[Seven Virginians](#) 2023 seven virginians the culmination of a lifetime of erudition by one of america s leading historians reveals the integral role played by seven major virginians before during and after the american revolution george washington thomas jefferson james madison james monroe george mason patrick henry and john marshall most accounts of the founding generation focus only on the activities of the big three washington jefferson and madison but boles incorporates the key contributions of these other four important figures to the political and legal structures that

govern the united states to this day at the same time boles is clear eyed about the revolutionary generation s problems and their fading from the scene inaugurating the beginnings of virginia s political decline in the early nineteenth century in so doing boles provides the crucial virginian piece to the ongoing reevaluation of the united states founding moment
