la zanzara programma dal successo ultradecennale ideato da giuseppe cruciani e da lui condotto insieme a david parenzo su radio 24 è ormai andata oltre il semplice culto diventando l appuntamento fisso dichiarato e non per una folla sempre più ampia di ascoltatori di ogni età classe sociale e orientamento politico registra punte del 7 per cento di share oltre il doppio della media della radio che lo ospita e circa 400 000 unità per ogni blocco da un quarto d ora È quindi forse arrivato il momento di prenderla definitivamente sul serio collocandola fuori dalla stretta attualità e dalla curiosità momentanea in la zanzara tutto il resto è radio valdo gamberutti prova ad analizzare il fenomeno nel suo complesso mettendone in risalto gli aspetti strutturali e componendo un imperdibile glossarietto in cui vengono passati in rassegna dalla a alla z tutti i tormentoni gli episodi e i personaggi di culto che hanno maggiormente influenzato l universo multiforme del programma mentre giuseppe cruciani e david parenzo dicono la loro confermando o confutando gli elementi portanti del dibattito che li riguarda e raccontando i processi e le trasformazioni che hanno vissuto dall interno alla guida di un fenomeno che nonostante o grazie a i suoi detrattori ha fatto la storia e potrebbe continuare a farla in altre parole questo libro divertente e delizioso nella sua composta ironia è il tentativo di spiegare quello che nessuno è ancora riuscito a spiegare la zanzara è intrattenimento È satira È costume È uno specchio del paese o la sua caricatura o forse è senza troppi distinguo uno spettacolo che è quasi impossibile da ignorare malaria and rome is the first comprehensive study of malaria in ancient italy since the research of the distinguished italian malariologist angelo celli in the early twentieth century it demonstrates the importance of disease patterns and history in understanding the demography of ancient populations robert sallares argues that malaria became increasingly prevalent in roman times in central italy as a result of ecological change and alterations to the physical landscape such as deforestation making full use of contemporary sources and comparative material from other periods he shows that malaria had a significant effect on mortality rates in certain regions of roman italy robert sallares incorporates all the important advances made in many relevant fields since celli s time these include recent geomorphological research on the evolution of the coastal

environments of Italy that were notorious for malaria in the past biomolecular research on the evolution of malaria ancient DNA as a new source of evidence for malaria in antiquity the differentiation of mosquito species that permits understanding of the phenomenon of anophelism without malaria where the climate is optimal for malaria and Anopheles mosquitoes are present but there is no malaria and recent medical research on the interactions between malaria and other diseases the argument develops with a careful interplay between the modern microbiology of the disease and the Greek and Latin literary texts both contemporary sources and comparative material from other periods are used to interpret the ancient sources in addition to the medical and demographic effects on the Roman population malaria and Rome considers the social and economic effects of malaria for example on settlement patterns and on agricultural systems Robert Sallares also examines the varied human responses to and interpretations of malaria in antiquity ranging from the attempts at rational understanding made by the Hippocratic authors and Galen to the demons described in the magical papyri the history of sex education enables us to gain valuable insights into the cultural constructions of what different societies have defined as normal sexuality and sexual health yet the history of sex education has only recently attracted the full attention of historians of modern sexuality shaping sexual knowledge a cultural history of sex education in twentieth century Europe makes a considerable contribution not only to the cultural history of sexual enlightenment and identity in modern Europe but also to the history of childhood and adolescence the essays collected in this volume treat sex education in the broadest sense incorporating all aspects of the formal and informal shaping of sexual knowledge and awareness of the young the volume therefore not only addresses officially sanctioned and regulated sex education delivered within the school system and regulated by the state and in some cases the church but also the content iconography and experience of sexual enlightenment within the private sphere of the family and as portrayed through the media un altro anno è passato la revolución complicata della stagione firmata Luis Enrique è ormai solo un ricordo dopo un'annata esaltante al Pescara alla Roma arriva Zeman garanzia di bel calcio e tanti gol i tifosi tornano allo stadio con rinnovato entusiasmo e insieme a loro torna Kansas City 1927 il fenomeno calcistico del web italiano a raccontarci le avventure della squadra della capitale Diego Bianchi e Simone Conte descrivono nel loro inimitabile romanesco i volti nuovi schierati dal tecnico boemo il gioco offensivo le prime vittorie la difesa ballerina e poi le tremende sconfitte e l'inevitabile esonero con annessa disgregazione del sogno Zemaniano ma questi cupi risvolti non deprimono gli autori che continuano l'autoterapia di gruppo anche durante la gestione del traghettatore Andreazzoli il risultato è un secondo volume più irresistibile del primo impreziosito dalle tavole inedite di Zerocalcare ricco di citazioni colte e forte di una lingua variopinta e poetica che mescola una prosa gaddiana con una comicità alla Alberto Sordi e anche se la Roma rimane invischiata in una transizione senza fine Kansas City 1927 non si sottrae dal raccontare un campionato più difficile del previsto in attesa di tempi migliori con prefazione di Giuseppe Cruciani il problema sono quelli che chiamano non quelli che ascoltano gli appassionati della celebre trasmissione radiofonica la Zanzara avranno riconosciuto la citazione si tratta di uno dei moniti continuamente lanciati da David Parenzo ai danni della mitologica creatura di Giuseppe Cruciani che da anni anima la radio e il web con le sue accese intemerate ma davvero c'è un problema legato alla sciagurata trasmissione di Radio24 e cosa c'entra la filosofia primo libro in Italia a lanciarsi in una vera e propria fenomenologia del gesto zanzaresco filosofia de la Zanzara affronta il problema del rapporto tra ragione e sragione nell'età contemporanea facendo dialogare personaggi del calibro di Platone Foucault Nietzsche Freud e Derrida con Mauro da Mantova il demone scimmia il dottor Petrella Mistress Isa e Lady Glamhell con un capitolo interamente dedicato a Vittorio Sgarbi using Italian vocabulary provides the student of Italian with an in depth structured approach to the learning of vocabulary it can be used for intermediate and advanced undergraduate courses or as a supplementary manual at all levels including elementary level to supplement the study of vocabulary the book is made up of twenty units covering topics that range from clothing and jewellery to politics and environmental issues with each unit consisting of words and phrases that have been organized thematically and according to levels so as to facilitate their acquisition the book will enable students to acquire a comprehensive control of both concrete and abstract vocabulary allowing them to carry out essential communicative and interactional tasks a practical topic based textbook that can be inserted into all types of course syllabi provides exercises and activities for classroom and self study answers are provided for a number of exercises this book places prostitution at the very centre of European history in the twentieth century with its wide geographical focus from Italy to the USSR via Sweden Germany occupied Czechoslovakia and Yugoslavia as well as the international stage of the United Nations this book encourages comparative perspectives which have the potential to question deconstruct and re-adjust distinctions between Western Eastern Northern and Southern European historical experiences this book moves beyond exploring state regulated prostitution which was the dominant approach to managing commercial sex across Europe in the nineteenth and early twentieth centuries state regulation combined police surveillance the registration of women selling sex or suspected of doing so and compulsory medical examinations for registered women as well as various restrictions on personal movement and freedom the nine chapters shift focus onto the decades after the abolition of state regulated prostitution well into the second half of the twentieth century to examine the ruptures and continuities in state administrative and policing practices following the end of widespread legal toleration the varied chronology extends the parameters of existing historiography and explores how states grappled to understand or impose control over the commercial sex industry following the far reaching social economic and political upheaval of the second world war the chapters in this book were originally published as a special issue of European Review of History expressions of hate are words or actions that are discriminatory hostile or violent to a person or group for racial sexual ideological ethnic or identity reasons such expressions contribute to an environment of prejudice and intolerance towards those who are targeted the spread of hate speech has been exacerbated by the growth of social media networks and dissemination strategies e.g. astroturfing are becoming increasingly complex although there has been an exponential increase in the study of hate speech in recent years most methods have focused on the English language limiting research of the phenomenon in other languages such as Spanish Italian and Portuguese it is crucial to understand the role played by digital media and journalism in the dissemination detection and control of hate speech from current digital scenarios news media and hate speech promotion in Mediterranean countries provides relevant theoretical frameworks and the latest empirical research findings about hate speech studies including into prejudice and intolerance covering topics such as detecting hate speech linguistic challenges and the taxonomy of hate speech this book is ideal for political decision makers third sector representatives journalists digital media professionals and researchers anecdotes savourees temoignages passionnes revelations intimes la vie de Lina dramaturge cineaste se dessine et son uvre vertigineux tourbillon de paradoxes confond les critiques attention ses propos sont crus son humour irresistible the encyclopedia of Italian literary studies is a two volume reference book containing
