if we took a little more time when forming them the personality extraction pe profile provides you with a way to begin this process at the first intention of starting a relationship is when you begin your personality extraction this rule applies to both sexes though women need to be more cautious of the situations they place themselves in often first dates are where a woman runs into unforeseen problems that's why it is important to apply the fundamentals of dating know who you are dating where they come from their place of residence and something about their background ask to see some identification if they drive a car get a license number but do this very discretely however you do it make sure you get to know who you are dating the personality extraction pe is a good way to start the process of getting to know your mate you will come in contact with who he she really is or he she will fill you with lies caution is advised that while you are working on the personality extraction pe you must be patient until completing the pe as you watch your mate's personality unfold before your eyes we understand and perceive things we hear and see in different ways this is why the pe is arranged for the various ways people may view questions of course you have those who like to play word games but as you will see the pe will give them ample opportunities to give a truthful answer serious questions are asked in several ways to ensure no misunderstanding of the question asked you have to be able to track your mate's answers mentally to be able to use this portion of the
