about progress and success and give you the tools and strategies you need to transform your habits whether you are a team looking to win a championship an organization hoping to redefine an industry or simply an individual who wishes to quit smoking lose weight reduce stress or achieve any other goal

Invitation to Draw 2021-06-15 help children draw and think more creatively by inspiring them with interesting and challenging art prompts and questions invitation to draw offers 99 open ended drawing prompts each one proposing a question to investigate that encourages children to free associate and problem solve the perforated pages make it easy to tear out prompts for on the go activities or allowing multiple kids to draw at the same time a blank cake provides the chance to decorate a dream confection an empty house inspires stories about who lives there and a grid of triangles supplies the chance to explore abstract art what might be hiding in that tree what sort of robot can you design the possibilities are endless drawing prompts inspire and encourage kids to think and draw differently and sometimes more creatively than they might when faced with a blank page by offering constraints such as a pair of eyes or an empty car and asking a question children begin thinking about the possibilities and answering the question in their heads even before they put pen or marker or crayon to paper and through the act of drawing and observing the drawing unfold the brain continues to think and problem solve opening up all kinds of creative possibilities around that specific idea

Mindful Parenting 2014-01-07 an expert in child family and school psychology and the founder of mindful life presents a revolutionary approach to parenting that rooted in the science of the brain and integrating cognitive neuroscience and child development helps children feel happier healthier less anxious and less

stressed original

X-Plan Parenting 2019-06-11 winner of the gold medal for best christian family and parenting book of 2020 by the illumination book awards the creator of the viral parenting concept the x plan illuminates the importance of awakening your child s unique strength while also taking an introspective look at your own life story to become a better parent last year father and former teacher bert fulks s simple parenting idea went viral if your teenagers find themselves in a situation where they feel uncomfortable or trapped they can text a family member an x that family member will then call giving the teen a way out while still maintaining their freedom and no questions will be asked now in x plan parenting fulks expands on the how and the why behind his plan emphasizing the importance of developing trusting relationships with our kids drawing on biblical principles fulks s approach illuminates how even though we want the very best for our children we sometimes parent from a place of brokenness and a desire for control rather than support and encouragement we focus on our mistakes and painful growing up moments and the things we wish we d had when we were kids instead of what s best for our own children right now this dynamic can pit kids against their parents and create rifts in the relationship fulks advocates for an alliance between children and parents instead of an us vs them mentality rather than spending so much time coaxing or battling our kids fulks inspires us to work with our kids instead of against them and rather than trying to right our own past wrongs vicariously through our children he urges us to recognize where we need healing so we can provide authentic strength to support our kids unique journeys there is a tender art to disciplining our kids and x plan parenting serves up laughter and tears hard questions and plenty of grace to moms and dads who want

their kids to love god and lead passionate joyful lives in an unpredictable world

It's OK Not to Share and Other Renegade Rules for Raising Competent and Compassionate Kids 2012-08-02
parenting can be such an overwhelming job that it's easy to lose track of where you stand on some of the more controversial subjects at the playground what if my kid likes to rough house isn't this ok as long as no one gets hurt and what if my kid just doesn't feel like sharing in this inspiring and enlightening book heather shumaker describes her quest to nail down the rules to raising smart sensitive and self-sufficient kids drawing on her own experiences as the mother of two small children as well as on the work of child psychologists pediatricians educators and so on in this book shumaker gets to the heart of the matter on a host of important questions hint many of the rules aren't what you think they are the rules in this book focus on the toddler and preschool years an important time for laying the foundation for competent and compassionate older kids and then adults here are a few of the rules it's ok if it's not hurting people or property bombs guns and bad guys allowed boys can wear tutus pictures don't have to be pretty paint off the paper sex ed starts in preschool kids don't have to say sorry love your kid's lies it's ok not to share is an essential resource for any parent hoping to avoid playdategate i.e. your child's behavior in a social interaction with another child clearly doesn't meet with another parent's approval

All Joy and No Fun 2014-01-28 thousands of books have examined the effects of parents on their children in all joy and no fun award-winning journalist jennifer senior now asks what are the effects of children on their parents in all joy and no fun award-winning journalist jennifer senior tries to tackle this question isolating and analyzing the many ways in which

children reshape their parents lives whether it s their marriages their jobs their habits their hobbies their friendships or their internal senses of self she argues that changes in the last half century have radically altered the roles of today s mothers and fathers making their mandates at once more complex and far less clear recruiting from a wide variety of sources in history sociology economics psychology philosophy and anthropology she dissects both the timeless strains of parenting and the ones that are brand new and then brings her research to life in the homes of ordinary parents around the country the result is an unforgettable series of family portraits starting with parents of young children and progressing to parents of teens through lively and accessible storytelling senior follows these mothers and fathers as they wrestle with some of parenthood s deepest vexations and luxuriate in some of its finest rewards meticulously researched yet imbued with emotional intelligence all joy and no fun makes us reconsider some of our culture s most basic beliefs about parenthood all while illuminating the profound ways children deepen and add purpose to our lives by focusing on parenthood rather than parenting the book is original and essential reading for mothers and fathers of today and tomorrow

The Connected Parent 2020-10-06 an essential guide for parents navigating the new frontier of hyper connected kids today s teenagers spend about nine hours per day online parents of this ultra connected generation struggle with decisions completely new to parenting should an eight year old be allowed to go on social media how can parents help their children gain the most from the best aspects of the digital age how can we keep kids safe from digital harm john palfrey and urs gasser bring together over a decade of research at harvard to tackle parents most urgent concerns the connected parent is required reading for anyone trying

to help their kids flourish in the fast changing uncharted territory of the digital age

Love, Money, and Parenting 2020-11-03 doepke and zilibotti investigate how economic forces shape how parents raise their children they show that in countries with increasing economic inequality such as the united states parents push harder to ensure their children have a path to security and success economics has transformed the hands off parenting of the 1960s and 70s into a frantic overscheduled activity growing inequality has also resulted in an increasing parenting gap between richer and poorer families raising the disturbing prospect of diminished social mobility and

fewer opportunities for children from disadvantaged backgrounds the authors discuss how investments in early childhood development and the design of education systems factor into the parenting equation and how economics can help shape policies that will contribute to the ideal of equal opportunity for all from publisher description
