comparative literature here until august tracks the shimmer of precarious moments and transient moods with devastating precision in their steady excavation of intimacy these spacious stories bring alice munro to mind i underlined sentence after sentence as i read for their beauty their clarity and their wisdom josephine rowe is a breathtakingly good writer and this is a marvelous book michelle de kretser the stories in here until august follow the fates of characters who by choice or by force are traveling beyond the boundaries of their known worlds these are people who move with the seasons we meet them negotiating reluctant or cowardly departures navigating uncertain returns or biding the disquieting calm that so often precedes moments of decisive action in one story an agoraphobic french e migre compulsively watches disturbing footage from the other side of the world as she attempts to keep a dog named chavez out of trouble in another a young couple weather the interiority of a montreal winter more attuned to the illicit goings on of their neighbors than to their own hazy unfolding futures other stories play out against the fictional counterparts of iconic australian and american locales places that are recognizable but set just beyond the brink of familiarity flooded townships and distant islands sunlit woodlands or paths made bright by ice places of unpredictable access and spaces scrubbed from maps from the catskills to new south wales from the remote and abandoned island outposts of newfoundland to the sprawl of a north american metropolis these transformative stories show how the places where we choose to live our lives can just as easily turn us inward as outward here s 11 year old henni s original version of what her gang did when the phonies moved into their street and started to spoil everything it s fast and funny and you never know what s going to happen next marina è una stella che vive in fondo al mare un giorno la medusa le dice che lei partirà per un lungo viaggio verso il mare che non c è sì perché il mare dove vive anche marina è sporco pieno di rifiuti mentre l altro è pulito e pieno di pesci colorati l intrepida stella marina però non ci sta ad abbandonare il mare dove è nata e cresciuta e insieme ai suoi amici e alle sue amiche decide di ripulirlo riusciranno a far capire agli esseri umani che non devono più inquinare una deliziosa fiaba per bambini e bambine dal nido alla scuola primaria l autrice affronta attraverso un linguaggio semplice il tema dell educazione ambientale e dell educazione alla parità di genere sandra genovesi è un educatrice di nido da diversi anni ruolo che l ha portata a realizzare storie per bambini e bambine nata e cresciuta in versilia durante l infanzia quando la mamma e il babbo lavoravano trascorrevano l estate al mare tra giochi con la sabbia e bagni interminabili ciò è stato molto significativo e di stimolo alla scrittura di alcuni racconti anche l esperienza nelle scuole dell infanzia e nelle scuole primarie della versilia in qualità di insegnante è stata altrettanto importante infatti l esperienza ludico didattica ha caratterizzato la sua scrittura mentre le bambine e i bambini l hanno ispirata nella fantasia la forma delle storie nonché le tematiche affrontate risentono in maniera accentuata dell influenza formativa degli studi pedagogico didattici cerca così di contribuire a una letteratura per l infanzia che sia contemporaneamente leggerezza e riflessività nella speranza di poter regalare belle emozioni e pensieri profondi sarah thomson and marco donato s complicated love affair continues their passion is a deep one but both have been badly hurt before and are wary of exposing their vulnerabilities to the other as one of the best known survivors of the concentration camps primo levi s testimony to his experiences in auschwitz is internationally recognised as one of the most significant works of the last century this volume examines each of levi s works in detail assessing and analysing the influence of levi s time in auschwitz on his writing it identifies a variety of thematic temporal stylistic and linguistic echoes of levi s concentration camp testimony and traces these echoes throughout his subsequent apparently unrelated work the book provides original and fascinating insights into the works of this remarkable writer giving readers a new understanding and perspective on the immense significance and the
