Comments on Issue Paper Reference to Gao's Pacific Northwest Report 2018-06-20

Babylonian cities, a paper, with comments by professor [F.] Delitzsch and an appendix by W. St. C. Boscawen 1883

The AMEX Bank Review Special Papers 1978 an investigation of the effect of government online forums on democratic practices in the united states and europe the global explosion of online activity is steadily transforming the relationship between government and the public the first wave of change e government enlisted the internet to improve management and the delivery of services more recently e democracy has aimed to enhance democracy itself using digital information and communication technology one notable example of e democratic practice is the government sponsored or government authorized online forum for public input on policymaking this book

investigates these online consultations and their effect on democratic practice in the united states and europe examining the potential of internet enabled policy forums to enrich democratic citizenship the book first situates the online consultation phenomenon in a conceptual framework that takes into account the contemporary media environment and the flow of political communication then offers a multifaceted look at the experience of online consultation participants in the united states the united kingdom and france and finally explores the legal architecture of u s and e u online consultation as the contributors make clear online consultations are not simply dialogues between citizens and government but constitute networked communications involving citizens government technicians civil society organizations and the media the topics examined are especially relevant today in light of the obama administration s innovations in online citizen involvement
