**The Evolution of India's Northern Borders** 1971 illustrated by in depth empirical research from  
six country studies gendered electoral financing money power and representation in comparative  
perspective is the first cross regional examination of the nexus between money gender and political  
recruitment across the world money is assumingly one of the greatest barriers to women in the  
political recruitment process the financial disadvantage of women is expected to constitute an  
obstacle for women s entry into politics everywhere and especially in developing countries where  
women s socio economic status is disproportionately low relative to men s this line of reasoning has  
caused a global upswing in both candidate and party directed financial schemes introduced to  
enhance gender balance in political office this book develops a typology of different kinds of

gendered electoral financing schemes and builds theories about its causes and consequences by comparing how gendered electoral financing affects political recruitment processes in both established and emerging democracies the authors identify whether and how the funding mechanisms incentivize a shift in political behavior gendered electoral financing is a timely informative and well written book that does an excellent job of explaining in language accessible to students and researchers alike the cost of elections gender imbalance in political office and the effects of financial incentive mechanisms to increase women s representation in politics
