forces during peacetime pjs keep their skills sharp with daring civilian rescues recovering victims from scorching deserts treacherous mountaintops or raging seas most people learned of the pjs in the perfect storm with its riveting account of how a helicopter of pjs from a squadron on long island plunged into the atlantic during a rescue senior master sergeant jack brehm was the pj supervisor that night and coordinated the dramatic rescue efforts life and death situations are all in a day s work for the pjs who are always on call ready to put their own lives on the line so that others may live in an age seemingly devoid of heroes these men are the real deal a close knit unit bound together by bravery and guts selflessness and sacrifice and the intense desire to both serve their country and live life on the edge that others may live is the thrilling story of jack brehm and his love affair with two things the pj way of life and his wife peggy the mother of his five children in 1977 twenty year old jack an aimless kid from long island made a decision that would alter the course of his life he decided to become a pj he entered superman school the indoctrination program where pjs are made it is the toughest program in the military more difficult than what the navy seals or army special ops go through no one flunks out it just gets harder and harder until most guys eliminate themselves in other programs candidates might say they can beat me but they can t kill me in superman school the candidates say they can kill me but they can t eat me jack brehm was transformed from a kid without a clue into a man with a purpose he and nine other men graduated in the class of 78 03 they had the right stuff more than eighty others in their class didn t that others may live is a vivid compelling account of jack s twenty years as a pj we see him and his fellow pjs climb mountains and battle storms to save lives struggle with their emotions as pj friends die wait anxiously to hear if they are called to war in a place such as kosovo or the persian gulf and try to keep their families together despite the enormous pressure of the job jack is luckier than most pjs for he has peggy and his five kids in the end it becomes clear who the real hero is in jack s life his rock solid wife jack may wear the parachute but peggy wears the pants every member of the special ops us air force pararescue jumpers the pjs swears by the motto that others may live a top secret mission to save a kidnapped saudi princess will put that oath to the ultimate test with a force of armed men a former mujahideen chases across the desert of yemen to recover his saudi wife kidnapped by her powerful father a prince of the kingdom the kidnapping turns violent she is badly wounded and the pjs are dropped into the vast sere badlands to rescue the princess and a young american diplomat swept up in the plot the mission becomes a minute by minute race between the pursuing husband s band of tribal allies and the pjs rushing to the rescue as the princess s life seeps away the empty quarter is a pulse quickening tour de force featuring the tactics and men of modern combat search and rescue and the complex politics of today s arabian peninsula it s a moving tale of desperate love and sacrifice set in the wastes of the rub al khali the world s largest and harshest sand desert presenting a
