the cofounder of steely dan in his entertaining debut as an author donald fagen musician songwriter and cofounder of steely dan reveals the cultural figures and currents that shaped his artistic sensibility as well as offering a look at his college days and a hilarious account of life on the road fagen presents the eminent hipsters who spoke to him as he was growing up in a bland new jersey suburb in the early 1960s his colorful mind expanding years at bard college where he first met his musical partner walter becker and the agonies and ecstasies of a recent cross country tour with michael mcdonald and boz scaggs acclaimed for his literate lyrics and complex arrangements as a musician fagen here proves himself a sophisticated writer with his own distinctive voice courageous and inspiring karen armstrong author of the case for god james carroll takes us to the heart of one of the great crises of our times stephen greenblatt author of the swerve an eloquent memoir by a former priest and national book award winning writer who traces the roots of the catholic sexual abuse scandal back to the power structure of the church itself as he explores his own crisis of faith and journey to renewal named one of the best books of the year by publishers weekly james carroll weaves together the story of his quest to understand his personal beliefs and his relationship to the catholic church with the history of the church itself from his first awakening of faith as a boy to his gradual disillusionment as a catholic carroll offers a razor sharp examination both of himself and of how the church became an institution that places power and dominance over people through an all male clergy carroll argues that a male supremacist clericalism is both the root cause and the ongoing enabler of the sexual abuse crisis the power structure of clericalism poses an existential threat to the church and compromises the ability of even a progressive pope like pope francis to advance change in an institution accountable only to itself carroll traces this dilemma back to the roman empire and the middle ages when scripture jesus christ and his teachings were reinterpreted as the church became an empire in a deeply personal re examination of self carroll grapples with his own feelings of being chosen his experiences as a priest and the moments of doubt that made him leave the priesthood and embark on a long personal journey toward renewal including his tenure as an op ed columnist at the boston globe writing about sexual abuse in the church ultimately carroll calls on the church and all reform minded catholics to revive the culture from within by embracing anti clerical anti misogynist resistance and staying grounded in the spirit of love that is the essential
