financial engineering into traditional statistics courses introduction to probability and statistics for science engineering and finance illustrates the role and scope of statistics and probability in various fields the text first introduces the basics needed to understand and create a mordant ruefully funny novel about downsizing outsourcing globalization third world dictatorships and vasectomies by the acclaimed author of the futurist and adland henry tuhoe is the quintessential twenty first century man he has a vague well compensated job working for a multinational conglomerate but everyone around him is getting laid off as the company outsources everything it can to third world countries he has a beautiful wife his college sweetheart and an idyllic new home in the leafy suburbs complete with pool but his wife won t let him touch her even though she demanded he get a vasectomy he s seriously overleveraged on the mortgage and no matter what chemicals he tries the pool remains a corpse-like shade of ghastly green then henry s boss offers him a choice go to the tiny magical about to be globalized kingdom of galado to oversee the launch of a new customer service call center for a boutique bottled water company the conglomerate has just acquired or lose the job with no severance henry takes the transfer more out of fecklessness than a sense of adventure in galado a land both spiritual and corrupt henry wrestles with first world moral conundrums the life he left behind the attention of a steroid abusing megalomaniacal monarch and a woman intent on redeeming both his soul and her country the result is a riveting piece of fiction of and for our times blackly satirical moving and profound in this second novel in the internationally bestselling trilogy federico moccia
