mayfield amanda monnier jill kinworthy phillips cris rodriguez patty mcfarland rogers micaela royer patricia wooster cindy zuelsdorf the new york times bestselling guide to thinking like literature s greatest detective steven pinker meets sir arthur conan doyle boston globe by the author of the confidence game no fictional character is more renowned for his powers of thought and observation than sherlock holmes but is his extraordinary intellect merely a gift of fiction or can we learn to cultivate these abilities ourselves to improve our lives at work and at home we can says psychologist and journalist maria konnikova and in mastermind she shows us how beginning with the brain attic holmes s metaphor for how we store information and organize knowledge konnikova unpacks the mental strategies that lead to clearer thinking and deeper insights drawing on twenty first century neuroscience and psychology mastermind explores holmes s unique methods of ever present mindfulness astute observation and logical deduction in doing so it shows how each of us with some self awareness and a little practice can employ these same methods to sharpen our perceptions solve difficult problems and enhance our creative powers for holmes aficionados and casual readers alike konnikova reveals how the world s most keen eyed detective can serve as an unparalleled guide to upgrading the mind you ve just found the ultimate erotic science fiction series it s 2779 and a retired terran federation marine has taken up life as a trader follow john blake s adventures as he travels the galaxy on his freighter the fool s gold this is the first book in a massive epic full of beautiful women rampaging aliens gunfights space combat and a mysterious heritage that will shake the foundations of the galaxy a multi award winning adult space opera by m tefler in the aftermath of a shattering illness lonni sue johnson lives in a perpetual now where she has almost no memories of the past and a nearly complete inability to form new ones the perpetual now is the moving story of this exceptional woman and the groundbreaking revelations about memory learning and consciousness her unique case has uncovered lonni sue johnson was a renowned artist who regularly produced covers for the new yorker a gifted musician a skilled amateur pilot and a joyful presence to all who knew her but in late 2007 she contracted encephalitis the disease burned through her hippocampus like wildfire leaving her severely amnesic living in a present that rarely progresses beyond ten to fifteen minutes remarkably she still retains much of the intellect and artistic skills from her previous life but it s not at all clear how closely her consciousness resembles yours or mine as such lonni sue s story has become part of a much larger scientific narrative one that is currently challenging traditional wisdom about how human memory and awareness are stored in the brain in this probing compassionate and illuminating book award winning science journalist michael d lemonick uses the unique drama of lonni sue johnson s day to day life to give us a nuanced and intimate understanding of the science that lies at the very heart of human nature in this compelling and influential work joseph campbell scours the myths of the world to reveal the characteristics common to heroes from all cultures and periods what s scarier than a murderer someone with the charisma to compel others to kill for them or to kill themselves meet these cult leaders and get an inside look at their beliefs and how they controlled others some cults led by leaders like charlie manson jim jones and david koresh are notorious but others are less well known such as shoko asahara and his doomsday cult aum shinrikyo who orchestrated the sarin gas attack on the tokyo subway or joseph di mambro and luc jouret who founded the order of the solar temple a doomsday cult that led to the death of 51 members by murder or suicide then there is marshall applewhite leader of heaven s gate who along with 38 followers killed themselves in the belief that the hale bopp comet signaled the arrival of a spaceship that would transport them to a higher plane of existence what makes cult leaders so compelling is their often unfathomable power over their adherents why do people kill others or themselves for a questionable set of beliefs killer cults tells the stories behind both famous and unfamiliar cults and the people behind them across a series of profiles we learn the jaw dropping truth behind some of the most mystifying and deadly cults and their leaders all of whom led their followers down a dark murderous path spectacular the action is unrelenting electrifying boston sunday herald the news is shattering the director of the cia harrison sinclair has been killed in a car accident sinclair may have been a traitor or the agency s last honest man even his son in law ben ellison an attorney and ex agent has heard rumors of sinister forces within the agency that could have ordered sinclair s assassination soon he is thrust into a web of intrigue and violence beyond his control back into the cia and lured into a top secret espionage project in telepathic ability funded by american intelligence gripping drama in which nothing is quite what it seems

seattle times as the project s first success ben uses his extraordinary powers in the perilous search for vladimir orlov the exiled former chairman of the kgb and the only man who might unlock the secret of sinclair s death and the whereabouts of a multibillion dollar fortune in gold spirited out of russia in the last days of the soviet union the hunt for the truth will bring ben face to face with his past and culminate in a crowded washington hearing room where behind high security barriers a senate investigating committee is about to call its secret witness as an assassin prepares to strike in joseph finder s extraordinary powers an extraordinary powerful book ingeniously plotted fast paced and frighteningly credible nelson demille the mutants masterminds superhero roleplaying smartest people in the world understand something that the rest of us don t they do what if they know that in order to achieve success they will sometimes have to do things that others may initially perceive as stupid the fact of the matter is that the smartest people in the world don t run from stupid they lean into it in a smart way in the power of starting something stupid richie norton redefines stupid as we know it demonstrating that life changing ideas are often tragically mislabeled stupid what if the key to success creativity and fulfillment in your life lies in the potential of those stupid ideas this deeply inspiring book will teach you how to crush fear make dreams happen and live without regret how to overcome obstacles such as lack of time lack of education or lack of money the 5 actions of the new smart to achieve authentic success no more excuses learn how to start something stupid the smartest thing you can do drawing on years of research including hundreds of face to face interviews and some of the world s greatest success stories past and present richie shows you how stupid is the new smart the common denominator for success creativity and innovation in business and life a rigorous compelling and balanced examination of the british public school system and the inequalities it entrenches private schools are institutions that children who are already privileged attend and have those privileges further entrenched almost certainly for life through a high quality richly resourced education the engines of privilege contends that in a society that mouths the virtues of equality of opportunity of fairness and of social cohesion the continuation of this educational apartheid amounts to an act of national self harm that does all of us serious damage intrinsic to any vision of the future of britain has to be the nature of our educational system yet the quality of conversation on the issue of private education remains surprisingly sterile patchy and highly subjective accessible evidence based and inclusive engines of privilege aims to kick start a long overdue national debate clear vigorous prose is combined with forensic analysis to compelling effect illuminating the painful contrast between the importance of private schools in british society and the near absence of serious policy making debate above all on the left a photo
