Brainsteering

a leadership and career manifesto told through the narrative of one of today's most inspiring admired and successful global leaders in winners dream bill mcdermott the ceo of the world's largest business software company sap chronicles how relentless optimism hard work and disciplined execution embolden people and equip organizations to achieve audacious goals growing up in working class long island a sixteen year old bill traded three hourly wage jobs to buy a small deli which he ran by instinctively applying ideas that would be the seeds for his future success after paying for and graduating college bill talked his way into a job selling copiers door to door for xerox where he went on to rank number one in every sales position he held and eventually became the company's youngest ever corporate officer eventually bill left xerox and in 2002 became the

unlikely president of sap's flailing american business unit there he injected enthusiasm and accountability into the demoralized culture by scaling his deli sales and management strategies in 2010 bill was named co ceo and in may 2014 became sap's sole and first non european ceo colorful and fast paced bill's anecdotes contain effective takeaways gutsy career moves empathetic sales strategies incentives that yield exceptional team performance and proof of the competitive advantages of optimism and hard work at the heart of bill's story is a blueprint for success and the knowledge that the real dream is the journey not a preconceived destination retells the greek myth in which persephone must spend six months out of every year below the earth in hades in this updated edition cathy vatterott examines the role homework has played in the culture of schooling over the years how such factors as family life the media and homework gap issues based on shifting demographics have affected the homework controversy and what recent research as well as common sense tell us about the effects of homework on student learning she also explores how the current homework debate has been reshaped by forces including the common core a pervasive media and technology presence the mass hysteria of achievement culture and the increasing shift to standards based and formative assessment the best way to address the homework controversy is not to eliminate homework instead the author urges educators to replace the old paradigm characterized by long standing cultural beliefs moralistic views and behaviorist philosophy with a new paradigm based on the following elements designing high quality homework tasks differentiating homework tasks deemphasizing grading of homework improving homework completion and implementing homework support programs numerous examples from teachers and schools illustrate the new paradigm in action and readers will find useful new tools to start them

on their own journey the end product is homework that works for all students at all levels mimi and her three legged dog maty are determined to help rescue any animal that needs help armed with their trusty animal rescue notebook mimi and maty set out to find their beloved sheep sadie who has gone missing at aunt bee s farm mimi keeps track of all of the clues she and maty find during their search for sadie along with their friends henry and finn maty s puppy crush this dynamic team of animal rescuers race against time to find sadie before has her baby but will they find sadie in time or will mimi s nemesis icky vicky get in the way inspired by real life mimi ausland founder of freekibble com and her special three legged dog maty this is the exciting and much anticipated second book in the mimi and maty series the recipient of the 2013 bookies bravo award given to books with positive impact by milk bookies mimi s dedication to helping animals and her meticulous detective skills are sure to inspire young animal lovers and budding private eyes of all ages second grade through fourth grade readers are the primary target audience for the book though it s a story that the advanced early elementary student will be excited to sit through and listen to picking out words they are learning parents will love the important lessons inside including following through on goals being an individual and helping others there is a strong message of animal advocacy and pet rescue throughout which reflects the mission of freekibble com mimi ausland s nonprofit company those who loved the first book in the series will be sure to enjoy the second installment of mimi and maty s adventures rescuing animals and solving mysteries sky pony press with our good books racehorse and arcade imprints is proud to publish a broad range of books for young readers picture books for small children chapter books books for middle grade readers and novels for young adults our list includes bestsellers for children who love to play minecraft stories told with lego bricks books that teach lessons about tolerance patience and the environment and much more while not every title we publish becomes a new york times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose

work might not otherwise find a home isbn 0944850022 lccn 87072980 listening is harder than it looks but it s the difference between business success and failure nothing causes bad decisions in organizations as often as poor listening but bernard ferrari adviser to some of the nation s most influential executives believes that such missteps can be avoided and that the skills and habits of good listening can be developed and mastered he offers a step by step process that will help readers become active listeners able to shape and focus any conversation ferrari reveals how to turn a tin ear into a platinum ear his practical insights include good listening is hard work not a passive activity good listening means asking questions challenging all assumptions and understanding the context of every interaction good listening results in a new clarity of focus greater efficiency and an increased likelihood of making better decisions good listening can be the difference between a long career and a short one this title takes an in depth look at the history development and state of architectural and societal success of cities including london rome berlin paris and mexico city truly nutty ideas never die they just lie in wait to come back when you least expect it exactly twenty years ago those two wacky books of nasal disguises nose masks i and nose masks ii appeared and america seemed to inhale them there were nose mask parties celebrities wearing nose masks nose masks in parades today like the beetle the yo yo and aviator shades they re back return of the nose masks is wackiness for a whole new generation of grown ups children and grown ups with an inner child created by the original nose mask auteur rick meyerowitz here are 150 original costumes for the nose printed in four color and perforated there is the fat cat coool cat and cocktail cat lawrence and lenore of arabia the velvet frog nefertootsie and the tut mask the three freedoms freedom to sing freedom to dance freedom to shop holiday nose masks underwater nose masks career noses masks modern art nose masks there are little square nose masks and big vertical nose masks mustache nose masks nose ring nose masks and the big tongue page even the buddha for that mood of spiritual longing the nose masks come with instructions for any size nose on any age

face the fit is snug and the look is just right ships in time for halloween as the digital economy changes the rules of the game for enterprises the role of software and it architects is also transforming rather than focus on technical decisions alone architects and senior technologists need to combine organizational and technical knowledge to effect change in their company s structure and processes to accomplish that they need to connect the it engine room to the penthouse where the business strategy is defined in this guide author gregor hohpe shares real world advice and hard learned lessons from actual it transformations his anecdotes help architects senior developers and other it professionals prepare for a more complex but rewarding role in the enterprise this book is ideal for software architects and senior developers looking to shape the company s technology direction or assist in an organizational transformation enterprise architects and senior technologists searching for practical advice on how to navigate technical and organizational topics ctos and senior technical architects who are devising an it strategy that impacts the way the organization works it managers who want to learn what s worked and what hasn t in large scale transformation a humorous look at the corporate structure invites readers to explore their own creativity within the confines of the workplace which the author describes as the giant hairball ophelia von hairball v the world s 1 cat burglar is ready to make hiss tory with her latest and greatest heist in deanna kent s third book of this cat tastic middle grade series featuring black and white illustrations on almost every page by neil hooson ophelia and her inventor sidekick oscar f gold are deep in preparations for the biggest challenge the ffbi furry feline burglary institute has to offer the m e o w competition the fur and fin duo show up with the most valuable treasure they can find and ophelia s cousin pierre von rascal beats them to the punch with a priceless painting that puts their loot to shame but ophelia is certain the expensive artwork is an elaborate fake ophelia will need every pawful of her singular style winning wit and purr fect poise to prove pierre s nothing but a wannabe cheetah before he steals her prize adventure heists and teamwork abound in this fun witty

chapter book series brimming with cat tastic black and white illustrations including graphic novel style pages check out the whole snazzy cat capers series snazzy cat capers snazzy cat capers the fast and the furriest snazzy cat capers meow or never an imprint book fabulous funny and fin tastic fun mo o hara new york times bestselling author of my big fat zombie goldfish leading economists and policymakers consider what economic tools are most effective in reversing the rise in inequality economic inequality is the defining issue of our time in the united states the wealth share of the top 1 has risen from 25 in the late 1970s to around 40 today the percentage of children earning more than their parents has fallen from 90 in the 1940s to around 50 today in combating inequality leading economists many of them current or former policymakers bring good news we have the tools to reverse the rise in inequality in their discussions they consider which of these tools are the most effective at doing so magical mathematics reveals the secrets of amazing fun to perform card tricks and the profound mathematical ideas behind them that will astound even the most accomplished magician persi diaconis and ron graham provide easy step by step instructions for each trick explaining how to set up the effect and offering tips on what to say and do while performing it each card trick introduces a new mathematical idea and varying the tricks in turn takes readers to the very threshold of today s mathematical knowledge for example the gilbreath principle a fantastic effect where the cards remain in control despite being shuffled is found to share an intimate connection with the mandelbrot set other card tricks link to the mathematical secrets of combinatorics graph theory number theory topology the riemann hypothesis and even fermat s last theorem diaconis and graham are mathematicians as well as skilled performers with decades of professional experience between them in this book they share a wealth of conjuring lore including some closely guarded secrets of legendary magicians magical mathematics covers the mathematics of juggling and shows how the i ching connects to the history of probability and magic tricks both old and new it tells the stories and reveals the best tricks of the

eccentric and brilliant inventors of mathematical magic magical mathematics exposes old gambling secrets through the mathematics of shuffling cards explains the classic street gambling scam of three card monte traces the history of mathematical magic back to the thirteenth century and the oldest mathematical trick and much more being an effective city planner means being an effective leader you need to be prepared to convince people that good planning matters often a well written thoughtful and inclusive plan doesn't result in meaningful action because planners don't show leadership skills at some point some city planners become cynical and worn down wondering why no one listens to them but not doing the self reflection about how that could change leadership in planning explains how to get support for planning initiatives so they don't just fade from memory it will guide city planners to think less about organizational charts and more about being a respected voice within your organization both with staff and with your boss being a good communicator with people outside your organization and being able to understand how and when to push for good planning ideas to turn them into actions along the way case studies bring these concepts to the real world of municipal planning in addition past planning figures actions are explored to see what they did right and what mistakes they made football is fun let's play find all the basics in this lively guide the markings on a football field what football players wear the positions from quarterback to wide receiver the excitement of the kickoff the thrill of scoring a touchdown all these and more are included with a useful glossary at the end creativity is crucial to business success but too often even the most innovative organization quickly becomes a giant hairball a tangled impenetrable mass of rules traditions and systems all based on what worked in the past that exercises an inexorable pull into mediocrity gordon mckenzie worked at hallmark cards for thirty years many of which he spent inspiring his colleagues to slip the bonds of corporate normalcy and rise to orbit to a mode of dreaming daring and doing above and beyond the rubber stamp confines of the administrative mind set in his deeply funny book exuberantly illustrated in full color he shares the story of his

own professional evolution together with lessons on awakening and fostering creative genius originally self published and already a business cult classic this personally empowering and entertaining look at the intersection between human creativity and the bottom line is now widely available to bookstores it will be a must read for any manager looking for new ways to invigorate employees and any professional who wants to achieve his or her best most self expressive most creative and fulfilling work schaefer and fassel show how managers workers and organization members exhibit the classic symptoms of addiction denying and avoiding problems assuming that there is no other way of acting and manipulating events to maintain the status quo everyone agrees that what we do in schools should be based on what we know about how the brain learns until recently however we have had few clues to unlock the secrets of the brain now research from the neurosciences has greatly improved our understanding of the learning process and we have a much more solid foundation on which to base educational decisions in this completely revised and updated second edition patricia wolfe clarifies how we can effectively match teaching practice with brain functioning encompassing the most recent and relevant research and knowledge this edition also includes three entirely new chapters that examine brain development from birth through adolescence and identify the impact of exercise sleep nutrition and technology on the brain brain matters begins with a mini textbook on brain anatomy and physiology bringing the biology of the brain into context with teaching and learning wolfe describes how the brain encodes manipulates and stores information and she proposes implications that recent research has for practice why meaning is essential for attention how emotion can enhance or impede learning and how different types of rehearsal are necessary for different types of learning finally wolfe introduces and examines practical classroom applications and brain compatible teaching strategies that take advantage of simulations projects problem based learning graphic organizers music active engagement and mnemonics these strategies are accompanied by actual classroom scenarios spanning the content areas and grade levels from lower elementary to

high school mdshtat help teachers connect theory with practice here are 51 easy to use classroom tested alternatives to the stand and deliver teaching techniques that cause so many students to tune out or drop out teachers report that these techniques motivate students to participate in learning as they build confidence and are supported by compelling and safe ways to demonstrate their knowledge and understanding of lessons refined through years of classroom experiences and supported by updated research this 2nd edition delivers a dozen new techniques to engage k 12 students in active learning the authors provide detailed descriptions of the total participation techniques tpts with step by step instructions plus reproducible blackline masters for student response cards as well as posters to remind you to use the techniques they also suggest how you can adapt and personalize the techniques to fit your context and content packed with examples from authentic classrooms total participation techniques is an essential toolkit for teachers who want to present lessons that are relevant engaging and cognitively challenging p ersida himmele and william himmele are professors who regularly work with preservice teachers and consult with educators in u s and international schools they are also the authors of total literacy techniques the next step in personal effectiveness by the acclaimed author of the accidental creative and die empty there has never been a better time to build an audience around your idea or product but with so many people and companies clamoring for attention it s also more challenging than ever to do work that deeply resonates with the marketplace and creates true and lasting impact according to todd henry the key to standing apart from the noise is to find your unique voice those who identify and develop their voices will gain more attention and wield more influence but first they have to identify what they truly stand for develop a compelling vision and become masters of expressing their ideas in whatever media they choose henry offers strategies exercises and true stories that illustrate the five attributes of resonant work authenticity uncover the narratives that are at the core of your personal and professional identity uniqueness identify what makes your work distinct from that of

others and learn to creatively package and present your message consonance cultivate internal consistency and harmony in your work empathy listen to your audience s aspirations and struggles to make your message more compelling timing learn how to coordinate your work with ideas that already have cultural momentum making your work speak is a life long process of trial error and realignment henry s book will help readers build a body of work that resonates deeply and achieves lasting impact twenty teacher tested lessons are presented with step by step instructions for presentation in 45 minute computer lab sessions the lessons cover word processing spreadsheets and presentations although the lessons cover specific subject matter teachers can modify them easily to fit their own curriculum needs the definitive guide to working with and surviving bullies creeps jerks tyrants tormentors despots backstabbers egomaniacs and all the other assholes who do their best to destroy you at work what an asshole how many times have you said that about someone at work you re not alone in this groundbreaking book stanford university professor robert i sutton builds on his acclaimed harvard business review article to show you the best ways to deal with assholes and why they can be so destructive to your company practical compassionate and in places downright funny this guide offers strategies on how to pinpoint and eliminate negative influences for good illuminating case histories from major organizations a self diagnostic test and a program to identify and keep your own inner jerk from coming out the no asshole rule is a new york times wall street journal usa today and business week bestseller look what the new yorker dragged in it s the purr fect gathering of talent celebrating our feline companions this bountiful collection beautifully illustrated in full color features articles fiction humor poems cartoons cover art drafts and drawings from the magazine s archives among the contributors are margaret atwood t coraghessan boyle roald dahl wolcott gibbs robert graves emily hahn ted hughes jamaica kincaid steven millhauser haruki murakami amy ozols robert pinsky jean rhys james thurber john updike sylvia townsend warner and e b white including a foreword by anthony lane this gorgeous keepsake will be a

treasured gift for all cat lovers praise for the big new yorker book of cats the book of cats comes a year after the big new yorker book of dogs a publishing slight that though it stings i ll forgive as the latest anthology was worth the wait two standout articles feature real life obsessives of ages past who reveal today s caturnet devotees with their gifs and tumblrs and hastily aggregated listicles for what they truly are amateurs eat your heart out cute overload the new york times book review a beautiful hardcover jenny mccarthy people this irresistible anthology of articles poems essays fiction cartoons and covers pulled from the new yorker is a veritable treasure trove for cat lovers just dive right in with stories from the likes of john updike maeve brennan roald dalhl and haruki murakami interwoven with hilariously wry cartoons one can t help but be enthralled a must have modern cat a shiny well fed tome the anthology embodies the cat s defining characteristic its cluster of opposites rolled together into a giant hairball of cultural attitudes something perhaps at once uncomfortably and assuringly reflective of our own chronically conflicted selves brain pickings this gorgeous book has earned a permanent spot on my coffee table it is an absolute joy to read and browse through and i know it will bring me hours and hours of pleasure for years to come and it makes a purr fect gift for the special cat lovers in your life the conscious cat a sumptuous volume the dallas morning news now even the smallest of fans can enjoy a book about their favorite sport rhyming riddles accompanied by colorful artwork help introduce the game s simplest most basic elements kaye and giulioni identify three broad types of conversations that have the power to motivate employees more deeply than any well intentioned development event or process to help with career development can a creative mind thrive in a corporate landscape can a business leader use creativity to guide teams more effectively from one of today s leading creative minds comes a book for modern rebels on building a rewarding life without losing your edge written for uncompromising creative thinkers and aspiring changemakers the art of creative rebellion encapsulates insights and wisdom collected over a life of creative and professional prosperity in

these frank and insightful reflections john s couch shares with young free thinkers the uncompromising principles needed to thrive in a world that seems to reward conformity above all the art of creative rebellion is a guide to shaping a life career and reality that nourishes the spirit and feeds the soul without compromises or apologies the biggest challenge facing many game programmers is completing their game most game projects fizzle out overwhelmed by the complexity of their own code game programming patterns tackles that exact problem based on years of experience in shipped aaa titles this book collects proven patterns to untangle and optimize your game organized as independent recipes so you can pick just the patterns you need you will learn how to write a robust game loop how to organize your entities using components and take advantage of the cpus cache to improve your performance you ll dive deep into how scripting engines encode behavior how quadrees and other spatial partitions optimize your engine and how other classic design patterns can be used in games the most comprehensive and easiest to use compilation of golf instruction ever assembled this new volume by the editors of golf magazine provides advice from the best professional players and teachers in easy to follow text and 500 lavish illustrations 450 in full color one thousand blank journals are currently circulating throughout the world beckoning contributors who find the journals by chance on trains in cafés and anonymously left on doorsteps artist someguy shares more than 250 of the best entries publisher description the coynes logical thinking exercises will help readers to maximize their ideation skills both by systematically exploring every possible nook and cranny of an issue to find new ideas and by systematically evaluating and honing the results publishers weekly from business strategists and brothers shawn and kevin coyne comes a breakthrough approach to developing better ideas brainsteering is a comprehensive research based tried and tested approach to the principal challenge in business and life how to consistently and effectively create powerful new ideas brainsteering offers a way out of fruitless brainstorming sessions in the tradition of the heath brothers made to stick and gordon

mackenzie's orbiting giant hairball the coyne's deliver the surest path to success for anyone looking to unlock the secrets of innovation ready to stand up and create positive change at work but reluctant to speak up true leadership doesn't always come from a position of power or authority by teaching you skills and providing practical advice this handbook shows you how to engage your coworkers and bosses and bring your ideas forward so that they are heard considered and acted upon authors carmen medina and lois kelly once rebels themselves reveal ways to navigate your workplace avoid common mistakes and traps and overcome the fears that may be holding you back you can achieve more success and less frustration help your organization do better work and most important find more meaning and joy in what you do creativity is crucial to business success but too often even the most innovative organization quickly becomes a giant hairball a tangled impenetrable mass of rules traditions and systems all based on what worked in the past that exercises an inexorable pull into mediocrity gordon mckenzie worked at hallmark cards for thirty years many of which he spent inspiring his colleagues to slip the bonds of corporate normalcy and rise to orbit to a mode of dreaming daring and doing above and beyond the rubber stamp confines of the administrative mind set in his deeply funny book exuberantly illustrated in full color he shares the story of his own professional evolution together with lessons on awakening and fostering creative genius originally self-published and already a business cult classic this personally empowering and entertaining look at the intersection between human creativity and the bottom line is now widely available to bookstores it will be a must read for any manager looking for new ways to invigorate employees and any professional who wants to achieve his or her best most self-expressive most creative and fulfilling work painting with watercolors gives you endless opportunities to create the world you want you choose whether to let the sun blaze or the rain pour to move a maple tree here or make the trail wind over there to subdue a hillside with quiet greens or make a forest glow with dazzling golds and reds it's not only a matter of what to paint but how to go about painting it this book

examines one at a time the three major elements of landscape painting water sky and land you will be encouraged to try numerous ways of painting each one then you can choose the methods that best express how the outdoors speaks to you let this reliable collection of tips techniques ideas and lessons be your companion on a sure path to creative fulfillment and better watercolor landscapes an 18th century poem about living a virtuous life and real satisfaction coming from contentment 4 8 yrs we are all creatures of habit and if you make good habits good habits will make you this wisdom has been around since ancient times aristotle once said we are what we repeatedly do excellence then is not an act but a habit whether they are a positive force in our lives or obstacles to the goals we want to achieve habits become ingrained through repeated actions habits die hard by john murphy unpacks 10 keys to help you replace your destructive habits with constructive habits in my opinion habits die hard is the most important book of the three books i ordered and received the reason that i put it first in importance is because in order for one to achieve any goals one sets and be successful in any area one must first examine his or her habits and find those that would hold one back from achieving the other two s rothstein of palm desert ca internet sensation grumpy cat's epic feline frown has inspired legions of devoted fans celebrating the grinch in everyone the grumpy cat book teaches the fine art of grumpiness and includes enough bad attitude to cast a dark cloud over the whole world featuring brand new as well as classic photos and including grump inspiring activities and games grumpy cat delivers unmatched hilarious grumpiness that puts any bad mood in perspective thousands of business books are published every year here are the best of the best after years of reading evaluating and selling business books jack covert and todd sattersten are among the most respected experts on the category now they have chosen and reviewed the one hundred best business titles of all time the ones that deliver the biggest payoff for today's busy readers the 100 best business books of all time puts each book in context so that readers can quickly find solutions to the problems they face such as how best to spend the first 90 days in a new job or

how to take their company from good to great many of the choices are surprising you'll find reviews of Moneyball and Orbiting the Giant Hairball but not Jack Welch's memoir at the end of each review Jack and Todd direct readers to other books both inside and outside the 100 best and sprinkled throughout are sidebars taking the reader beyond business books suggesting movies novels and even children's books that offer equally relevant insights this guide will appeal to anyone from entry level to CEO who wants to cut through the clutter and discover the brilliant books that are truly worth their investment of time and money
