sheet music features an arrangement for piano and voice with guitar chord frames with
the melody presented in the right hand of the piano part as well as in the vocal line the
sound of the choir of king s college cambridge its voices perfectly blended its emotions
restrained its impact sublime has become famous all over the world and for many the
distillation of a particular kind of englishness this is especially so at christmas time with
the broadcast of the festival of nine lessons and carols whose centenary is celebrated this
year how did this small band of men and boys in a famous fenland town in england come
to sing in the extraordinary way they did in the twentieth and early twenty first centuries
it has been widely assumed that the king s style essentially continues an english choral
tradition inherited directly from the middle ages in this original and illuminating book
timothy day shows that this could hardly be further from the truth until the 1930s the
singing at king s was full of high victorian emotionalism like that at many other english
choral foundations well into the twentieth century the choir s modern sound was brought
about by two intertwined revolutions one social and one musical from 1928 singing with
the trebles in place of the old lay clerks the choir was fully made up of choral scholars
college men reading for a degree under two exceptional directors of music boris ord from
1929 and david willcocks from 1958 the style was transformed and the choir broadcast
and recorded until it became the epitome of english choral singing setting the benchmark
for all other choral foundations either to imitate or to react against its style has now been
taken over and adapted by classical performers who sing both sacred and secular music in

secular settings all over the world with a precision inspired by the king s tradition i saw eternity the other night investigates the timbres of voices the enunciation of words the use of vibrato but the singing of all human beings in whatever style always reflects in profound and subtle ways their preoccupations and attitudes to life these are the underlying themes explored by this book today s musical theatre world rocks now that rock n roll music and its offshoots including pop hard rock rap r b funk folk and world pop music are the standard language of musical theatre theatre singers need a source of information on these styles their origins and their performance practices rock in the musical theatre a guide for singers fills this need today s musical theatre training programs are now including rock music in their coursework and rock songs and musicals in their repertoires this is a text for those trainees courses and productions it will also be of great value to working professionals teachers music directors and coaches less familiar with rock styles or who want to improve their rock related skills the author an experienced music director vocal coach and university professor and an acknowledged expert on rock music in the theatre examines the many aspects of performing rock music in the theatre and offers practical advice through a combination of aesthetic and theoretical study extensive discussions of musical vocal and acting techniques and chronicles of coaching sessions the book also includes advice from working actors casting directors and music directors who specialize in rock music for the stage strum it guitar seminal singer songwriter carole king cut her teeth in the famously fertile brill building scoring huge hits for a wide variety of artists this excellent collection in our strum it series features 20 of her best songs in their original keys complete with chords strum patterns melody and lyrics includes i feel the earth move it s too late jazzman you make me feel like a natural woman nightingale only love is real out in the cold really rosy smackwater jack so far away sweet seasons tapestry where you lead will you love me tomorrow will you still love me tomorrow you ve got a friend and more vocal selections our deluxe songbook features piano vocal arrangements of 14 songs by elton john and tim rice from this beloved tony winning musical be prepared can you feel the love tonight chow down circle of life endless night hakuna matata he lives in you reprise i just can t wait to be king king of pride rock the madness of king scar the morning report nants ingyama shadowland they live in you includes a special section of fantastic full color photos from the broadway production vocal collection all duets here are male female combinations contents bess you is my woman porgy and bess i have dreamed the king and i i loves you porgy porgy and bess it never was you knickerbocker holiday make believe show boat a man and a woman 110 in the shade my heart is so full of you the most happy fella people will say we re in love oklahoma salzburg bells are ringing strange music kismet the touch of your hand the cat and the fiddle too many mornings follies we kiss in a shadow the king and i we ll go away together street scene what you want wid bess porgy and bess when the children are asleep carousel will you remember
