outlandish fun making money balances satire knockabout farce and close observation of human and non human foibles with impressive dexterity and deceptive ease the result is another ingenious entertainment from the preeminent comic fantasist of our time washington post the hero of going postal returns in the 36th installment of sir terry pratchett s beloved discworld series moist von lipwig condemned prisoner turned postal worker extraordinaire is now in charge of a different branch of the government overseeing the printing of ankh morpork s first paper currency amazingly former arch swindler turned postmaster general moist von lipwig has somehow managed to get the woefully inefficient ankh morpork post office running like well not like a government office at all now the supreme despot lord vetinari is asking moist if he d like to make some real money vetinari wants moist to resuscitate the venerable royal mint so that perhaps it will no longer cost considerably more

than a penny to make a penny moist doesn't want the job however a request from Ankh Morpork's current ruling tyrant isn't a request per se more like a once in a lifetime offer you can certainly refuse if you feel you've lived quite long enough so Moist will just have to learn to deal with elderly royal bank chairman Topsy née Turvy Lavish and her two loaded crossbows a face-lapping mint manager and a chief clerk who's probably a vampire but he'll soon be making lethal enemies as well as money especially if he can't figure out where all the gold has gone the Discworld novels can be read in any order but Making Money is the second book in the Moist von Lipwig series in a city like Ankh Morpork where assassins assassinate thieves thieves and seamstresses um don't law and order can be a complicated business thankfully His Grace His Excellency the Duke of Ankh Morpork Commander Sir Samuel Vimes Blackboard Monitor and the Ankh Morpork City Watch are here to keep the peace the finest body of men women dwarfs trolls werewolves golems igors gnomes feegles vampires and whatever nobby nobbs is on the face of the Discworld the Ankh Morpork City Watch journal provides jotting space for your notes reports observations and investigations so kick back relax and take down your particulars to help you keep on the straight and narrow you'll be aided and abetted by some choice quotes from Terry Pratchett's seminal City Watch novels named as one of the BBC's 100 most inspiring novels it was octarine the colour of magic it was alive and glowing and vibrant and it was the undisputed pigment of the imagination somewhere between thought and reality exists the Discworld a magical world not totally unlike our own except for the fact that it travels through space on the shoulders of four giant elephants who in turn stand on the shell of an astronomically huge star turtle of course Rincewind is the world's worst wizard who has just been handed a very important job to look after the world's first tourist upon whose survival rests the peace and prosperity of the land unfortunately their journey across the disc includes facing robbers monsters mercenaries and death himself and the whole thing

s just a game of the gods that might send them over the edge if you ve never read a discworld novel what s the matter with you guardian pratchett uses his other world to hold up a distorting mirror to our own the times the colour of magic is the first book in the wizards series but you can read the discworld novels in any order there s a saying that all roads lead to ankh morpork and it s wrong all roads lead away from ankh morpork but sometimes people just walk along the wrong way from moving pictures ankh morpork city of one thousand surprises according to the famous publication by the guild of merchants all human life is there although if it walks down the wrong alley often quite briefly the city celebrated in the bestselling discworld series by terry pratchett has been meticulously mapped for the first time it s all here from unseen university to the shades from major landmarks like the patrician s palace to little known er nooks like dwarf bread museum in whirligig alley see the famous streets along which so many heroes have walked in some cases quite hurriedly as leading ankh morpork entrepreneur c m o t dibbler would say a nip at any price and that s cutting our own throat well close greetings adventurer we lay before you this most comprehensive gazetteer encompassing all the streets of ankh morpork as well as information on its principal businesses hotels taverns inns and places of entertainment and refreshment enhanced by the all new and compleat map of our great city state our city has grown well beyond its ancient walls but the remit of this commission from the honourable guild of merchants was to map the city the pulsing organ of commerce and culture the heart as opposed to the body and this we have done in spades we ask that when you pore over this glorious work you spare some thought for the humble cartographers and surveyors who made journeys into the darker corners of our metropolis no less dangerous than the wilds of skund or bhangbhangduc to some the only memorial is the map you now possess others in their quest for knowledge paid the highest price that scholarship demands which is to say a day off in lieu and so we

dedicate this map and these accompanying words to the officers councilors and members of the merchants guild and to all who will find in its pages paths yet to tread and places yet to explore within the magnificent wonder that is the city of Ankh Morpork the sea has taken everything Mau is the only one left after a giant wave sweeps his island village away but when much is taken something is returned and somewhere in the jungle Daphne a girl from the other side of the globe is the sole survivor of a ship destroyed by the same wave together the two confront the aftermath of catastrophe drawn by the smoke of Mau and Daphne's sheltering fire other refugees slowly arrive children without parents mothers without babies husbands without wives all of them hungry and all of them frightened as Mau and Daphne struggle to keep the small band safe and fed they defy ancestral spirits challenge death himself and uncover a long hidden secret that literally turns the world upside down internationally revered storyteller Terry Pratchett presents a breathtaking adventure of survival and discovery and of the courage required to forge new beliefs they say that the way to a man's heart is through his stomach which just goes to show they're as confused about anatomy as they generally are about everything else unless they're talking about instructions on how to stab him in which case a better way is up and under the ribcage anyway we do not live in a perfect world and it is foresighted and useful for a young woman to become proficient in those arts which will keep a weak-willed man from straying learning to cook is also useful Nanny Ogg one of Discworld's most famous witches is passing on some of her huge collection of tasty and above all interesting recipes since everyone else is doing it but in addition to the delights of the strawberry wobbler and Nobby's mum's distressed pudding Mrs Ogg imparts her thoughts on life death etiquette if you go to other people's funerals they'll be sure to come to yours courtship children and weddings all in a refined style that should not offend the most delicate of sensibilities well not much most of the recipes have been tried out
