The Hindu Weekly Review 1979 the motorcycle encyclopaedia is a complete and comprehensive reference work the book is designed in two major sections the first is a photo gallery of over 400 classic motorbikes alphabetically arranged by manufacturers with all their significant models covered in detail the second section lists every maker from the inception of motorcycling to the present day and includes rare photographs and design blueprints each manufacturer is profiled from abc to sundapp through giants of the industry like honda and extinct but fondly remembered producers like vincent and velocette

Popular Science 2000

F&S Index International Annual 2011-06-11 as singapore enters its 50th year of independence it is a time for introspection to look back at the successes and challenges of the past but is also a crucial time to consider what the future holds for the nation singapore 2065 leading insights on economy and environment from 50 singapore icons and beyond is one such key contribution to the endeavour of thinking about what lies ahead while many forthcoming projects and books

take a more retrospective approach reflecting upon singapore's past this book adopts a forward looking perspective contemplating singapore's distant future which is important for posterity this book is a collection of key insights from 50 iconic individuals of singapore and beyond and contains reasoned arguments speculations and visionary expectations of singapore's future in 50 years time the book discusses the distant future of singapore's economy and the environment what will singapore's economic and environment landscape be like 50 years from now are there trends or scenarios common to the various discussions contained in this book if there are how big would be the impact of some of these trends what and how should the government respond to these projections expectations and informed visions of tomorrow in sum what would singapore's economy and environment be like in 2065 the book explores a range of possible answers to these questions and more not only will the generations of today be able to gain much insight into singapore's future by reading this book but future generations specifically 100 years after singapore's independence will be able to understand and affirm what and how today's generations think about their time the book is a key contribution to envisioning singapore's future which is also vital for understanding what shapes singapore's landscape today contents readership educational institutions of higher levels research institutions various professional

societies the singapore government and ministries foreign governments and general readers who are interested in finding out more about what leaders in singapore envision for singapore s future key features contains contributed essays by very prominent singapore icons and edited by a leading and influential academic economist contains futuristic leading insights and predictions novel ideas covering a wide range of topics timely publication to coincide with and celebrate singapore s 50th anniversary of independence keywords singapore s future economy environment transportation quality of life energy demographics aging social security income inequality family technology public finance finance taxes gender and women trade geopolitical and political economy infrastructure resources connectivity asean china

seareview a stunning collection of perspectives across the spectrum singapore 2065 presents a compelling look into the future through a series of thought provoking insights this volume also celebrates the country s exceptional success retelling the invaluable stories and anecdotes that have paved singapore s tremendous journey over the last 50 years as singapore continues to chart into the next half century singapore 2065 leaves plenty to ponder and will remain a valuable repository of knowledge for many years to come bertil andersson president nanyang technological university singapore 2065 has brought together a diverse and intriguing range of ideas and insights from a rich cross

section of contributors policy makers researchers close observers of singapore student leaders and others these essays reflect on singapore s remarkable progress and development over the past half century and explore the opportunities and challenges that lie ahead over the next 50 years the world will continue to be an uncertain place offering exciting opportunities but subject to bouts of deep uncertainty and disruptive events and trends ultimately singapore s continued success over the next 50 years will depend less on our material resources but on our people and specifically our key attributes of nimbleness adaptability creativity resilience and the willingness to strive for a common purpose tan chorh chuan president national university of singapore singapore s success came in large part from its continuous efforts to anticipate what changes are likely not often looking as far as ahead as 50 years ahead but certainly not afraid to try here are 50 minds stretching forward into the 21st century confirming that the city state s spirit lives on i am confident that our environment will have a better future thanks to the projections in this volume everyone who cares should read and think about them wang gungwu chairman east asian institute national university of singapore there are few issues that are more important than the economy and the environment in the 21st century for any country they are especially important to singapore given its size and open economy as the nation celebrates its 50th birthday justifiably proud of its

achievement it is also timely to contemplate what the future might hold and what we need to do to ensure continued success as a nation in Singapore 2065 you will find food for thought what is of particular interest is that the deeply thoughtful essays collected in this volume crisscross at different points and also raise a number of fundamental issues concerning value and identity that are inextricably tied to Singapore's future development this book certainly provides keen insight into the economic and environmental challenges we face but it also compels us to reflect on the larger story of *Majalah Singapura* as we march into the future alan k l chan dean college of humanities arts social sciences nanyang technological university
