating study will engage students and researchers alike offering a unique global perspective of interwar japan this volume describes and analyses the methods germany used to reinforce spain s independence thereby preventing madrid s entry into the war on the allied side while there have been many studies dealing with the wartime economic histories of holland switzerland denmark and iceland spain physically large and strategically situated has been largely ignored with little american study of spanish relations with the european belligerents having been done particular attention is paid to the forceful personality of spanish king alfonso xiii who shrewdly used his special friendship with kaiser wilhelm ii for spanish profit he remained a francophile who shrewdly manipulated the germans into thinking he favoured their side at the same time alfonso fended off the embrace of the entente the assassination of the archduke of austria hungary in 1914 triggered more than a monstrous war it set off a revolution so violent that it reshaped the thoughts and affairs of mankind perhaps for all time marshall s book is a clear one volume history of the war to end all wars november 11 1918 the final hours pulsate with tension as every man in the trenches hopes to escape the melancholy distinction of being the last to die in world war i the allied generals knew the fighting would end precisely at 11 00 a m yet in the final hours they flung men against an already beaten germany the result eleven thousand casualties suffered more than during the d day invasion of normandy why allied commanders wanted to punish the enemy to the very last moment and career officers saw a fast fading chance for glory and promotion joseph e persico puts the reader in the trenches with the forgotten and the famous among the latter corporal adolf hitler captain harry truman and colonels douglas macarthur and george patton mainly he follows ordinary soldiers lives illuminating their fate as the end approaches persico sets the last day of the war in historic context with a gripping reprise of all that led up to it from the 1914 assassination of the austrian archduke franz ferdinand which ignited the war to the raw racism black doughboys endured except when ordered to advance and die in the war s last hour persico recounts the war s bloody climax in a cinematic style that evokes all quiet on the western front grand illusion and paths of glory the pointless fighting on the last day of the war is the perfect metaphor for the four years that preceded it years of senseless slaughter for hollow purposes this book is sure to become the definitive history of the end of a conflict winston churchill called the hardest cruelest and least rewarded of all the wars that have been fought this unique volume offers a definitive new history of european economies at war from 1914 to 1918 it studies how european economies mobilised for war how existing economic institutions stood up under the strain how economic development influenced outcomes and how wartime experience influenced post war economic growth leading international experts provide the first systematic comparison of economies at war between 1914 and 1918 based on the best available data for britain germany france russia the usa italy turkey austria hungary and the netherlands the editors overview draws some stark lessons about the role of economic development the importance of markets and the damage done by nationalism and protectionism a companion volume to the acclaimed the economics of world war ii this is a major contribution to our understanding of total war
