digital femininities the gendered construction of cultural and political identities online examines the role of new media technologies in the production of girls cultural and political identities the book argues that the varied and complex spaces make up our social media should be conceptualised as important terrains upon which neoliberal and postfeminist subjectivities can be both reproduced and subverted in doing so the book explores many key issues underpinning current debates around gender

politics and digital media including gendered spatial politics
visibility surveillance and regulation beauty politics and civic and
political engagement and activism over the last decade the position
of girls and young women within the digital landscape of social
media has been a topic of much debate on the one hand girls' social
media practices are presented as a key site of concern where
digital technologies are said to have produced an intensification of
individualised neoliberal and postfeminist identities conversely
others have championed access to social media for young people as
a potentially useful political tool enabling previously marginalised
political subjects such as girls to access and participate within
and exciting political cultures locating itself at the intersection of
these two approaches this book offers a fresh contribution to
debates based upon the findings from focus groups with girls and
young women aged between 12 and 18 in England the book offers
an in depth analysis of the digital cultures that emerged from the
study this timely book will be essential reading for anyone
interested in contemporary femininity and feminism and the role of
digital media in the production of cultural political and gendered
identities this collection studies beauty vlogging as a phenomenon
operating at the intersection of celebrity culture digital communication
and the cosmetics industry exploring subjects ranging from race
and gender to disability and religion the chapters examine how
the beauty vlog genre has impacted social media landscapes and gender expression
the contributors analyze how beauty vlogging makes communication
and economic success seem accessible for viewers as well as how
the beauty vlog itself can function as a platform for enacting
and inspiring social commentary and change makeup in the world of
beauty vlogging studies the cultural phenomenon of the beauty vlog
as a space where audiences and vloggers find a voice and a means

of personal expression via the potentially subversive power of makeup and social media this anthology uses in depth interdisciplinary case studies from across the globe to examine practice and concept of microcelebrity taking account of highly contextualized cultural settings and social histories the chapters present scholarly interpretations of microcelebrity as it has proliferated and diverged in global social media networks the thrilling final instalment in amy alward's magical potion diaries series this series is magical zoe sugg aka zoella inventive roma and downright delightful sarah j maas bestselling author of the glass after finding her great grandmother's potion diary escapes the clutches of emilia thothe saving her grandfather's memories become a master alchemist surely it's time for sam kemi to have a good long rest and maybe just maybe a proper date with her boyfriend zain but now that princess evelyn is married to the sinister prince stefan and showing symptoms of the gergon illness looks as though sam's adventures are just beginning the good news there might be a cure for the virus spreading like wildfire through the city the bad news it's buried in a remote village in a far flung country next to an active volcano and sam's not the only one with a tv crew trailing sam's every move and time fast running looks like things are about to go viral zoe sugg more popularly known as zoella is a british web celebrity who is popular for her youtube channel zoella who has captured the hearts of many through her zoella beauty tutorials and random thoughts about fashion lifestyle and recently become the famous novel author girl online zoella admit it you have heard about her you probably have seen one of her videos or two or maybe you are already subscribed to her channel after all she has more than 6 million followers across the globe and the numbers just keep on multiplying she also has o

Media Studies is a comprehensive guide to the subject content and a level media studies across all examining boards. It is specifically designed to meet the needs of both students and teachers with an accessible writing style, helpful notes on key theories and theorists, and a range of learning exercises. The book's overall approach is gradual immersion, assuming no prior knowledge of the subject. Starting with an overview of the discipline, the book moves on to develop increasingly sophisticated ideas, repeatedly reinforcing the basic principles of media studies. Each component of media studies is illustrated with practical examples and guided exercises that demonstrate the application of theories and concepts. In addition, numerous case studies offer examples of media studies in practice. Working through these examples, students will acquire the skill set and confidence to tackle the analysis of media products and the discussion of media issues to the standard required at a level. The focus is on contemporary media, but there is also full acknowledgement of historical precedents, as well as the significance of social, cultural, political, and economic contexts. With its clear structure and integrative approach, *A Level Media Studies* is the ideal introductory resource for students and teachers.

You, Me and Media: Mediations and Affective Relations explores the dynamic and expanding possibilities of young people's affective lives as they engage with diverse social media in prolific and specific ways. It addresses the situated, embodied, and emotional experiences of young people as they actively use media in order to forge communities, play imaginatively, protest injustice, experiment with their identities, and connect with media or explore friendships. Furthermore, it explores the relationship

and contextual dimensions of their everyday interactions against static knowledge and moral panics that abstract youth from their complex and changing worlds in which they grapple with digital media this book hones in on the layered textures of youth experiences to consider how today's youth think and feel in such and unexpected ways the first novel by Zoella title page includes never before shared projects recipes and inspiration along with stunning new photography for as long as Zoe Sugg can remember she has loved welcoming friends family into her home whether to celebrate someone else's big day or just being with friends is nothing she enjoys more than putting her energy into making an occasion special in Zoe's eyes the best thing about getting people together is there really is no right or wrong way maybe you will plan a throw everything at it shindig or simply make a special occasion for one guest mostly it's about how people feel when they're in company how the smallest of gatherings can feel momentous and the biggest of parties can feel intimate over the years Zoe has shared glimpses of this side to her in her videos with millions of viewers taking daily inspiration from her life in cordially invited she shares her best and never seen before ideas in print divided into seasons and woven through with Zoe's own stories and memories this book reveals her favorite events big or small throughout the year and how to celebrate them in style from practical ideas for how to entertain your guests and hacks for unexpected get-togethers to simple and impressive diys and those personal touches people will remember cordially invited is Zoe's blueprint for making an event and a memory out of each day contains an exclusive Q&A with Zoella's bags are packed the sequel to the number one bestseller Girl Online Penny joins her rock star boyfriend Noah on his European music tour when Noah invites Penny on his European music to
