pentateuch was first composed and in our own time for this second enlarged edition the author has written an epilogue reassessing the theme of the pentateuch from a more current postmodern perspective see the magnificent unity and central theme of the old testament helps readers understand god s covenant promises to israel danny hodges became the senior pastor of a young church fellowship known as calvary chapel in st petersburg florida in april of 1984 three years later when he was introduced to pastor chuck smith and the calvary chapel movement he felt an immediate sense of being at home and was grateful to god for leading him to this network of churches that upheld a simple biblical philosophy of ministry and well balanced doctrine calvary chapel st petersburg soon became a fellowship of calvary chapel costa mesa and since that time god has steadily grown the ministry from a handful of mostly young single adults to a large church full of families it has been exciting to see god s spirit bring many to salvation through jesus christ see lives change and mature in the lord see relationships bloom and grow see ministries evolve and prosper see a hunger for the word of god and see a passionate desire to win the lost to jesus pastor danny and his wife wendy consider it an honor to serve this growing body of believers together with their four children tanner hayden jairus and audra hailed as the most radical repackaging of the bible since gutenbergs these pocket canons give an up close look at each book of the bible the publication of the king james version of the bible translated between 1603 and 1611 coincided with an extraordinary flowering of english literature and is universally acknowledged as the greatest influence on english language literature in history now world class literary writers introduce the book of the king james bible in a series of beautifully designed small format volumes the introducers passionate provocative and personal engagements with the spirituality and the language of the text make the bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance the word of god is living and active sharper than any two edged sword piercing to the division of soul discerning the thoughts of the heart so proclaims te epistle to the hebrews yet for many persons the biblical word of god is less a sharp sword than a crutch supporting rather than piercing them interpreted as they have always heard it scripture tells them exactly what they want to hear modern critical investigation of the bible can change that radically for now christians and the churches are being told that the biblical authors did not always mean what they were thought to have meant when read through the spectacles of later interests because of its approach some protestants and catholics believe the new biblical criticism is impious raymond brown a catholic priest who is auburn professor of biblical studies at union theological seminary in new york city argues strongly to the contrary critically interpreted the bible is all the more critical to christians and the church the challenge of the scriptures is unleashed piercing to the division of soul discerning the thoughts of the heart back cover in the last two decades increasing numbers of texts have been suggested as coming from or edited during the persian period but these discussions do not always reflect extensively on the assumptions used in making these claims or the implications on a broader scale earlier generations of scholars found it sufficient to categorize material in the biblical books simply as late or postexilic without adequately trying to determine when by whom and why the material was incorporated into the text at a fixed point in the persian period by grappling with these questions the essays in this volume evince a greater degree of precision vis a vis dating and historical context the authors introduce the designations early persian middle persian and late persian in their textual analysis and collectively they take significant steps toward developing criteria for locating a biblical text within the persian period contributors reinhard achenbach richard j bautch joseph blenkinsopp david m carr georg fischer sj raik heckl yigal levin jill middlemas dalit rom shiloni konrad schmid lena sofia tiemeyer a dark comedy of obsessions and a compelling story of how music feeds teenage imaginations in the adolescent world of neuroses phobias and secrets the intimacy of music provides a vital refuge belfast may 1981 bobby sands the h block hunger striker has died after a
