Nigella Lawson seven months into her pregnancy Rachel discovers that her husband is in love with another woman. The fact that this woman has a neck as long as an arm and a nose as long as a thumb is no consolation. Food sometimes is, though. Since Rachel is a cookery writer and between trying to win Mark back and wishing him dead, she offers us some of her favourite recipes. Heartburn is a roller coaster of love, betrayal, loss, and most satisfyingly, revenge. This is Nora Ephron's screenwriter of *When Harry Met Sally* and *Sleepless in Seattle*. Roman a Clef I always thought during the pain of the marriage that one day it would make a funny book. She once said and it is narrated with exquisite insight, humor, and empathy. The author uses her firsthand experience. The 18 months she masqueraded as a man to explore the many remarkable mysteries of gender identity in the new *Secret Book and Scone Society* novel from New York Times bestselling author Ellery Adams. The rain in Miracle Springs, North Carolina, has been relentless, and a flood of trouble is about to be unleashed. As the owner of Miracle Books, Nora Pennington figures all the wet weather this spring is at least good for business. The local inns are packed with stranded travelers, and among them Nora finds both new customers and a new friend, the sixtiesomething Sheldon who starts helping out at the store. Since a little rain never hurt anyone, Nora rides her bike over to the flea market one sodden day and buys a bowl from Danny, a Cherokee Potter. It'll make a great present for Nora's EMT boyfriend, but the next day a little rain turns into a lot of rain, and the Miracle River overflows, it banks amid the wreckage of a collapsed footbridge, Danny's body lies within the churning water. Nora and the Sheriff both doubt the ruling of accidental drowning, and Nora decides it's time for the *Secret Book and Scone Society* to spring into action. When another body turns up, it becomes clearer that Danny's death can't be blamed on a natural disaster. A crucial clue may lie within the stone walls of the Inn of Mist and Roses, a diary over a century old and spattered with candle wax that leads Nora and her friends through a maze of intrigue and onto the trail of a murderer. A woman acting on impulse enjoys a romantic adventure of self-discovery in this novella from New York Times bestselling author Nora Roberts. When her predictable path in life leads to dissatisfaction, Rebecca Malone quits her accounting job, sells her belongings, and leaves Philadelphia for Greece, basking in an environment so different from everything she knows. Rebecca permits herself to enjoy the attentions of Stephen Nickodemus, a restaurant owner more than happy to share the many flavors of Greek culture with her. But when their flirtatious fling grows more serious than either expected, Rebecca must choose either to embrace her new carefree spirit or to accept the true love in her heart. It should have been a piece of cake. All he had to do was pick up some pretty little bail jumper who wasn't even bothering to hide. But cynical bounty hunter Jack Dakota soon discovered there was nothing easy about Spitfire. M. J. O'Leary or about this case, someone had set them both up. Now they were handcuffed together and on the run from a pair of hired killers, and M. J. wasn't talking. Not even when Jack found a gigantic blue diamond hidden in her purse. Everything told Jack this alluring vixen couldn't be trusted. Everything that is, except his captive heart. *Secret Star*. One night stands are supposed to be just that. One night. Norah I'm a writer. It's who I am, and what I love. I fled from Texas to New York to become somebody and found a home at one of the most prestigious magazines in the country. It's the *Chronicle's* fiftieth anniversary, and my boss is finally giving me the opportunity to become managing editor. There's only one problem: he's also hired some Cornell grad frat boy under the guise he's here to help me become a better journalist. M. J. I'm not an idiot. Frat boy isn't here out of the kindness of his heart; he's here to steal the job I've worked a decade for. No sir, not on my watch. No one will take something I've rightfully earned, but Mr. Cornell isn't just some guy; he's the same gorgeous man I had a two-night stand with. Wil Norah was everything I was looking for to help heal my broken heart, and I planned on ending the serial monogamist. Title my college roommate gave me with her, no strings attached, but one night became two, and even then that wasn't enough. She wasn't supposed to be my next relationship, and when I walked in as the new reporter at the *Chronicle*, she definitely wasn't supposed to be my competition for the managing editor job. I like Norah, but there's no way I would sacrifice a job I moved across the country to get for a woman I just met. No matter how much I can't stop thinking about her. *Trivia on Book: The Obsession* by Nora Roberts. Take the challenge yourself and share it with friends and family for a time of fun.
