bloom the best known literary critic of our time shares his extensive knowledge of and profound joy in the works of a constellation of major writers including shakespeare cervantes austen dickinson melville wilde and o connor in this eloquent

invitation to readers to read and read well the inspiring sequel to the 2015 parent s choice winner how to read a story step 1 choose an idea for your story a good one step 2 decide on a setting don t be afraid to mix things up step 3 create a heroine or a hero now begin accomplished storytellers kate messner and mark siegel playfully chronicle the process of becoming a writer in this fun follow up to how to read a story guiding young storytellers through the joys and challenges of the writing process from choosing an idea to creating a problem for their character to resolve to coming to the end this empowering picture book breaks down the writing process in a dynamic and accessible way encouraging kids to explore their own creativity and share their stories with others perfect for educators librarians and parents who are helping children develop early writing and reading skills great read aloud book for preschool and kindergarten aged children interested in learning to read helps teach common core curriculum skills young readers who love we are in a book how rocket learned to read and also an octopus will love the reading and writing lessons and inspiration in how to write a story read aloud books for kids ages 3 5 learning to write books for kids kindergarten pre k creativity books kate messner is an award winning author whose many books for kids have been selected as best books by the new york times junior library guild indie bound and bank street college of education she lives on lake champlain with her family mark siegel is the author of many graphic novels and children s picture books including the 5 worlds series as well as the illustrator of how to read a story and the robert f sibert honor book to dance a ballerina s graphic novel he lives in new york no matter what you want in life success wealth or significance unlock it will give you the strategies to achieve it faster and easier than you ever imagined you now hold the master key to create and enjoy the wealth you deserve among many other concepts unlock it will allow you to discover the new rules of wealth creation and personal fortune how to reinvent yourself

in a flash and live your highest calling the unconventional methods to lifelong financial success how to love every day of your life the foundation of innovative leadership and inspiring others how to remove obstacles between you and the income of your dreams teaches us how to make the most of our memory using his competition winning techniques the niv is the world s best selling modern translation with over 150 million copies in print since its first full publication in 1978 this highly accurate and smooth reading version of the bible in modern english has the largest library of printed and electronic support material of any modern translation where are we to begin how are we to bring order into this multitudinous chaos and so get the deepest and widest pleasure from what we read published for the first time as a standalone volume virginia woolf s short impassioned essay how should one read a book celebrates the enduring importance of great literature in this timeless manifesto on the written word rediscover the joy of reading and the power of a good book to change the world one of the most significant modernist writers of the 20th century virginia woolf and her visionary essays are as relevant today as they were nearly one hundred years ago features a new introduction by sheila hetu investigates the art of reading by examining each aspect of reading problems encountered and tells how to combat them practical information for learning how to speak and listen more effectively with over half a million copies in print of his living classic how to read a book in print intellectual philosopher and academic mortimer j adler set out to write an accompanying volume on speaking and listening offering the impressive depth of knowledge and accessible panache that distinguished his first book in how to speak how to listen adler explains the fundamental principles of communicating through speech with sections on such specialized presentations as the sales talk the lecture and question and answer sessions and advice on effective listening and learning by discussion new york times bestseller the remarkable true story of

a man who lived alone in the woods of maine for 27 years making this dream a reality not out of anger at the world but simply because he preferred to live on his own a meditation on solitude wildness and survival the wall street journal in 1986 a shy and intelligent twenty year old named christopher knight left his home in massachusetts drove to maine and disappeared into the forest he would not have a conversation with another human being until nearly three decades later when he was arrested for stealing food living in a tent even through brutal winters he had survived by his wits and courage developing ingenious ways to store edibles and water and to avoid freezing to death he broke into nearby cottages for food clothing reading material and other provisions taking only what he needed but terrifying a community never able to solve the mysterious burglaries based on extensive interviews with knight himself this is a vividly detailed account of his secluded life why did he leave what did he learn as well as the challenges he has faced since returning to the world it is a gripping story of survival that asks fundamental questions about solitude community and what makes a good life and a deeply moving portrait of a man who was determined to live his own way and succeeded from the author of alexander hamilton the new york times bestselling biography that inspired the musical comes a gripping portrait of the first president of the united states winner of the 2011 pulitzer prize for biography truly magnificent a well researched well written and absolutely definitive biography andrew roberts the wall street journal until recently i d never believed that there could be such a thing as a truly gripping biography of george washington well i was wrong i can t recommend it highly enough as history as epic and not least as entertainment hendrik hertzberg the new yorker celebrated biographer ron chernow provides a richly nuanced portrait of the father of our nation and the first president of the united states with a breadth and depth matched by no other one volume biography of george washington this crisply paced narrative

carries the reader through his adventurous early years his heroic exploits with the continental army during the revolutionary war his presiding over the constitutional convention and his magnificent performance as america s first president in this groundbreaking work based on massive research chernow shatters forever the stereotype of george washington as a stolid unemotional figure and brings to vivid life a dashing passionate man of fiery opinions and many moods lin manuel miranda s smash broadway musical hamilton has sparked new interest in the revolutionary war and the founding fathers in addition to alexander hamilton the production also features george washington thomas jefferson james madison aaron burr lafayette and many more a riveting account of one of the most remarkable episodes in american history in his critically acclaimed history freedom summer award winning author bruce watson presents powerful testimony about a crucial episode in the american civil rights movement during the sweltering summer of 1964 more than seven hundred american college students descended upon segregated reactionary mississippi to register black voters and educate black children on the night of their arrival the worst fears of a race torn nation were realized when three young men disappeared thought to have been murdered by the ku klux klan taking readers into the heart of these remarkable months freedom summer shines new light on a critical moment of nascent change in america recreates the texture of that terrible yet rewarding summer with impressive verisimilitude washington post a surprisingly simple way for students to master any subject based on one of the world s most popular online courses and the bestselling book a mind for numbers a mind for numbers and its wildly popular online companion course learning how to learn have empowered more than two million learners of all ages from around the world to master subjects that they once struggled with fans often wish they d discovered these learning strategies earlier and ask how they can help their kids master these skills as well

now in this new book for kids and teens the authors reveal how to make the most of time spent studying we all have the tools to learn what might not seem to come naturally to us at first the secret is to understand how the brain works so we can unlock its power this book explains why sometimes letting your mind wander is an important part of the learning process how to avoid rut think in order to think outside the box why having a poor memory can be a good thing the value of metaphors in developing understanding a simple yet powerful way to stop procrastinating filled with illustrations application questions and exercises this book makes learning easy and fun the all time classic picture book from generation to generation sold somewhere in the world every 30 seconds have you shared it with a child or grandchild in your life for the first time eric carle s the very hungry caterpillar is now available in e book format perfect for storytime anywhere as an added bonus it includes read aloud audio of eric carle reading his classic story this fine audio production pairs perfectly with the classic story and it makes for a fantastic new way to encounter this famous famished caterpillar new york times bestseller a stunning portrait of the enduring grace of friendship npr about the families we are born into and those that we make for ourselves a masterful depiction of love in the twenty first century national book award finalist man Booker prize finalist winner of the kirkus prize a little life follows four college classmates broke adrift and buoyed only by their friendship and ambition as they move to new york in search of fame and fortune while their relationships which are tinged by addiction success and pride deepen over the decades the men are held together by their devotion to the brilliant enigmatic jude a man scarred by an unspeakable childhood trauma a hymn to brotherly bonds and a masterful depiction of love in the twenty first century hanya yanagihara s stunning novel is about the families we are born into and those that we make for ourselves look for hanya yanagihara s latest bestselling novel to paradise a stunning new picture book

from newbery medalist kwame alexander and caldecott honoree melissa sweet this new york times bestselling duo has teamed up for the first time to bring you how to read a book a poetic and beautiful journey about the experience of reading find a tree a black tupelo or dawn redwood will do and plant yourself it s okay if you prefer a stoop like langston hughes with these words an adventure begins kwame alexander s evocative poetry and melissa sweet s lush artwork come together to take readers on a sensory journey between the pages of a book synopsis coming soon divethnographic study of the programmers engineers and hackers who have shaped the internet since the 1970s and the battles that have been waged amongst them over the development of open source software div learn how to code while you write programs that effortlessly perform useful feats of automation the second edition of this international fan favorite includes a brand new chapter on input validation gmail and google sheets automations tips for updating csv files and more if you ve ever spent hours renaming files or updating spreadsheet cells you know how tedious tasks like these can be but what if you could have your computer do them for you automate the boring stuff with python 2nd edition teaches even the technically uninclined how to write programs that do in minutes what would take hours to do by hand no prior coding experience required this new fully revised edition of al sweigart s bestselling pythonic classic automate the boring stuff with python covers all the basics of python 3 while exploring its rich library of modules for performing specific tasks like scraping data off the filling out forms renaming files organizing folders sending email responses and merging splitting or encrypting pdfs there s also a brand new chapter on input validation tutorials on automating gmail and google sheets tips on automatically updating csv files and other recent feats of automations that improve your efficiency detailed step by step instructions walk you through each program allowing you to create useful tools as you build out your programming

skills and updated practice projects at the end of each chapter challenge you to improve those programs and use your newfound skills to automate similar tasks boring tasks no longer have to take to get through and neither does learning python a step by step program that shows parents simply and clearly how to teach their child to read in just 20 minutes a day this is a complete program designed to be used by parents or those without any professional training it includes comprehensive easy to understand material and instructions that make teaching and learning to read an enjoyable and rewarding experience for both the parent and the student this creative and practical method is successfully effective with early learning homeschool tutoring learning disabilities dyslexia language skills older students spelling improvement adult beginners english as a second language how to teach anyone to read is a simple captivating and fun way to jumpstart your child into reading and quickly empower him with the tools needed to begin his journey into the world of books speed read people decipher body language detect lies and understand human nature is it possible to analyze people without them saying a word yes it is learn how to become a mind reader and forge deep connections how to get inside people s heads without them knowing read people like a book isn t a normal book on body language of facial expressions yes it includes all of those things as well as new techniques on how to truly detect lies in your everyday life but this book is more about understanding human psychology and nature we are who we are because of our experiences and pasts and this guides our habits and behaviors more than anything else parts of this book read like the most interesting and applicable psychology textbook you ve ever read take a look inside yourself and others understand the subtle signals that you are sending out and increase your emotional intelligence patrick king is an internationally bestselling author and social skills coach his writing draws of a variety of sources from scientific research academic experience coaching and real

life experience learn the keys to influencing and persuading others what people's limbs can tell us about their emotions why lie detecting isn't so reliable when ignoring context diagnosing personality as a means to understanding motivation deducing the most with the least amount of information exactly the kinds of eye contact to use and avoid find shortcuts to connect quickly and deeply with strangers the art of reading and analyzing people is truly the art of understanding human nature consider it like a cheat code that will allow you to see through people's actions and words decode people's thoughts and intentions and you can go in any direction you want with them describes the philosophy of the daily 5 teaching structure includes a collection of literacy tasks for students to complete daily and shares the daily 3 for math the digital revolution has transformed reading onscreen text audiobooks podcasts and videos often replace print we make these swaps for pleasure reading but also in schools how we read now is a ringside seat to the impact of reading medium on learning teachers administrators librarians and policymakers need to make decisions about classroom materials college students must weigh their options and parents face choices for their children digital selections are often based on cost or convenience not educational evidence current research offers essential findings about how print and digital reading compare when the aim is learning yet the gap between what scholars and the larger public know is huge how we read now closes the gap the book begins by sizing up the state of reading today revealing how little reading students have been doing the heart of the book connects research insights to practical applications baron draws on work from international researchers along with results from her collaborative studies of student reading practices ranging from middle school through college the result is an impartial view of the evidence including where the jury is still out the book closes with two challenges the first is that students increasingly complain print is boring and second for all the educational buzz

about teaching critical thinking digital reading is inherently ill suited for cultivating these habits of mind since screens and audio are now entrenched and valuable platforms for reading we need to rethink how to help learners use them wisely step by step detailed directions to provide anyone the necessary tools to easily teach someone any age to learn to read the author a former elementary educator shows that teaching and learning reading can be fun and satisfying peoples shows the reader how to find and teach any missing skills ideal for parents volunteers in literacy programs teachers and friends the book s 6 units include easy to follow lesson plans tips on how to teach the way students learn best series of unique yarns to make phonics memorable appendices of sounds rules and words the cult classic that predicted the rise of fake news revised and updated for the post trump post gawker age hailed as astonishing and disturbing by the financial times and essential reading by techcrunch at its original publication former american apparel marketing director ryan holiday s first book sounded a prescient alarm about the dangers of fake news it s all the more relevant today trust me i m lying was the first book to blow the lid off the speed and force at which rumors travel online and get traded up the media ecosystem until they become real headlines and generate real responses in the real world the culprit marketers and professional media manipulators encouraged by the toxic economics of the news business whenever you see a malicious online rumor costs a company millions politically motivated fake news driving elections a product or celebrity zooming from total obscurity to viral sensation or anonymously sourced articles becoming national conversation someone is behind it often someone like ryan holiday as he explains i wrote this book to explain how media manipulators work how to spot their fingerprints how to fight them and how if you must to emulate their tactics why am i giving away these secrets because i m tired of a world where trolls hijack debates marketers help write the news opinion

masquerades as fact algorithms drive everything to extremes and no one is accountable for any of it i m pulling back the curtain because it s time the public understands how things really work what you choose to do with this information is up to you do you want to learn how to read people do you want to walk into a room and instantly have a good idea of what the people around you are really thinking james has always been captivated with body language and how it affected communication shows like csi or the mentalist or lie to me have always fascinated him because these shows talk about body language how people communicate verbally and how knowledge of these things can lead to having a slight edge in life you will understand how unconscious decisions of people turn into conscious predictions and conclusions by people who know exactly what to look for it s easier than you think and it is definitely fascinating in how to read people like a book we will go deep into exploring body language not just to understand people but to also connect with them after all why do we find the need to interpret and understand what people say and do because we want to connect with them create relationships and be part of a community how to read people like a book will teach you to better understand people through verbal and non verbal reading skills thereby allowing you to better function as a part of a growing community here are some of the things you will discover how exactly will reading body language help you and how accurate is it really the myths and facts so you ll know exactly what to look for going in the different personality types and how they affect behavior not everyone has the same mannerisms gestures and characteristics when outside you will become aware of the existence of these different personality types in order to adjust to their various temperaments the differences between an extrovert and an introvert the basic personality characterizations that you need to know about and will predict how you can best communicate with these people the different communication styles and what should you be using in different

settings remember you always want to create just the right amount of impression when meeting someone whether new or old the secret factors that motivates people into doing things this small unseen and unfelt motivation is the primary moving factor for people s behaviors if you can decipher that then you can figure out the messages their behaviors are trying to tell you verbal communication and how to dig deeper or read between the lines the art of thin slicing allowing you to make accurate judgments based only on thin slices of a pie exploring your personality and how you uniquely can make connections with people and forge relationships without veering away from who you really are and much more being connected with people and forging strong friendships is one of the hallmarks of a successful life this book will show you how to be able to grab life by the horns and achieve your full potential when it comes to people forging friendships and social ties that will last for a life time so if you re ready click buy now and learn how you can read people like a book too the old saying goes to the man with a hammer everything looks like a nail but anyone who has done any kind of project knows a hammer often isn t enough the more tools you have at your disposal the more likely you ll use the right tool for the job and get it done right the same is true when it comes to your thinking the quality of your outcomes depends on the mental models in your head and most people are going through life with little more than a hammer until now the great mental models general thinking concepts is the first book in the great mental models series designed to upgrade your thinking with the best most useful and powerful tools so you always have the right one on hand this volume details nine of the most versatile all purpose mental models you can use right away to improve your decision making productivity and how clearly you see the world you will discover what forces govern the universe and how to focus your efforts so you can harness them to your advantage rather than fight with them or worse yet ignore them upgrade your mental

toolbox and get the first volume today author biography farnam street fs is one of the world s fastest growing websites dedicated to helping our readers master the best of what other people have already figured out we curate examine and explore the timeless ideas and mental models that history s brightest minds have used to live lives of purpose our readers include students teachers ceos coaches athletes artists leaders followers politicians and more they re not defined by gender age income or politics but rather by a shared passion for avoiding problems making better decisions and lifelong learning author home ottawa ontario canada how to read now explores the politics and ethics of reading and insists that we are capable of something better a more engaged relationship not just with our fiction and our art but with our buried and entangled histories a book that doesn t seek to shut down the current literary discourse so much as shake it up the new york times book review offering its audience the opportunity to look past the simplicity we re all too often spoon fed into order to restore ourselves to chaos and complexity a way of seeing and reading that demands so much more of us but offers even more in return los angeles times i gasped shouted and holler laughed while reading these essays from the phenomenal elaine castillo what powerful writing what a rigorous mind for as long as i live i want to read anything castillo writes and you probably do too r o kwon author of the incendiaries how many times have we heard that reading builds empathy that we can travel through books how often have we were heard about the importance of diversifying our bookshelves or claimed that books saved our lives these familiar words beautiful aspirational are sometimes even true but award winning novelist elaine castillo has more ambitious hopes for our reading culture and in this collection of linked essays she moves to wrest reading away from the cotton candy aspirations of uniting people in empathetic harmony and reposition it as thornier ultimately more rewarding work vulture how to read now explores the politics and ethics of reading and

insists that we are capable of something better a more engaged relationship not just with our fiction and our art but with our buried and entangled histories smart funny galvanizing and sometimes profane castillo attacks the stale questions and less than critical proclamations that masquerade as vital discussion reimagining the cartography of the classics building a moral case against the settler colonialism of lauded writers like joan didion taking aim at nobel prize winners and toppling indie filmmakers and celebrating glorious moments in everything from popular tv like the watchmen to the films of wong kar wai and the work of contemporary poets like tommy pico at once a deeply personal and searching history of one woman s reading life and a wide ranging and urgent intervention into our globalized conversations about why reading matters today how to read now empowers us to embrace a more complicated embodied form of reading inviting us to acknowledge complicated truths ignite surprising connections imagine a more daring solidarity and create space for a riskier intimacy within ourselves and with each other the 1 new york times bestseller over 10 million copies sold tiny changes remarkable results no matter your goals atomic habits offers a proven framework for improving every day james clear one of the world s leading experts on habit formation reveals practical strategies that will teach you exactly how to form good habits break bad ones and master the tiny behaviors that lead to remarkable results if you re having trouble changing your habits the problem isn t you the problem is your system bad habits repeat themselves again and again not because you don t want to change but because you have the wrong system for change you do not rise to the level of your goals you fall to the level of your systems here you ll get a proven system that can take you to new heights clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work here he draws on the most proven ideas from biology psychology and neuroscience to create an easy to understand guide for

making good habits inevitable and bad habits impossible along the way readers will be inspired and entertained with true stories from olympic gold medalists award winning artists business leaders life saving physicians and star comedians who have used the science of small habits to master their craft and vault to the top of their field learn how to make time for new habits even when life gets crazy overcome a lack of motivation and willpower design your environment to make success easier get back on track when you fall off course and much more atomic habits will reshape the way you think about progress and success and give you the tools and strategies you need to transform your habits whether you are a team looking to win a championship an organization hoping to redefine an industry or simply an individual who wishes to quit smoking lose weight reduce stress or achieve any other goal this book made me happy in the first five pages aj jacobs author of the year of living biblically one man s humble quest to follow the bible as literally as possible award winning author gretchen rubin is back with a bang with the happiness project the author of the bestselling 40 ways to look at winston churchill has produced a work that is a cross between the dalai lama s the art of happiness and elizabeth gilbert s eat pray love sonya lyubomirsky author of the how of happiness a scientific approach to getting the life you want in the vein of julie and julia the happiness project describes one person s year long attempt to discover what leads to true contentment drawing at once on cutting edge science classical philosophy and real world applicability rubin has written an engaging eminently relatable chronicle of transformation ethnography centers on the culture of everyday life so it is ironic that most scholars who do research on the intimate experiences of ordinary people write their books in a style that those people cannot understand in recent years the ethnographic method has spread from its original home in cultural anthropology to fields such as sociology marketing media studies law criminology education cultural studies history

geography and political science yet while more and more students and practitioners are learning how to write ethnographies there is little or no training on how to write ethnographies well from notes to narrative picks up where methodological training leaves off

kristen ghodsee an award winning ethnographer addresses common issues that arise in ethnographic writing ghodsee works through sentence level details such as word choice and structure she also tackles bigger picture elements such as how to incorporate theory and ethnographic details how to effectively deploy dialogue and how to avoid distracting elements such as long block quotations and in text citations she includes excerpts and examples from model ethnographies the book concludes with a bibliography of other useful writing guides and nearly one hundred examples of eminently readable ethnographic books

time s 1 fiction title of the year new york times notable book of 2018 finalist for the man Booker prize and the national book critics circle award longlisted for the andrew Carnegie medal an instant new york times bestseller from two time national book award finalist rachel kushner the mars room earned tweets from margaret atwood gritty empathic finely rendered no sugar toppings and a lot of punches none of them pulled and from stephen king the mars room is the real deal jarring horrible compassionate funny it s 2003 and romy hall named after a german actress is at the start of two consecutive life sentences at stanville women s correctional facility deep in california s central valley outside is the world from which she has been severed her young son jackson and the san francisco of her youth inside is a new reality thousands of women hustling for the bare essentials needed to survive the bluffing and pageantry and casual acts of violence by guards and prisoners alike and the deadpan absurdities of institutional living portrayed with great humor and precision stunning and unsentimental the mars room is wholly authentic profound luminous the wall street journal one of those books that enrage you even as they break your heart the new york

times book review cover review a spectacularly compelling heart stopping novel about a life gone off the rails in contemporary america it is audacious and tragic propulsive and yet beautifully refined and affirms rachel kushner as one of our best novelists entertainment weekly when you read like a writer rlw you work to identify some of the choices the author made so that you can better understand how such choices might arise in your own writing the idea is to carefully examine the things you read looking at the writerly techniques in the text in order to decide if you might want to adopt similar or the same techniques in your writing you are reading to learn about writing instead of reading for content or to better understand the ideas in the writing which you will automatically do to some degree anyway you are trying to understand how the piece of writing was put together by the author and what you can learn about writing by reading a particular text as you read in this way you think about how the choices the author made and the techniques that he she used are influencing your own responses as a reader what is it about the way this text is written that makes you feel and respond the way you do in this delightfully witty provocative book literature professor and psychoanalyst pierre bayard argues that not having read a book need not be an impediment to having an interesting conversation about it in fact he says in certain situations reading the book is the worst thing you could do using examples from such writers as graham greene oscar wilde montaigne and umberto eco he describes the varieties of non reading from books that you ve never heard of to books that you ve read and forgotten and offers advice on how to turn a sticky social situation into an occasion for creative brilliance practical funny and thought provoking how to talk about books you haven t read which became a favorite of readers everywhere in the hardcover edition is in the end a love letter to books offering a whole new perspective on how we read and absorb them this unique program teaches listeners how to decode and reply to non verbal

signals from friends and business associates when those signals are often vague and thus frequently ignored

kat lomb 1909 2003 was one of the great polyglots of the 20th century a translator and one of the first simultaneous interpreters in the world lomb worked in 16 languages for state and business concerns in her native hungary she achieved further fame by writing books on languages interpreting and polyglots polyglot how i learn languages first published in 1970 is a collection of anecdotes and reflections on language learning because dr lomb learned her languages as an adult after getting a phd in chemistry the methods she used will be of particular interest to adult learners who want to master a foreign language read this book and become a happy nongambler for the rest of your life

allen carr s easyway is a global phenomenon it has helped millions of smokers from all over the world and has also been successfully applied to a wide range of other issues including drinking overeating and overspending here the method addresses the fastest growing social problem of modern times gambling allen carr explains how gamblers fall into the trap and why they keep gambling despite knowing that it s ruining their lives by explaining the nature of the trap he removes the desire to gamble and the fears that keep you hooked most important of all you will not feel that you ve made a sacrifice you will not miss gambling and you will enjoy life to the full without feeling in any way deprived what people say about allen carr s easyway method the allen carr program was nothing short of a miracle

anjelica huston it was such a revelation that instantly i was freed from my addiction sir anthony hopkins his skill is in removing the psychological dependence the sunday times div in her entertaining and edifying new york times bestseller acclaimed author francine prose invites you to sit by her side and take a guided tour of the tools and tricks of the masters to discover why their work has endured written with passion humour and wisdom reading like a writer will inspire readers to return to literature with a fresh eye and an eager heart

to take pleasure in the long and magnificent sentences of philip roth and the breathtaking paragraphs of isaac babel to look to john le carré for a lesson in how to advance plot through dialogue and to flannery o connor for the cunning use of the telling detail to be inspired by emily brontë s structural nuance and charles dickens s deceptively simple narrative techniques most importantly prose cautions readers to slow down and pay attention to words the raw material out of which all literature is crafted and reminds us that good writing comes out of good reading div
