**Strangers in Their Own Land** 2016-09-06 this book assesses the un peace operations in haiti and establishes what lessons should be taken into account for future operations elsewhere specifically the book examines the un s approaches to security and stability demobilisation disarmament and reintegration ddr police justice and prison reform democratisation and transitional justice and their interdependencies through the seven un missions in haiti drawing on extensive fieldwork and interviews conducted in haiti it identifies strengths and weaknesses of these approaches and focuses on the connections between these different sectors it places these efforts in the broader haitian political context emphasises economic development as a central factor to sustainability provides a civil society perspective and discusses the many constraints the un faced in implementing its mandates the book also serves as a historical account of un involvement in haiti which comes at a time when the

drawdown of the mission has begun in an environment where the un is increasingly seeking to conduct security sector reform SSR within the context of integrated missions this book will be a valuable contribution to the debate on intervention un peace operations and SSR this book will be of interest to students of peace operations and peacekeeping conflict studies security studies and IR in general

*Experimental Conversations* 2017-01-06 discussions of the use and limits of randomized control trials considering the power of theory external validity gaps in knowledge and what issues matter the practice of development economics has undergone something of a revolution as many economists have adopted new methods to answer perennial questions about the effectiveness of anti-poverty programs in this book prominent development economists discuss the use and impact of one of the most significant of these new methods randomized control trials RCTs and field experiments in extended interviews conducted over a period of several years they explain their work and their thinking and consider the broader issues of how we learn about the world and how we can change it for the better these conversations offer specialists and nonspecialists

alike a unique opportunity to hear economists speak in their own words free of the confines of a particular study or econometric esoterica the economists describe how they apply research findings in the way they think about the world revealing their ideas about the power of theory external validity gaps in knowledge and what issues matter also included are interviews with rct observers critics sponsors consumers and others each interview provides a brief biography of the interviewee thorough annotations offer background and explanations for key ideas and studies referred to in the conversations contributors abhijit banerjee nancy birdsall chris blattman alex counts tyler cowen angus deaton frank degiovanni esther duflo pascaline dupas xavi gine rachel glennerster judy gueron elie hassenfeld dean karlan michael kremer david mckenzie jonathan morduch lant pritchett jonathan robinson antoinette schoar dean yang

### **World Ocean Assessment**

2017-04-17 ian shapiro makes a compelling case that the purpose of politics should be to combat domination and he shows what this means in practice at home and abroad this is a major work of applied political theory a profound challenge to utopian visions and a guide to fundamental problems of justice and distribution

### **Organic Coatings**

2017-08-30 the definitive guide to organic coatings thoroughly revised and updated now with coverage of a range of topics not covered in previous

editions organic coatings science and technology fourth edition offers unparalleled coverage of organic coatings technology and its many applications written by three leading industry experts including a new internationally recognized coatings scientist it presents a systematic survey of the field revises and updates the material from the previous edition and features new or additional treatment of such topics as superhydrophobic ice phobic antimicrobial and self healing coatings sustainability artist paints and exterior architectural primers making it even more relevant and useful for scientists and engineers in the field as well as for students in coatings courses the book incorporates up to date coverage of recent developments in the field with detailed discussions of the principles underlying the technology and their applications in the development production and uses of organic coatings all chapters in this new edition have been updated to assure consistency and to enable extensive cross referencing the material presented is also applicable to the related areas of printing inks and adhesives as well as areas within the plastics industry this new edition completely revises outdated chapters to ensure consistency and to enable extensive cross referencing correlates the empirical technology of coatings with the underlying science throughout provides expert troubleshooting guidance for coatings scientists and

technologists features hundreds of illustrative figures and extensive references to the literature a new internationally recognized coatings scientist brings fresh perspective to the content providing a broad overview for beginners in the field of organic coatings and a handy reference for seasoned professionals organic coatings science and technology fourth edition gives you the information and answers you need when you need them *Digital Insurance* 2016-01-26 this book explores the ways in which the adoption of new paradigms processes and technologies can lead to greater revenue cost efficiency and control as well as improved business agility in the insurance industry [Off the Back of a Truck](#) 2020-12-01 unleash your inner soprano and relive all your favorite moments with this companion guide to the award winning television series the sopranos we all know and love the sopranos one of the most important television dramas to ever hit the small screen having run for six seasons on hbo the story of the italian american mobster tony soprano balancing his family life with his role as the leader of a criminal organization pioneered decades of genre bending peak tv now off the back of a truck takes you one step further into the world of tony soprano and his families offering an italian potluck of fresh and fun takes that any true fan can get lost in for hours off the back of a truck includes new looks at everyone's favorite episodes scenes and

characters all 92 deaths analyzed evaluated and ranked an investigation of true crimes behind the families schemes an exploration of movies and shows that inspired the sopranos reflections on the use of music food and fashion from writers who are also huge fans a provocative conversation about what happens in the controversial ending this book takes you on a journey through the six seasons you have watched time and time again but it s organized so you can dip in at any time at any place roam around as though you re in tony s backyard for a bbq

LATIN 2014: Theoretical Informatics 2014-03-24 this book constitutes the refereed proceedings of the 11th latin american symposium on theoretical informatics latin 2014 held in montevideo uruguay in march april 2014 the 65 papers presented together with 5 abstracts were carefully reviewed and selected from 192 submissions the papers address a variety of topics in theoretical computer science with a certain focus on complexity computational geometry graph drawing automata computability algorithms on graphs algorithms random structures complexity on graphs analytic combinatorics analytic and enumerative combinatorics approximation algorithms analysis of algorithms computational algebra applications to bioinformatics budget problems and algorithms and data structures

Combinatorial Optimization 2014-07-21 this book

refereed post conference proceedings of the third international symposium on combinatorial optimization isco 2014 held in lisbon portugal in march 2014 the 37 revised full papers presented together with 64 short papers were carefully reviewed and selected from 97 submissions they present original research on all aspects of combinatorial optimization such as algorithms and complexity mathematical programming operations research stochastic optimization graphs and combinatorics

various factors on its energy  
policy and its relations with  
russia china the usa and brazil

**INTERMEDIATE I YEAR  
BOTANY(English Medium)  
TEST PAPERS** 2014-11-17 in

strangers in their own land the  
renowned sociologist arlie  
hochschild embarks on a  
thought provoking journey  
from her liberal hometown of  
berkeley california deep into  
louisiana bayou country a  
stronghold of the conservative  
right as she gets to know  
people who strongly oppose  
many of the ideas she famously  
champions hochschild  
nevertheless finds common  
ground and quickly warms to  
the people she meets among  
them a tea party activist whose  
town has been swallowed by a  
sinkhole caused by a drilling  
accident people whose  
concerns are actually ones that  
all americans share the desire  
for community the embrace of  
family and hopes for their  
children strangers in their own  
land goes beyond the  
commonplace liberal idea that  
these are people who have  
been duped into voting against  
their own interests instead  
hochschild finds lives ripped  
apart by stagnant wages a loss  
of home an elusive american  
dream and political choices and  
views that make sense in the  
context of their lives hochschild  
draws on her expert knowledge  
of the sociology of emotion to  
help us understand what it  
feels like to live in red america  
along the way she finds  
answers to one of the crucial  
questions of contemporary  
american politics why do the  
people who would seem to  
benefit most from liberal  
government intervention abhor  
the very idea

*America Ascendant* 2015-11-03  
renowned pollster who was key  
advisor to president clinton  
stanley greenberg reveals how

america will be ascendant and  
how new democratic presidents  
can lead a new era of bold  
reform

### OECD Skills Studies OECD Skills Strategy Diagnostic Report: Spain 2015 2015-09-22

spain s economy is showing  
clear signs of recovery after a  
protracted recession despite  
these positive developments  
significant challenges remain  
spain has amongst the highest  
unemployment rates in the  
oecd and the spanish economy

**Annual Report - Indian Council of Social Science Research** 2013 this book reveals how school memories offer not only a tool for accessing the school of the past but also a key to understanding what people today know or think they know about the school of the past it describes in fact how historians work does not purely and simply consist in exploring school as it really was but also in the complex process of defining the memory of school as one developed and revisited over time at both the individual and collective level further it investigates the extent to which what people know reflects the reality or is in fact a product of stereotypes that are deeply rooted in common perceptions and thus exceedingly difficult to do away with the book includes fifteen peer reviewed contributions that were presented and discussed during the international symposium school memories new trends in historical research into education heuristic perspectives and methodological issues seville 22 23 september 2015

**Mobile Broadband**

**Communications for Public Safety** 2015-08-07 this book provides a timely and comprehensive overview of the introduction of lte technology for ppdr communications it describes the operational scenarios and emerging multimedia and data centric applications in demand and discusses the main techno economic drivers that are believed to be pivotal for an efficient and cost effective delivery of mobile broadband ppdr communications the capabilities and features of the lte standard for improved support of mission critical communications e g proximity services group communications are covered in detail also different network implementation options to deliver mobile broadband ppdr communications services over dedicated or commercial lte based networks are discussed including the applicability of the mobile virtual network operator mvno model and other hybrid models radio spectrum matters are also discussed in depth outlining spectrum needs and providing an outlook into allocated and candidate spectrum bands for ppdr communications and suitable dynamic spectrum sharing solutions in ppdr communications explanations are accompanied by a vast collection of references that allow the more intrigued reader to gain further insight into the addressed topics

**School Memories** 2016-09-15 krase and desena offer a comprehensive view from the street of two iconic brooklyn neighborhoods crown heights

prospect lefferts gardens and greenpoint williamsburg they analyze the neighborhoods precipitous decline and subsequent spectacular rise

Shifting Power in Asia-Pacific? 2016-11-03 this book investigates whether a power shift has taken place in the asia pacific region since the end of the cold war by systematically examining the development of power dynamics in asia pacific it challenges the notion that a wealthier and militarily more powerful china is automatically turning the regional tides in its favour with a special emphasis on sino us competition the book explores the alleged linkage between the regional distribution of relevant material and immaterial capabilities national power and the much cited regional power shift the book presents a novel concept for measuring power in international relations by outlining a composite index on aggregated power ciap that includes 55 variables for 44 regional countries and covers a period of twenty years moreover it develops a middle power theory that outlines the significance of middle powers in times of major power shifts by addressing political military and economic cooperation via a structured focused comparison and by applying a comparative historical analysis the book analyses in depth the bilateral relations of six regional middle powers to washington and beijing

**OECD Economic Surveys: New Zealand 2015** 2015-06-09 this 2015 oecd economic survey of new zealand examines recent

economic developments policies and prospects special chapters cover sustaining the economic expansion and making growth more inclusive

Handbook on Cohesion Policy in the EU 2016-08-26 this book constitutes the refereed proceedings of the third international conference on operations research and enterprise systems icores 2014 held inangers france in march 2014 the 18 revised full papers presented together with an invited paper were carefully reviewed and selected from 96 submissions the papers are organized in topical sections on methodologies and technologies and applications

*Muted Modernists* 2015-01-02 analysis of both official and opposition saudi divine politics is often monolithic conjuring images of conservatism radicalism misogyny and resistance to democracy madawi al rasheed challenges this stereotyped image as she examines a long tradition of engaging with modernism that gathered momentum with the arab uprisings and incurred the wrath of both the regime and its wahhabi supporters with this nascent modernism constructions of new divine politics anchored in a rigorous reinterpretation of foundational islamic texts and civil society activism are emerging in a context where authoritarian rule prefers its advocates to remain muted the author challenges scholarly wisdom on islamism in general and blurs the boundaries between secular and religious politics
