*Marine Corps Manual 1949 the entrepreneurial investor will inspire you to treat investing like a business and
to think of yourself as an owner through solid examples and a light narrative paul orfalea skillfully explores
the essence of the entrepreneurial investor which includes balancing the art and science of this discipline and
viewing investing itself as a business along the way he also examines how the elements of focus opportunism
and involvement can improve your overall investment results*

*Flying Magazine 1979-09 if you were to account for your life at this moment are you living up to your own
potential does your present state of affairs give you reason to be disappointed or discouraged is your job
unsatisfying your relationships far from what they could be your spiritual life a mere shadow of what it once*

was if you answered yes to one or more of these questions then there is a very good chance you like scores of other americans have been lulled into accepting a life that is simply good enough this is what i term a mediocre me mindset a confining way of thinking about your role in the world that convinces you to settle for the perceived safety of the status quo rather than push outside your comfort zone to try and make tomorrow a little better than you found it today in mediocre me you will find a simple yet profoundly powerful approach to rethinking the way you view your role in the world it s a proven means of breaking free from the grasp of mediocrity so you can lead a life of true purpose meaning and significance and perhaps the best part of all it s not a new idea the concepts in mediocre me are actually anchored in an over two thousand year old legend one that reminds us we are at our individual and collective best not when we are standing still unwitting prisoners of the status quo but rather when we are unafraid to reject apathy and embrace action by leading the positive change we want to see occur in our surroundings ralph waldo emerson once wrote america is another name for opportunity at a time in our nation s history when we seem more divided than united more fearful than hopeful there can be no more fence sitting it s time to begin writing a different more empowering personal leadership story of your own one that will energize you to do what you can when you can where you can to be a force for good in your part of the world when doing so is needed now more than ever
